## STAFF REPORT

PCA 82-P-069-15, CDPA 82-P-069-3-1,  
FDPA 82-P-069-01-14 and FDPA 82-P-069-10-4

### SPRINGFIELD DISTRICT

**APPLICANT:** Fair Lakes Center Associates L.P.

**PRESENT ZONING:** PDC, WSPOD

**PARCELS:** PCA/CDPA: 55-2 ((1)) 6B, 8A1, 11A1, & 11B1  
FDPA 82-P-069-01-14: 55-2 ((1)) 6B, & 8A1  
FDPA 82-P-069-10-4: 55-2 ((1)) 11A1, & 11B1

**ACREAGE:** PCA/CDPA: 27.43 acres  
FDPA 82-P-069-01-14: 16.64 acres  
FDPA 82-P-069-10-4: 10.79 acres

**INTENSITY:** PCA/CDPA: 0.43 FAR for entire application area  
FDPA 82-P-069-01-14: 0.27 FAR  
FDPA 82-P-069-10-4: 0.68 FAR

**OPEN SPACE:** PCA/CDPA: 41% for entire application area  
FDPA 82-P-069-01-14: 65%  
FDPA 82-P-069-10-4: 39%

**PLAN MAP:** Fairfax Center Area: Office/Mix

**PROPOSAL:** Request to amend the proffers, the Conceptual Development Plan, and the Final Development Plan for a portion of Fair Lakes to permit the construction of 267,000 gross square feet of office development and to provide specific proffers related to the proposed office use in Land Bay V-A.

## **MODIFICATIONS/WAIVERS:**

Modification of the loading requirement in favor the loading spaces provided on the CDPA/FDPA.

## **STAFF RECOMMENDATIONS:**

Staff recommends approval of PCA 82-P-069-15, subject to the execution of proffers consistent with those contained in Appendix 1.

Staff recommends approval of CDPA 82-P-069-03-1.

Staff recommends approval of FDPA 82-P-069-01-14, subject to the Final Development Plan Amendment Conditions contained in Appendix 2

Staff recommends approval of FDPA 82-P-069-10-4, subject to the Final Development Plan Amendment Conditions contained in Appendix 3

It should be noted that it is not the intent of staff to recommend that the Planning Commission, in adopting any conditions proffered by the owner, relieve the applicant/owner from compliance with the provisions of any applicable ordinances, regulations, or adopted standards.

It should be further noted that the content of this report reflects the analysis and recommendation of staff; it does not reflect the position of the Planning Commission.

The approval of this rezoning does not interfere with, abrogate or annul any easement, covenants, or other agreements between parties, as they may apply to the property subject to this application.

For information, contact the Zoning Evaluation Division, Department of Planning and Zoning, 12055 Government Center Parkway, Suite 801, Fairfax, Virginia 22035-5505, (703) 324-1290.

Americans with Disabilities Act (ADA): Reasonable accommodation is available upon 7 days advance notice.  
For additional information on ADA call (703) 324-1334 or TTY 711 (Virginia Relay Center).

**A GLOSSARY OF TERMS FREQUENTLY  
USED IN STAFF REPORTS WILL BE  
FOUND AT THE BACK OF THIS REPORT**

**DESCRIPTION OF THE APPLICATION**

**Proposal:**

The applicant, Fair Lakes Center Associates, L.P., has submitted a series of twenty (20) applications for portions of Fair Lakes. In total, these applications propose an additional 1,492,000 square feet of mixed use development (comprised of office, retail, hotel and residential uses) on six sites throughout Fair Lakes, on a total of approximately 76.82 acres.

The applications which are specifically discussed in this Staff Report consist of four concurrent requests (**PCA 82-P-069-15** and **CDPA 82-P-069-03-1**, both filed on 55-2 ((1)) 6B, 8A1, 11A1, & 11B1, **FDPA 82-P-069-01-14** filed on 55-2 ((1)) 6B, & 8A1, and **FDPA 82-P-069-10-4** filed on 55-2 ((1)) 11A1, & 11B1) all comprising a 27.43 acre site in Land Bay V-A of Fair Lakes. The applicant is proposing to construct 267,000 square feet of office uses (to be comprised of either one or two separate buildings) in an L-shaped building footprint, in a portion of Land Bay V-A. Within this L-shaped building footprint, the applicant proposes a maximum building height of 125 feet (9-stories above grade, inclusive of structured parking). With either building option, a pedestrian plaza is provided to the north, connecting the proposed office development with two existing office buildings. These applications are more specifically described in the following section.

**PCA 82-P-069-15**

The applicant has filed a proffered condition amendment (PCA) for 27.43 acres of Fair Lakes. The applicant proposes to amend the current proffers to construct 267,000 gross square feet of office development and to provide specific proffers related to the proposed office use in Land Bay V-A (e.g. provision of transportation improvements, transportation demand management strategies, tree preservation, tree transplantation, trail improvements, a bus shelter, etc.). Copies of the draft proffers, affidavit, and statement of justification for PCA 82-P-069-15 are contained in Appendices 1, 4 and 7, respectively.

**CDPA 82-P-069-03-1**

The applicant requests to amend the Conceptual Development Plan (CDP) for a 27.43 acre portion of Land Bay V-A. (The Conceptual Development Plan Amendment is filed on the combined area of the FDPA 82-P-069-01-14 and FDPA 82-P-069-10-4.) Approval of the CDPA would permit additional office square footage within the land bay that was previously approved for office. Copies of the affidavit and statement of justification for CDPA 82-P-069-03-1 are contained in Appendices 4 and 7, respectively.

### **FDPA 82-P-069-01-14**

The applicant requests to amend FDPA 82-P 069-01-13 which was previously approved for Fair Lakes 1, an (existing) office development consisting of a 107,000 square foot, 4-story (40 foot tall) office building, located along the eastern portion of Tax Map Parcel 55-2((1)) 6B. Approval of FDPA 82-P-069-01-14 would permit the construction of approximately 85,440 square feet of the total proposed 267,000 gross square foot, maximum 9-story (125 foot tall) office building. No changes are proposed to the existing Fair Lakes 1 office building on the subject property. The proposed office development will be located in the surface parking lot which serves the existing office building. Displaced parking will be relocated to the parking structure beneath the proposed office development. Copies of the proposed Final Development Plan Amendment conditions, affidavit and statement of justification are contained in Appendices 2, 5 and 7, respectively.

### **FDPA 82-P-069-10-4**

The applicant requests to amend FDP 82-P 069-10-3, previously approved for four (existing) office buildings (Fair Lakes 3, 4, 5 and 7) in Land Bay V-A. The subject property for FDPA 82-P-069-10-4 includes the Fair Lakes 3 and Fair Lakes 4 office buildings, which are 4-stories in height and approximately 65,000 and 76,072 gross square feet, respectively; no changes are proposed to either of these buildings. Approval of FDPA 82-P-069-10-4 permits the construction of the remaining 181,560 square feet of the total proposed 267,000 gross square foot, maximum 9-story (125 foot tall) office building. The proposed office building will be located in the surface parking lot which serves the existing office buildings. Displaced parking will be relocated to the parking structure beneath the proposed office building. Copies of the proposed Final Development Plan Amendment conditions, affidavit and statement of justification are contained in Appendices 3, 6 and 7, respectively.

### **Waivers/Modifications Requested:**

The applicant requests a modification of the loading requirement in favor of the loading spaces provided on the CDPA/FDPA.

## **LOCATION AND CHARACTER**

### **Site Description:**

The approximately 660-acre Fair Lakes development is located in the Fairfax Center Area on the north side of Interstate 66, east of Stringfellow Road, west of West Ox Road and south of Route 50. A portion of the Fairfax County Parkway passes through the center of the development. Fair Lakes is planned for a mix of uses, with commercial development in the center and residential uses to the east

and northeast. The property which is the subject of this Staff Report is located north of Fair Lakes Circle, approximately 800 feet east of the intersection (underpass) with the Fairfax County Parkway. The site is currently developed with three existing office buildings which total 246,572 gross square feet of office use with associated surface parking facilities. Approximately 758 existing parking spaces are provided in the existing surface parking lots. One access point from Fair Lakes Circle is shown, but another access point is located to the east of the property, on the north side of Fair Lakes Circle.

