

SUSAN P. JOSLYN, SP 2007-SP-055

1. These conditions shall be recorded by the applicant among the land records of Fairfax County for this lot prior to the issuance of a building permit. A certified copy of the recordation shall be provided to the Zoning Permit Review Branch, Department of Planning and Zoning.
2. This special permit is approved for the location and size of the addition (328 square foot one story addition) as shown on the plat prepared by Patrick A. Eckert dated February 28, 2007, as revised through March 30, 2007, as submitted with this application and is not transferable to other land.
3. Pursuant to Paragraph 4 of Section 8-922 of the Zoning Ordinance, the resulting gross floor area of any addition(s) to the existing principal structure may be up to 150 percent of the total gross floor area of the dwelling (1,488 square feet) that existed at the time of the first expansion request regardless of whether such addition complies with the minimum yard requirement or is the subject of a subsequent yard reduction special permit or variance. Notwithstanding the definition of gross floor area as set forth in the Ordinance, the gross floor area of a single family dwelling for the purpose of this paragraph shall be deemed to include the floor area of any attached garage. Subsequent additions that meet minimum requirements shall be permitted without an amendment to this special permit.
4. Prior to approval of a building permit, an Administrative Reduction shall be obtained from the Department of Planning and Zoning for the dwelling to remain 19.9 feet from the southern side lot line. If this approval as is not granted, the dwelling shall be brought into conformance with the Zoning Ordinance requirements.
5. The addition shall be consistent with the architectural renderings and materials as shown on Attachment 1 to these conditions.

This approval, contingent upon the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards.

Pursuant to Sect.8-015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless construction has commenced and has been diligently prosecuted. The Board of Zoning Appeals may grant additional time to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested, and an explanation of why additional time is required.