**Surrounding Area Description:**

DIRECTION	USE	ZONING	PLAN
North	Office and Retail	PDC	Fairfax Center Area
South	Office, Retail and Hotel	PDC	Fairfax Center Area
West	Office	PDC	Fairfax Center Area
East	Office	PDC	Fairfax Center Area

**BACKGROUND**

The following is background information which relates to the Fair Lakes development. A map that diagrams the land bays within Fair Lakes and a complete zoning tabulation of Fair Lakes land bay uses (dated August 13, 2007) that was provided by the applicant, depicts the uses and square footage approved for the land bays to date (see Appendix 8). Cases listed in bold type are those which currently govern the subject site; copies of those which currently govern the site are contained in Appendices 9-11.

**Site History:**

\*Date of Planning Commission Approval

1. On April 2, 1984, the Board of Supervisors approved RZ 82-P-069 to rezone 620 acres to the PDC District for Fair Lakes to permit a maximum of 5,078,000 square feet of non-residential uses, a minimum of 1,321 dwelling units with a maximum FAR (floor area ratio) of 0.25. FDP 82-P-069-01 was approved by the Planning Commission for portions of Land Bays V-A and VI for offices and multi-family, including a 107,000 square foot office building and surface parking lot on Tax Map 55-2 ((1)) 6.
2. On July 10, 1986, the Planning Commission approved FDP 82-P-069-08 for a seven story 175,000 square foot office building, parking garage and surface parking (Tax Map 55-2 ((1)) 6A and 8) and FDPA 82-P-069-01-4 to permit a slight adjustment in the parking areas and the location of the access road.
3. On March 6, 1986, the Planning Commission approved the FDP in the eastern portion of Land Bay VI-B located on the north side of Fair Lakes Parkway, west of West Ox Road. The FDP depicts 282 multi-family dwelling units located within 17 buildings and associated community recreation facilities.

4. On July 24, 1986, the Planning Commission approved FDP 82-P-069-06 (Tax Maps 55-2 ((1)) 3B, 7A, 7B, 9A pt., 14A pt., 14B1, 14B2, 14B3, and 18). The development plan approved a maximum of 795,000 square feet consisting of two eight story office buildings at a maximum of 141,000 square feet each (located on the subject site for FDPA 82-P-069-06-8); one thirteen story hotel, a maximum of 220,000 square feet; two eight story office buildings at a maximum of 146,500 square feet each; and a health club at a maximum of 80,000 square feet.
5. On April 9, 1987, the Planning Commission approved FDP 82-P-069-11, concurrent with FDPA 82-P-069-06-1. The Planning Commission also approved FDPA 82-P-069-01-6 and FDPA 82-P-069-08-1. FDPA 82-P-069-11 (Tax Maps 55-2 ((1)) 9A pt. and 14A pt.) approved surface parking in an area that had not been previously approved for development. FDPA 82-P-069-06-1 (Tax Maps 55-2 ((1)) 3B, 9A pt. 14A pt. 14B1, 14B2 and 14B3) permitted one 266,000 square foot twelve-story office building (located on the subject site), two ten story office buildings at 154,500 square feet each, an 80,000 square foot health club and a day care center. FDPA 82-P-069-06-1 and FDPA 82-P-069-08-1 amended the development plans to permit additional principal and secondary uses to be located within the previously approved office buildings with no change to the approved buildings.
6. On December 10, 1987, the Planning Commission approved FDP 82-P-069-12 and FDPA 82-P-069-06-2. FDPA 82-P-069-06-2 revised the final development plan for a 17.48 acre portion of Land Bay V-B of the Fair Lakes Development. Two office buildings, a restaurant, a portion of a health club and a parking deck were approved. FDP 82-P-069-12 consists of 3.80 acres located immediately to the west of FDPA 82-P-069-6-2 (this was the first FDP for this land area.) A portion of the health club, surface parking and an open space buffer which includes 2 stormwater management facilities are depicted on this development plan.
7. On July 16, 1987, the Planning Commission approved FDPA 82-P-069-10 to develop three office buildings in Land Bay V-A (Fair Lakes 3, 4, and 5) with associated surface parking.
8. On July 20, 1987, the Board of Supervisors approved RZ 86-P-004, concurrent with PCA 82-P-069-03 and CDPA 82-P-069-03 to rezone 37.5 acres to the PDC District and incorporate the area into Fair Lakes to permit a maximum of 5,350,200 square feet of non-residential uses and a minimum of 1,457 dwelling units (the maximum 0.25 FAR was not modified).
9. On June 30, 1988 the Planning Commission approved FDPA 82-P-069-9-1 to modify the parking and landscape buffer in Land Bay VII-B.
10. On July 1, 1988, the Board of Supervisors approved RZ 86-P-089 concurrent with PCA 82-P-069-04 to rezone two acres to the PDC District, incorporate the area into Fair Lakes to permit a maximum of 5,364,820 square feet of non-residential uses and a minimum of 1,464 dwelling units; the maximum 0.25 FAR was not modified.
11. On September 28, 1988, the Planning Commission approved FDPA 82-P-069-06-3 (Tax Maps 55-2 ((1)) 7A, 7B and 9A pt.) for 12.82 acres to permit minor reconfigurations and increase of the hotel from 220,000 square feet to 228,830 square feet.
12. On October 2, 1989, the Board of Supervisors approved PCA 82-P-069-05 to reallocate 300,000 square feet of office uses to retail uses for Land Bay IV. FDP 82-P-069-13 impacted Land Bays IV-A, IV-B and IV-C by permitting the construction of a 750,000 sq. ft. shopping mall known as the "Galleria"; 5 office structures containing approximately 690,000 sq. ft.; 2 drive-through banks; and 1 automotive service center.

13. On October 18, 1989, the Planning Commission approved FDPA 82-P-069-11-1 (Tax Maps 55-2 ((1)) 9A pt. and 14A pt.) for 3.59 acres to modify the surface parking lot and FDPA 82-P-069-06-4 (Tax Maps 55-2 ((1)) 9A pt.) for 27.11 acres to permit one ten story, 262,000 square foot office building and two fourteen story office buildings at a maximum of 505,947 square feet (combined.)
14. On May 2, 1990, the Planning Commission approved FDPA 82-P-069-9-2 and FDPA 82-P-069-7-2 to expand the Retail Center by 5,000 square feet and permit the construction of a fast food Restaurant within the Center.
15. On December 5, 1990, the Planning Commission approved FDPA 82-P-069-13-1 concurrent with FDP 82-P-069-15 to permit 560 multi-family units on portions of Land Bays IV-C and IV-D.
16. On December 5, 1990, the Planning Commission approved FDPA 82-P-069-08-2 to permit a 4,000 square foot drive-in bank in lieu of existing parking spaces. The Planning Commission also approved FDPA 82-P-069-01-8 to modify the parking requirements for the office building to meet the requirements of the revised Zoning Ordinance.
17. On January 9, 1991, the Planning Commission approved FDPA 82-P-069-01-9 to incorporate an 8,000 sq. ft. child care center into the northern existing office building located in Land Bay VI-A, add a play area in the parking area to serve the child care center; modify the existing parking to reflect the new office parking standards; and to modify the loading area adjacent to the southern building.
18. On July 17, 1991, the Planning Commission approved FDPA 82-P-069-10-2 to modify parking requirements for Land Bay V-A (Parcels 11B and 11C) pursuant to Zoning Ordinance amendments.
19. On July 17, 1991, the Planning Commission approved FDPA 82-P-069-01-10 to permit an additional 60,000 square foot building in lieu of existing parking spaces. The Planning Commission also approved FDPA 82-P-069-08-3 to modify the parking lot; and no changes were proposed to the existing office and approved drive-in bank.
20. On October 28, 1991, the Board of Supervisors approved PCA 82-P-069-6 for Land Bays IV and V-B to increase retail uses by 200,000 square feet to a maximum of 1,100,000 square feet and decrease the minimum office uses by 504,820 square feet; however, the overall FAR for Fair Lakes was not modified. (The Planning Commission previously approved FDPA 82-P-069-013-02 for Land Bay IVB to reconfigure the layout and approve 737,000 square feet of retail uses.)
21. On April 29, 1992, the Planning Commission approved FDPA 82-P-069-13-3 which impacted Land Bay IV-A and the western 4.5 acre portion of Land Bay IV-B and resulted in the replacement of 424,000 sq. ft. of office uses with 259,500 sq. ft. of retail uses. The Planning Commission also approved FDPA 82-P-069-15-1 which impacted Land Bay IV-C by replacing total of 157 multifamily units were replaced with 111,000 sq. ft. of retail uses in two buildings.
22. On September 14, 1992, the Board of Supervisors approved SE 92-Y-006 to permit the establishment of a minimum of 4 fast food restaurants with one drive-through in a 16,000 sq. ft. building located on a 2.4 acre parcel of Land Bay IV-B of the Fair Lakes Retail Center. A revised plat was submitted shortly before the Planning Commission public hearing on which the amount of fast food uses increased from 8,000 to 13,000 sq. ft. (The advertising for the public hearing was for the originally submitted proposal of 8,000 sq. ft. rather than the revised proposal of 13,000 sq. ft., which invalidated the Board's approval of this application.)

23. On November 16, 1992, the Board of Supervisors approved SE 92-Y-038 to correct the advertising error in SE 92-Y-006.
24. On May 27, 1993, the Planning Commission approved FDPA 82-P-069-13-4 to amend the site layout for a 14.3 acre portion of Land Bay IV-B located on the southeast corner of the Fair Lakes Boulevard/Fair Lakes Parkway intersection; no change was made to the 115,000 sq. ft. of building area that was previously approved on this area.
25. On July 12, 1993, the Board of Supervisors approved SEA 92-Y-038 concurrent with FDPA 82-P-069-13-4 and amended SE 92-Y-038 to allow 2 freestanding fast food restaurants in Building 5 of the Fair Lakes Retail Center. The total square footage of the two restaurants was 10,000 sq. ft., with each restaurant containing a drive-through window.
26. On May 5, 1994, the Planning Commission approved FDPA 82-P-069-6-5, FDPA 82-P-069-11-2, FDPA 82-P-069-12-2, and FDPA 82-P-069-14-1 (Tax Maps 55-2 ((1)) 9A pt., 13, and 14A pt.) for 27.47 acres to modify the FDPs by eliminating the 40,000 square foot health club; adding a third office building; and increasing the total building area by 220,000 square feet. FDPA 82-P-069-11-2 approved the reconfiguration of a surface parking lot.
27. On July 12, 1995, the Board of Supervisors approved FDPA 82-P-069-9-4 (concurrent with FDPA 82-P-069-7-5 and SE 95-Y-016) to allow a freestanding drive-through restaurant on the site with retail shopping center, drive-in bank, service station/quick service food store and carwash.
28. On October 30, 1995, the Board of Supervisors approved PCA 82-P-069-08 and CDPA 82-P-069-6, which impacted Land Bay II (TRW site). These applications amended the accepted proffers and approved conceptual development plan to add an option to convert up to 607,215 sq. ft. of office uses to residential uses exclusive of affordable dwelling units and to convert 12,000 sq. ft. of office uses to eating establishments and fast food restaurant uses.
29. On October 10, 1996, the Planning Commission approved FDPA 82-P-069-013-05 for Land Bays IVA, IVB, and IVC to approve an 885,798 square foot retail center.
30. On May 28, 1997, the Planning Commission approved FDPA 82-P-069-013-06 and FDPA 82-P-069-15-5 for Land Bays IVA, IVB and IVC to reduce the square footage of the site from 885,798 square feet to 843,804 square feet and transferred 41,994 square feet of retail intensity to Land Bay VB-3 as part of FDPA 82-P-069-06-6 and FDPA 82-P-069-14-2.
31. On July 30, 1997, the Planning Commission approved FDPA 82-P-069-9-5 to expand a quick service food store and car wash.
32. On January 27, 1999, the Planning Commission amended FDP 82-P-069-5 for Land Bay VI-B of Fair Lakes to permit construction of an additional 32-unit multi-family building in the southwestern corner of the site.
33. On July 9, 2001, the Board of Supervisors approved PCA 82-P-069-11 (with the Planning Commission having previously approved FDPA 82-P-069-013-08.) The applications converted 50,000 square feet of hotel use to retail uses for a maximum of 1,150,000 square feet of retail uses within Fair Lakes.
34. On October 24, 2001, the Planning Commission approved FDPA 82-P-069-013-07 for a 6,000 square foot retail pad site within Land Bay IV-B.
35. On July 21, 2001, the Planning Commission approved an additional 160,000 square foot office building and a 4-story parking structure in a portion of Land Bay V-A.

36. On January 12, 2005, the Planning Commission approved FDPA 82-P-069-9-7 to amend a portion of FDP 82-P-069-9, previously approved for a retail shopping center, to permit building additions, an increase in parking, and site modifications to the Shops at Fair Lakes. This application also increased the gross floor area of the retail center by 3,350 square feet to a maximum of 18,874 gross square feet. The floor area of the retail center increased from 0.12 to 0.15.
37. On January 26, 2005, the Planning Commission approved FDPA 82-P-069-06-7 and FDPA 82-P-069-14-4 to remove a 200,000 square foot office building and four level parking deck and approved a 10,880 square foot retail pad site and an 11,500 square foot addition to an approved retail store. The approvals resulted in a reduction of intensity of 177,620 square feet. That office intensity is proposed to be used for office and residential development proposed by FDPA 82-P-069-06-8 and FDPA 82-P-069-11-03.
38. On February 3, 2005, the Planning Commission approved an amendment to the Final Development Plan (FDP) for retail (BJ's Wholesale Club) in Fair Lakes Center in Land Bay IV-B to permit the addition of an accessory service station with four pumps (eight pumping stations) and surface parking spaces.
39. On July 25, 2005, the Board of Supervisors approved CDPA 82-P-069-07, FDPA 82-P-069-06-08 and FDPA 82-P-069-11-03, concurrent with PCA 82-P-069-14, FDPA 82-P-069-01-13 and FDPA 82-P-069-08-04 to permit the addition of residential uses in Land Bay V-B; to amend the Final Development Plans to provide a 150,000 square foot multi-family building, 113,000 square foot office building and a four level parking garage; to amend the proffers for a portion of Fair Lakes to permit a reduction in the minimum office intensity and provide specific proffers related to the proposed residential uses in Land Bay V-B; and to amend the Final Development Plans to delete a previously approved but not constructed 60,000 square foot office building and 4,000 square foot drive-in bank and allow the existing surface parking to remain.
40. On October 4, 2006, the Planning Commission amended the previously approved FDP in Land Bay VI-B of Fair Lakes for multi-family development to permit a change in residential unit type to 13 townhouses.
41. On March 1, 2007, the Planning Commission approved a request to amend FDP 82-P-069-6 on 7.68 acres (Tax Map 55-2 ((1) 7A & 7B) to build a one story 7,500 square foot ballroom addition on the northeast side of the existing 13-story Hyatt building and to relocate the drop-off area from the east side to the north side of the existing hotel building.
42. On May 2, 2007, the Planning Commission approved a request to amend FDP 82-P-069-6, FDP 82-P-069-11, and FDPA 82-P-069-12 previously approved as an office development to permit an expansion of an existing parking structure, and the construction of an additional parking structure above an existing surface parking lot.

## **COMPREHENSIVE PLAN PROVISIONS (Appendix 12)**

In the Fairfax County Comprehensive Plan, 2007 Edition, Area III, Fairfax Center Area, as amended through September 25, 2006, Land Unit Recommendations, Land Unit H, pages 65-68, the Plan states:

“Sub units H1, H2

These sub units are planned for office mixed use. Office development that incorporates architectural excellence, preservation and enhancement of natural features, uniform signing, lighting and landscaping systems and quality roadway entry treatments are development elements that must be achieved to justify the overlay level.

The following options exist for development above the planned and approved .25 FAR overlay level. Densities and uses specified in these options are only appropriate for the sites described. These uses and densities are not to be transferred to other locations within the Fairfax Center Area.

As an option at the overlay level, Tax Map Parcels 55-2((1)) 6, 11A1 and 11B1 may be appropriate for up to 267,000 SF of office use, provided that the following conditions are met:

- Pedestrian connections are provided to the surrounding uses;
- Appropriate buffering and screening should be provided and impacts to existing buffer areas should be minimized. Any new development should minimize the loss of mature trees located in existing buffer areas along public roads;
- Development is well integrated with existing uses through pedestrian connections, landscaping, and amenities;
- High quality site and architectural design for buildings and parking structures is provided, including compatibility with adjacent buildings; and
- Provision of a centrally located, publicly accessible urban park or plaza with extensive landscaping.”

In addition, under the heading “Transportation” on page 67-68, the Plan states:

“Transportation improvements should be provided to mitigate the impact associated with development above the .25 FAR overlay level. The intersection of the Fairfax County Parkway and the Fair Lakes Parkway is above capacity, and a grade-separated interchange is planned and under design. Additional mitigation measures to facilitate construction of this interchange should be provided with new development above the .25 FAR overlay level. Any development should be coordinated with the Fairfax County HOV Design Study.

Improved bus service may be needed to serve additional development. A safe and efficient pedestrian system should link the key areas in Fair Lakes to provide appropriate connections between office, retail, hotel and residential uses.”

**ANALYSIS**

**Combined CDPA 82-P-069-03-01/FDPA 82-P-069-01-14/FDPA 82-P-069-10-4 Conceptual/Final Development Plan Amendment (CDPA/FDPA) (Copy at front of staff report)**

Title of CDPA/FDPA: Fair Lakes Land Bay V-A Office  
 Prepared By: Dewberry & Davis LLC and Davis Carter Scott  
 Original and Revision Dates: The CDPA/FDPA consists of twelve sheets dated March 26, 2007 as revised through August 1, 2007.

Description of the Plan:

Sheet #	Description
Sheet 1	Cover Sheet, Sheet Index, Vicinity Map, General Notes
Sheet 2	Final Development Plan Overview, Limits of the FDPA applications, Angle of Bulk Plane Detail, Curve Table
Sheet 3	Primary Entry Condition - Shared Pedestrian Entrance and Lobby Plan Detail, Tabulations, Legend, Typical Tree with Structural Soil Detail
Sheet 4	Primary Entry Condition - Shared Pedestrian Entrance and Lobby Office Plaza Details, Landscape Plan, Site Furnishing Details
Sheet 5	Alternate Entry Condition - Separate Pedestrian Entrance and Lobby Plan Detail, Tabulations, Legend, Typical Tree with Structural Soil Detail
Sheet 6	Alternate Entry Condition - Separate Pedestrian Entrance and Lobby Office Plaza Details, Landscape Plan, Site Furnishing Details
Sheet 7	Architectural Perspectives, Elevations, and Massing Models
Sheet 8	Stormwater Drainage Computations - Pre/Post Development, Outfall Descriptions
Sheet 9	Stormwater Management Narrative and Water Quality Requirements, and Cross-sections
Sheet 10	Stormwater Drainage Divides and Transportation Improvement Diagram
Sheet 11	Conceptual Development Plan Amendment Key Map
Sheet 12	Fair Lakes Applications Key Map

### ***Site Layout***

The proposed L-shaped office building footprint is depicted in the center of an existing office development in Fair Lakes Land Bay V-A. A pedestrian plaza is provided to the north of the proposed building footprint which connects the proposed office development with the two existing office buildings (Fair Lakes 1 and Fair Lakes 7) in Land Bay V-A. Within the proposed building footprint, the CDPA/FDPA depicts an office with a maximum building height of 125 feet with 9-stories above grade (inclusive of structured parking). The applicant has proffered to this maximum height and maximum number of stories above grade and seeks flexibility in building design to allow the construction of either one, or two separate office buildings. In either case, the applicant has proffered to construct a maximum of 267,000 gross square feet of floor area, to limit the office development within the proposed L-shaped building footprint and to maintain a difference in height between office buildings of no greater than four (4) floors.

Sheets 3 through 6 of the CDPA/FDPA depict two different building designs within the proposed L-shaped building footprint. The first design (shown on Sheets 3 and 4) consists of two maximum 9-story buildings above grade (maximum 125 feet in height) including structured parking with one shared pedestrian entrance and lobby. The second design (shown on Sheets 5 and 6) consists of two maximum 9-story buildings above grade (maximum 125 feet in height) including structured parking, with two separate entrances for each building. These designs result in minor differences in the connections to the proposed pedestrian plaza located to the north, but do not impact the overall function of the plaza. A conceptual elevation of the office development is depicted on Sheet 7 of the CDPA/FDPA. The parking structure located between the two proposed buildings will be limited to 4-stories above grade (maximum 45 feet in height). The applicant has proffered to an architectural design that is in substantial conformance with the elevations shown on Sheet 7 of the CDPA/FDPA and to use building materials compatible with the existing office buildings in Land Bay V-A.

### ***Roads and Access***

The site has two existing access points from Fair Lakes Circle; no new roads are proposed. One access point from Fair Lakes Circle is shown on the CDPA/FDPA property, but another access point is located to the east of the subject property on the north side of Fair Lakes Circle. In addition, an inter-parcel connection is proposed between Tax Map Parcels 55-2((1)) 11A1 and 55-2((1)) 8A2 (the east side of the subject property) to provide access to the proposed parking structure and to facilitate vehicular flow through Land Bay V-A.

### ***Parking***

The applicant proposes a new office development in place of an existing landscaped island located between two existing surface parking lots serving the

Fair Lakes 1 and Fair Lakes 3 office buildings. This proposal will displace approximately 267 existing surface parking spaces and relocate these spaces within the proposed parking structure below the office building(s). The Zoning Ordinance requires 1,453 parking spaces on the site and the applicant proposes to provide 1,749 total spaces, which include 667 surface parking and 1082 structured parking spaces. Two access points are provided to the proposed parking structure (from the northwest and southeast sides of the structure).

### ***Pedestrian Access***

Pedestrian access to the proposed office development is provided through a series of existing and proposed trails. The site is accessed from the south through an existing 8-foot wide asphalt trail that borders the southern property line along Fair Lakes Circle and connects to two existing 4-foot wide asphalt trails located along the two main vehicular driveways to the site. From the north, 4-foot wide trails are proposed to be constructed along the west side of the property line (north of the proposed office building footprint) that will connect to an existing 4-foot wide trail along the northern property boundary line. The applicant has proffered to construct the trails depicted on the CDPA/FDPA to the County's Public Facilities Manual (PFM) standards as approved by the Department of Public Works and Environmental Services (DPWES). Trails located within the public right of way and those depicted in the pedestrian plaza will also be subject to public access easements.

In addition, the applicant has proffered to provide off-site trail improvements on the southeast side of Fair Lakes Circle from the easternmost Fair Lakes Circle intersection with Fair Lakes Parkway, westerly for approximately 1,200 feet. This improvement will connect the proposed trails along the frontage of this application to other proposed trails along the frontage of the existing office building to the east. Crosswalk improvements are proposed at the intersection of Fair Lakes Circle and Roger Stover Drive and on Fair Lakes Circle, west of its intersection with Roger Stover Drive.

### ***Open Space & Landscaping***

A minimum of 15% percent open space is required for the site and 41% is provided. Four significant existing vegetation areas are depicted on the CDPA/FDPA and labeled "existing vegetation to be saved." The first area varies between 10 to 30 feet in width and is approximately 250 feet in length and located along the east side of the proposed office building footprint. The second area varies between 10 to 25 feet in width and is approximately 160 feet in length and is located just north of the first area, on the east side of vehicular driveway. The third area is 25 to 30 feet in width and approximately 200 feet in length and is located to the north of the proposed office building footprint, along the western property line.

The forth area is a significant area located along the entire northern property line, along Fairfax County Parkway. To ensure that these areas are preserved as much as possible, the applicant has proffered the following:

- a tree preservation plan as part of the first and all subsequent site plan submissions to ensure that these areas are preserved;
- a tree value determination by a professional arborist experienced in plant evaluation, a tree preservation walk-through with a UFM representative, among others, to determine where the limits of clearing and grading can be adjusted to augment the area of tree preservation and ameliorate the survivability of trees at the limits' edge; and
- tree protection fencing.

In addition, an existing American Chestnut tree is located in the proposed area of disturbance for the office development. The applicant has agreed to work with Urban Forest Management (UFM) to determine a suitable location for transplantation within Fair Lakes and to take the appropriate measures to transplant the tree.

Additional open space is provided in a 25,000 square foot pedestrian plaza located to the north of the proposed office development, between the existing Fair Lakes 1 and Fair Lakes 7 office buildings. The applicant has proffered to improve the plaza area as detailed on Sheet 4 and Sheet 6 of the CDDA/FDPA.

Except for the existing vegetation areas described above, the center of the subject property will be cleared and re-graded. This area has a significant number of existing mature trees. The applicant has provided landscaping to replace existing vegetation in areas to be cleared and has proffered to provide tree coverage and species diversity consistent with the PFM criteria as determined by UFM. The minimum caliper for the proposed deciduous trees will be (3) inches and evergreen trees will be at least 8 feet in height. For trees that are not planted within an 8-foot wide minimum planting area or that do not meet the minimum planting area required by the Public Facilities Manual (PFM), the applicant proffered to provide a minimum of 130 square feet of surface area of structural soil for Category 3 shade trees identified in the PFM.

### ***Proposed Dedicated Right-of-Way***

The CDDA/FDPA shows the Fairfax County Parkway and Fair Lakes Parkway future interchange improvement project area to the north of the subject property.

### ***Stormwater Management***

The 27.43 acre application property falls within the Cub Run watershed as well as within the County's Chesapeake Bay watershed. The stormwater management

(SWM) narrative on Sheet 9 of the CDPA/FDPA indicates that stormwater management for the site is accommodated by an existing wet pond (named Lake 1), which is located approximately 400 feet east of the subject property. According to the SWM narrative, this wet pond has adequate volume to meet the BMP requirements for the increased run off from the proposed development.

### **Land Use Analysis (Appendix 12)**

The application requests approval to permit the construction of 267,000 gross square feet of office development and to provide specific proffers related to the proposed office use in Land Bay V-A. The Comprehensive Plan includes an option for additional office development up to 267,000 square feet provided that the following conditions are met: 1) pedestrian connections are provided to the surrounding uses, 2) buffering and screening is provided with limited impacts to existing tree cover, 3) high quality design and architecture for buildings and parking structures is provided, (including compatibility with adjacent buildings) and 4) a publicly accessible park or plaza with extensive landscaping is provided. The applicant has proposed to construct the maximum allowable office area at this location. As required by the Plan for this option, the proposal includes a publicly accessible plaza area (approximately 25,000 square feet in area) with extensive landscaping. Pedestrian connections to the existing surrounding uses are provided as required by the Plan, and the use is adequately screened from the Fairfax County Parkway. The applicant has also provided conceptual drawings of the proposed architecture and elevations of the proposed office use at this location. Staff believes that the proposed development is generally consistent with the Land Use recommendations in the Comprehensive Plan for this site.

Staff is concerned that the CDPA/FDPA does not contain the level of detail usually provided for a P-District, especially in a design-oriented Plan area such as the Fairfax Center Area. The applicant proposed an L-shaped office building footprint in the center of an existing office development in the Fair Lakes Land Bay V-A. The CDPA/FDPA generally depicts the office development program in the proposed building footprint, with a maximum building height of 125 feet (9-stories above grade including structured parking). Details about the number of stories devoted to parking and office uses are not provided. Staff is concerned that the lack of detail may result in an office building not envisioned during review. In response to staff's concern, the applicant provided proffers that commit to a maximum height and maximum number of stories above grade, but reserve the right to construct either one, or two separate office buildings with alternative designs. The proffer commitments include a maximum of 267,000 gross square feet of floor area for the development; a limitation for office development within the proposed L-shaped building footprint; and a limitation that the height difference between the two office buildings will be no greater than four (4) floors. In addition, the proffers commit that the building materials will be compatible with those utilized in other office buildings in Land Bay V-A and may include, but not be limited to

glass, masonry, pre-cast concrete, EIFS, ground and/or split face CMU. Although this amount of flexibility is not normally encouraged in a PDC District, the applicant's proffers provide the minimum amount of detail needed to address staff's design concerns.

Fairfax Center Design Guidelines (Appendix 13)

In the Fairfax Center Area, a checklist tool assists in evaluating rezoning and proffered condition amendment applications for conformance with the design guidelines in the Comprehensive Plan. The checklist includes transportation, environmental, site design, land use and public facilities elements.

In order to justify development at the Overlay Level, these applications should satisfy all applicable basic elements; all major transportation elements; all essential elements; three-fourths of the applicable minor elements; and one-half of the applicable major elements. This application for 267,000 gross square feet of office development in Land Bay V-A is at the overlay level. Based on staff's analysis as found in Appendix 13, the application satisfies 100% of the applicable basic elements; 100% of the major transportation elements; 100% of the essential elements; 79% of the applicable minor elements; and 69% of the applicable major elements. In staff's opinion, these applications have satisfied the necessary elements to justify development at the overlay level.

**Environmental Analysis** (See Appendix 12)

Issue: Water Quality / LID techniques

Low Impact Development (LID) measures should be incorporated into the proposed development. While the existing facilities will meet stormwater management and Best Management Practices standards, staff feels that the request for additional density presents an opportunity to further enhance water quality with the addition of LID measures, such as filterstrips, porous pavement, or green roof areas. At this time, the applicant has proffered that, if the parking structure between the two office buildings is roofed, then a minimum of 1,500 sf of the roof surface will be landscaped; this treatment is not intended to function as a green roof. Staff has proposed a development condition to require the application to work with DPWES during site plan review to incorporate LID measures into the parking lots and site design where determined feasible.

Issue: Existing Tree Cover and Tree Preservation

An existing American Chestnut tree is located within the proposed area of disturbance for the office development. This tree specimen is very rare and may have survived through a recent Chestnut Blight. The applicant has proffered to transplant the healthy tree should Urban Forest Management (UFM) determine

that this tree is capable of survival once transplanted. The applicant will work with UFM to determine a suitable location for transplantation within Fair Lakes. In addition to the preservation of this tree, the applicant has proffered to make reasonable efforts to preserve other existing trees shown on the CDPA/FDPA. However, staff is concerned that these commitments may not preclude future development within these tree areas. The original development in Fair Lakes was rendered from a predominant forest type with the remaining areas consisting of upland hardwood forest species of maple, black tupelo, beech, dogwood, and America holly. To help ensure that these remaining trees are preserved in the future, staff has proposed a development condition to designate areas depicted on the CDPA/FDPA as "existing vegetation to be saved" as limits of clearing and grading which shall remain permanently undisturbed. Imposition of this condition will help to address staff's concern about the preservation of existing tree cover in the future.

### **Transportation Analysis (See Appendix 14)**

#### **Overview:**

Staff has reviewed this application for an additional 267,000 gross square feet of office development in Land Bay V-A, as well as the sixteen (16) other associated applications seeking approval for additional development in Fair Lakes. In total, all of these applications propose an additional 1,375,000 gross square feet of mixed use development (comprised of office, retail, hotel and residential uses) in Fair Lakes. Staff is concerned about the additional negative impact of the cumulative proposed development on the existing road network, which according to the applicant's own study, is already failing.

In an attempt to address the impact of the development resulting from these cases, as well as the associated Fair Lakes applications, the applicant has proffered to a number of improvements to the existing intersections throughout Fair Lakes, including:

- the intersection of Fair Lakes Circle/Fair Lakes Parkway/Fair Valley Drive
- the intersection of Fair Lakes Parkway/Fair Lakes Court
- The intersection of West Ox Road/Fair Lakes Parkway

The applicant has also proffered to do a number of off-site trail and crosswalk improvements in order to complete some "missing links" in the overall pedestrian network for Fair Lakes. While all of these improvements are desirable, they will have only a minimal effect at relieving the impacts of the additional trips generated by the proposed additional development.

The applicant's traffic study indicates that the additional uses proposed by all the applications will generate over 12,900 vehicle trips per day (after a 10%

office/residential reduction for synergy/transit and a 15% reduction for retail pass-by trips). The study also indicates that 78% of the office, 66% of the retail and 82% of the residential trips generated with the new development will access the site via the Fairfax County Parkway/Fair Lakes Parkway intersection. Based on the applicant's traffic counts, the new development would increase the existing pm peak hour intersection traffic by approximately 13.8%.

An interchange is presently under design, with plans completed to the 70% level. Construction funding is being identified, but a total cost for the interchange has not yet been determined. Based on plans engineered to date, the latest cost estimate is \$75 million dollars. Some additional right-of-way and easements will be needed, primarily to facilitate construction of sound walls, stormwater detention and trails. In addition to that needed from the currently pending applications, additional right-of-way and easements will be needed from various parcels previously rezoned as part of the overall Fair Lakes development (RZ 82-P-069). As such, it would be desirable for the applicant to provide dedication and easements as needed from all parcels associated with RZ 82-P-069, but at a minimum, from the twenty associated applications which are currently submitted for intensification (which includes the 27.43 acres that are the subject of this staff report).

This application and the other associated applications include specific Comprehensive Plan language for development above the 0.25 FAR overlay level in Fair Lakes. The Plan states:

"The intersection of the Fairfax County Parkway and the Fair Lakes Parkway is above capacity, and a grade-separated interchange is planned and under design. Additional mitigation measures to facilitate construction of this interchange should be provided with new development above the .25 FAR overlay level."

In order to address the above Plan language, staff believes that the applicant should commit to a monetary contribution to aid in construction of the interchange.

**Specific Transportation Concerns:**

With regard to this application for 267,000 gross square feet of office development in Land Bay V-A, staff identified the following issues:

***Issue: Easements and Right of Way Dedication***

As previously discussed, staff believes that the applicant should provide easements and right-of-way needed for construction of the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353; as engineered to date, the interchange plans identify the need for right-of-way/easements from this property.

***Resolution:***

The applicant's draft proffers have included a commitment to dedicate right-of-way as well as drainage and temporary construction easements for use in the interchange project; it is the applicant's intent that this commitment pertain to all properties controlled by the applicants in the Fair Lakes development, which staff believes is optimal. Although staff has some minor concerns with the wording of this proffer, the applicant has orally committed to working with staff to resolve these concerns, and staff believes this issue will be thoroughly addressed prior to the public hearing.

***Issue: Provision of a per square foot contribution towards the construction of the Fair Lakes Parkway/Fairfax County Parkway interchange, VDOT project 7100-029-353.***

***Resolution:***

The applicant has proffered to contribute one dollar (\$1.00) per square foot for the proposed additional office building to the Board of Supervisors to be utilized for the construction of the interchange. If the interchange project is fully funded prior to approval of the site plan for the office building, then the Board may use these funds for other Fairfax Center Area Road Fund projects. Staff believes that this issue has been addressed.

***Issue: Transportation Demand Management Plan (TDM Plan)***

The latest draft proffers include a TDM program, with a reduction of 10% in office and residential vehicle trips. A 10% reduction in trip generation was already assumed by the applicant for synergy between uses. Other suburban locations have committed to at least 20 percent. Given the size of the proposed development, and the increase in traffic to adjoining roadways, a greater reduction commitment is appropriate.

***Resolution:***

The applicant has not addressed this concern.

***Issue: Traffic Signal on Fair Lakes Circle (Proffer 17D)***

The applicant originally proffered to submit a traffic signal warrant study to VDOT for the intersection of Fair Lakes Circle and the internal access point for the Fair Lakes 4 office building located approximately 600 feet west of Roger Stover Drive. This commitment was for a traffic signal to be installed prior to issuance of a Non-RUP for this application. Staff believed that it might be more appropriate for installation of the traffic signal to occur at a later point in time and recommended

that the commitment timeframe be modified to allow for installation at any point to the time of build-out of the three applications with which the signal is proffered.

***Resolution:***

In response to staff's concerns, the applicant revised the proffer to clarify that the proposed warrant study will include the trip generation numbers for the three developments which are committing to this signal (PCA 82-P-069-15, PCA 82-P-069-16 and PCA 82-P-069-17). Staff and the applicant are continuing to work to refine the proffer language to address this concern.

***Issue: Construction of a travel aisle connecting the proposed office development with Fair Lakes Building 7, located to the west***

Staff believes that a connection between the parking lot immediately north of the proposed building and the parking lot immediately south of the existing office building to the immediate west (Fair Lakes 7) should be provided to ease internal travel and encourage trip reductions. As proposed, direct vehicular connections between the two parking lots will be precluded by a narrow landscaped area.

***Resolution:***

The applicant has stated that, although they can see the merit in this connection, the approved plans on the adjacent property do not depict the connection. This issue remains outstanding.

***Issue: Limitation of Cellar Space square footage***

The applicant has not identified any cellar space usage with this application, and no cellar space usage was included in the transportation analyses completed for Fair Lakes. It is not unusual for theatres, retail space such as health clubs, and some office space to be located below street level. As such, the applicant should commit that cellar space usage for retail or office space will not exceed ten percent of the total ground floor square footage for the development.

***Resolution:***

Staff has proposed development condition to address this concern.

***Issue: Transportation Improvements Exhibit***

As previously discussed, the applicant has proffered to provide additional turn lanes to improve vehicular movement in three internal intersections within Fair Lakes, which include: 1) the Fair Lakes Circle/ Fair Lakes Parkway and Fair Valley Drive intersection, 2) Fair Lakes Circle/ Fair Lakes Parkway and the Fair Lakes

Court intersection, and 3) West Ox Road and Fair Lakes Parkway. A graphic is provided on Sheet 10 of the CDPA/FDPA. Staff requested that a functional exhibit of the proposed transportation improvements be provided for clarification.

***Resolution:***

The applicant has provided drawings to address this concern (see Appendix 15). The exhibit should delineate all proposed improvements, and identify which are to be provided with each zoning amendment request. A standard size exhibit (to scale) is still necessary to fully address staff's request; the applicant has agreed to comply.

**Public Facilities Analyses**

**Fire and Rescue (Appendix 16)**

The application property is serviced by Fairfax County Fire and Rescue Department Station # 421, Fair Oaks, and currently meets fire protection guidelines.

**Fairfax Water (Appendix 17)**

The application property is served by Fairfax Water; adequate domestic service is available at the site from existing 8-inch, 12-inch and 16-inch water mains located at the property.

**Sanitary Sewer (Appendix 18)**

The application property is located within the Cub Run Watershed, and would be sewered into the UOSA Treatment Plant. There is an existing 8-inch line located in an easement on the property which is deemed adequate for the proposed use at this time.

**Stormwater Management (Appendix 19)**

The additional office development is proposing to provide stormwater management and best management practices through the existing Fair Lakes system. The adequacy of the system to serve the proposed use will be determined at the time of site plan review.

## **Fairfax County Park Authority (Appendix 20)**

### ***Issue: Contribution to off-set impacts of non-residential development***

Staff believes that the proposed 267,000 square feet of office development will impact recreational service and facilities. The Comprehensive Plan for the Fairfax Center Area calls for a combination of private and public funding to contribute towards new facilities to serve both workers and residents. Recent monetary contributions have averaged 27 cents per square foot in the suburban centers of the county.

### ***Resolution:***

The applicant has not addressed this request.

## **ZONING ORDINANCE PROVISIONS (See Appendix 21)**

### **Conformance with PDC District Regulations**

#### **Article 6**

Fair Lakes is currently zoned Planned Development Commercial (PDC) and the applicant proposes to amend the FDP to permit the construction of 267,000 gross square feet of office development and to provide specific proffers related to the proposed office use in Land Bay V-A under the existing zoning. Article 6 of the Zoning Ordinance sets forth the requirements regarding the principle and secondary uses permitted, use limitations, lot size requirements, bulk regulations and open space requirements. The district regulations are designed to ensure high quality standards in the layout, design and construction of commercial developments and to implement the stated purpose and intent of the Ordinance. Staff believes that these provisions are satisfied by the proposed office development.

#### **Article 16, Sects. 16-101 and 16-102**

*All planned developments must meet the general standards specified in Section 16-101 of the Zoning Ordinance.*

General Standard 1 requires substantial conformance with the Comprehensive Plan. The site is planned for office/mix and includes an option for additional office development up to 267,000 square feet, provided that several conditions are met. The applicant proposes to construct the maximum allowable office area at this location. As required by the Plan for this option, the proposal includes a publicly accessible plaza area (approximately 25,000 square feet in land area) with extensive landscaping. Pedestrian connections to the existing surrounding uses

and adequate screening to the Fairfax County Parkway are provided as required by the Plan. The applicant has also provided conceptual drawings for the proposed design and elevations of the office use at this location. The applicant has proffered to a maximum of 267,000 gross square feet of floor area for the development, a limitation for office development to be within the proposed L-shaped building footprint, and a limitation in the height difference between the two office buildings (if two buildings are constructed) to be no greater than four (4) floors. Staff believes that with proffer commitments, the proposed development is consistent with the Land Use recommendations in the Comprehensive Plan for this site.

General Standard 2 requires that the design of the proposed planned development result in a more efficient use of the land and in a higher quality site design than could be achieved in a conventional district. The original rezoning to the PDC District demonstrated that the development met the purpose and intent of the PDC District and in staff's opinion, the proposed development continues to comply with the purpose and intent of the PDC District.

General Standard 3 requires that the design of the proposed development protect and preserve the natural features on the site. The applicant has committed to preserving 15.02 acres (41%) of open space on the 27.43 acre site. A 25,000 square foot pedestrian plaza is proposed to be located to the north of the proposed office development and between the existing Fair Lakes 1 and Fair Lakes 7 office buildings. In staff's opinion, this standard has been met.

General Standard 4 requires that the proposed development prevent substantial injury to the use and value of the existing surrounding development. The majority of the surrounding properties are currently developed with office use. Staff believes that the proposed office development is compatible with these surrounding uses. The applicant has proffered to preserving existing trees and has proposed supplemental landscaping in areas that will be developed.

General Standard 5 requires that the planned development be located in an area where transportation, police, fire protection and other public facilities are available and adequate for the proposed use. In staff's opinion, this standard has been met.

General Standard 6 requires that the planned development coordinate linkages among internal facilities and services as well as connections to major external facilities. As previously discussed, no new roads are proposed. The site has two existing access points from Fair Lakes Circle. One access point from Fair Lakes Circle is shown on the CDPA/FDPA subject property but another access point is located to the east of the subject property on the north side of Fair Lakes Circle. In addition, an inter-parcel connection is proposed between Tax Map Parcels 55-2((1)) 11A1 and 55-2((1)) 8A2 (the east side of the subject property) to facilitate vehicular flow through Land Bay V-A. Pedestrian access to the proposed office development is provided through a series of existing and proposed trails. Trails

located within the public right of way and those depicted in the pedestrian plaza will be publicly accessible. In staff's opinion, this standard has been met.

*All planned developments must meet the design standards specified in Section 16-102 of the Zoning Ordinance.*

Par. 1 states that, at the peripheral lot lines, the bulk regulations and landscaping and screening for the proposed development should generally conform with the provisions of the most comparable conventional district. This application most closely resembles the C-4 District. The table below compares the proposed development to the requirements of the C-4 District.

<b>Bulk Standards (C-4)</b>		
<b>Standard</b>	<b>Required</b>	<b>Provided</b>
Front Yard	25° Angle of Bulk Plane (ABP), but not less than 40 feet (ABP = 58 feet for a 125 foot tall building)	> 100 feet
Rear Yard	20° ABP, but not less than 25 feet (ABP = 45 feet for 125 foot tall building)	> 100 feet
Building Height	120 feet subject to an increase permitted by the Board	125 feet
Open Space	15%	41%
FAR	1.65	0.43 (for this application area)

As illustrated in the Bulk Standards table, the proposed height is slightly greater than permitted in the C-4 District. However, Staff believes that, as part of entire Fair Lakes Land Bay V, the proposed office use is centrally located within Fair Lakes and is consistent with the immediately surrounding office uses in the land bay.

Par. 2 states that open space, parking, loading, sign and other similar regulations shall have application in all planned developments. The application includes 41% open space, which is in excess of the open space requirement of 15% for the PDC District. In addition, the office building requires 1,453 parking spaces. The applicant provided a total of 1,749 total spaces, which includes 667 surface spaces and 1,082 structured parking spaces. With the exception of a modification of the loading requirement described below, all other applicable Zoning Ordinance provisions have been satisfied.

Par. 3 states that street systems should be designed to generally conform to the provisions of the Zoning Ordinance and should offer convenient access to mass transportation, recreational amenities and pedestrian access. No new roads are proposed. Pedestrian access to the proposed office development is provided through a series of existing and proposed trails. Trails located within the public right of way and those depicted in the pedestrian plaza will also be subject to public access easements. This standard has been satisfied.

### **Waivers/Modifications:**

#### ***Modification of the loading requirement in favor of the loading spaces provided on the CDPA/FDPA***

The applicant proposes 267,000 gross square feet of additional office development in Land Bay V-A. Paragraph 14 of Section 11-203 of the Zoning Ordinance requires one (1) space for the first 10,000 square feet of gross floor area, plus one (1) space for each additional 20,000 square feet or major fraction thereof. Paragraph 15 of Section 11-202 of the Zoning Ordinance indicates that in no instance shall more than five (5) off-street loading spaces be required for a given use or building except as may be determined by the Director. The applicant proposes to provide 2 loading spaces for an office building design with one shared pedestrian entrance (shown on Sheet 2 through 4 on the CDPA/FDPA), and 4 loading spaces for the office building design with two separate pedestrian entrances (shown on Sheet 5 through 6). A modification of the loading space requirement was requested. The applicant believes that a minimum of 2 loading spaces are adequate for the proposed office use. Staff does not object to the waiver request.

### **Overlay District Requirements**

#### **Water Supply Protection (WSPOD) (Sect. 7-808)**

The Water Supply Protection Overlay District requires that developments provide water quality control measures designed to reduce by one-half the projected phosphorus runoff pollution for the proposed use. Both stormwater management and best management practices are proposed to be provided by the existing Fair Lakes system; the adequacy of these measures will be determined at the time of site plan review.

## **CONCLUSIONS AND RECOMMENDATIONS**

### **Staff Conclusions**

The applicant proposes to amend the previously approved zoning case on the application property to implement a Comprehensive Plan amendment, and add over 267,000 square feet of office use to Land Bay V-A of the Fair Lakes development. It is staff's evaluation that the proposed development is in conformance with the use and intensity recommendations of the Comprehensive Plan, with the design guidance of the Fairfax Center Area and with the applicable Zoning Ordinance requirements.

### **Staff Recommendations**

Staff recommends approval of PCA 82-P-069-15, subject to the execution of proffers consistent with those contained in Appendix 1.

Staff recommends approval of CDPA 82-P-069-03-1.

Staff recommends approval of FDPA 82-P-069-01-14, subject to the Final Development Plan Amendment Conditions contained in Appendix 2.

Staff recommends approval of FDPA 82-P-069-10-4, subject to the Final Development Plan Amendment Conditions contained in Appendix 3.

Staff recommends approval of a waiver of the required number of loading spaces in favor of that depicted on the CDPA/FDPA.

It should be noted that it is not the intent of staff to recommend that the Planning Commission, in adopting any conditions proffered by the owner, relieve the applicant/owner from compliance with the provisions of any applicable ordinances, regulations, or adopted standards.

The approval of this rezoning does not interfere with, abrogate or annul any easement, covenants, or other agreements between parties, as they may apply to the property subject to this application.

It should be further noted that the content of this report reflects the analysis and recommendations of staff; it does not reflect the position of the Planning Commission.

FAIR LAKES LAND BAY V-A (OFFICE)  
 PCA 82-P-069-15  
 PROFFER STATEMENT  
 JUNE 7, 2007  
 JULY 12, 2007  
 AUGUST 2, 2007  
 AUGUST 28, 2007  
 SEPTEMBER 7, 2007  
 SEPTEMBER 17, 2007  
SEPTEMBER 19, 2007

Pursuant to Section 15.2-2303A of the Code of Virginia, as amended, and subject to the Board of Supervisors approval of PCA 82-P-069-15, Fair Lakes Center Associates L.P. (the "Applicant") and the undersigned owners of the approximately 27.43 acres (known as Fairfax County Tax Map Parcels 55-2 ((1)) 6B, 8A1 pt., 11A1 and 11B1 and identified as a portion of Fair Lakes Land Bay V-A), included in this application (the "Property"), proffers for themselves and their successors and assigns that development of the Property shall be in conformance with the previous proffers approved by the Board of Supervisors in PCA 82-P-069-14 and dated April 14, 2005, which proffers shall remain in full force and effect except as qualified by and subject to the following terms and conditions. In the event this application is denied, these revised proffers shall immediately be null and void and the previous proffers dated April 14, 2005 shall remain in full force and effect.

1. **Paragraph 1 shall be revised to read as follows:**

**Substantial Conformity with Conceptual Development Plan Amendments.** The subject 27.43-acre PCA Application Property shall be developed in substantial conformance with the Conceptual Development Plan Amendment approved by the Board of Supervisors for the respective land bay, as further modified by all relevant Proffered Conditions for Fair Lakes, as follows: (i) CDPA 82-P-069-1 consisting of one sheet prepared by Dewberry & Davis as revised through July 12, 1984 and approved by the Board of Supervisors on September 24, 1984; (ii) CDPA 82-P-069-3 consisting of one sheet prepared by Dewberry & Davis, as revised through June 26, 1987 and approved by the Board of Supervisors on July 20, 1987; (iii) CDPA 82-P-069-7 consisting of four sheets of the combined CDPA/FDPA plan prepared by Dewberry & Davis and dated August 9, 2004, as revised through January 27, 2005 and approved by the Board of Supervisors on July 25, 2005; and (iv) pending CDPA 82-P-069-03-01 consisting of twelve (12) sheets of the combined CDPA/FDPA plan prepared by Dewberry & Davis and dated March 26, 2007, as revised through August 1, 2007.

2. **Paragraph 2 shall be revised to read as follows:**

**Allocation of Land Uses.** Allocation of land uses as provided in the text accompanying the Conceptual Development Plan Amendment is affirmed as follows: No more than 513,572 square feet of principal and secondary uses shall be constructed on the Property.

In no event shall the amount of principal and secondary uses for the entirety of Fair Lakes exceed 8,558,005 square feet. Non-residential uses shall not exceed 6,090,002 square feet. Principle and secondary uses in Land Bays IV-A, V-A, V-B, VI-A and VII-B as contained within the application area for the following applications: (i) PCA 82-P-069-15; (ii) PCA 82-P-069-16; (iii) PCA 82-P-069-17; (iv) PCA 82-P-069-18; (v) PCA 82-P-069-19; and (vi) PCA 82-P-069-20, shall not exceed 2,435,782 square feet. However, up to 945,877 square feet in Land Bay II may be converted from non-residential to residential uses exclusive of ADUs and up to 14,200 square feet may be converted to eating establishments/fast food restaurant/personal service establishment uses in Land Bay II. Residential units shall not be fewer than 1,464.

The specific uses to be provided in the first phase of development are depicted in FDPs submitted for Land Bays I-A, I-B, V-A, VI-A and VI-B. Land Bay II shall be approximately 120 acres, and shall be developed in 1,463,616 square feet of employment, residential and eating establishment/fast food restaurant uses specified in the CDPA for Land Bays II-A and II-B. The residential square footage in Land Bay II shall not exceed 945,877 square feet which shall be exclusive of the square footage for affordable dwelling units. In addition, the residential square footage in Land Bay II shall not be counted towards, i.e., shall be deemed in its entirety to be in excess of, the fifty (50) percent limitation for residential use in the Fair Lakes PDC District as specified in Par. 5 of Sect. 6-206 of the Zoning Ordinance as well as the 2:1 ratio of primary to residential uses recommended for office-mixed use areas in the Fairfax Center Area. Residential square footage located in the remainder of Fair Lakes may be developed in excess of the fifty (50) percent (based upon the principal, non-residential uses in all of Fair Lakes) limitation set forth in Paragraph 5 of Section 6-206 of the Zoning Ordinance, as modified by the Board of Supervisors in other PCA applications.

A mix of principal and secondary uses shall be distributed over the remainder of the site, with other retail, hotel and other residential uses to be located in Land Bays III, IV, V, VI and VII. The aggregate non-residential square footage shall not exceed 6,090,002 square feet, of which 200,000 to 855,000 square feet shall be allocated to hotel use, 200,000 to 1,295,000 square feet, exclusive of any eating establishment/fast food restaurant/personal service establishment uses in Land Bay II, to uses such as retail uses, accessory service uses, retail sales establishments, child care centers, eating establishments, financial institutions, health clubs, theaters, service stations, car washes and other principal and secondary PDC uses that are neither residential, hotel nor office/research in character, and 2,250,000 to 5,443,820 square feet to office, research and other non-retail uses. Specific uses shall be designated at the time the FDPs are submitted. For purposes of this proffer, the designation of a building as office or other employment use shall be construed to permit inclusion of fast food (e.g., delicatessen), financial institution, and other such accessory and personal service uses on the ground and/or first floor level of such building, it being understood that the details of any drive-through and/or child care uses must be the subject of final development plan or special exception approval.

3. **Paragraph 3 shall be revised to read as follows:**

**Final Development Plan Amendments.** Notwithstanding that CDPA 82-P-069-03-01 appears on the same development plan with FDPA 82-P-069-10-04/FDPA 82-P-069-01-14, consisting of twelve (12) sheets and described in Paragraph 1 above, it shall be understood that (i) said CDPA plan shall consist of the entire plan relative solely to points of access, general location of the proposed buildings, on-site vehicular circulation and common open space areas; and (ii) the Applicant has the option to request Final Development Plan Amendment ("FDPA") approvals from the Planning Commission in accordance with Section 16-402 of the Zoning Ordinance with respect to the remaining elements. The Applicant further retains the option to file partial Conceptual Development Plan Amendment(s) in the future.

4. **Paragraph 5 shall be revised to read as follows:**

**Architectural Design.** The architectural design of the office building shall be in substantial conformance with the general character of the elevations and perspectives shown on Sheet 7 of the CDPA/FDPA. The Applicant reserves the right to revise the elevations as a result of final architectural design, so long as the character and quality of design remains in substantial conformance with those shown. Building materials for the office building shall be compatible with the existing office buildings located within Land Bay V-A, as determined by DPWES. Building materials for the office building may include, but shall not be limited to the following materials: glass, masonry, pre-cast concrete, EIFS, ground and/or split face CMU. The above grade levels of parking shall be sheathed in a manner consistent with the façade treatment of the office building.

5. **Paragraph 11 shall be revised to read as follows:**

**Tree Preservation.** The Applicant shall submit a tree preservation plan as part of the first and all subsequent site plan submissions. The preservation plan shall be prepared by a professional with experience in the preparation of tree preservation plans, such as a certified arborist or landscape architect, and shall be subject to the review and approval of Urban Forest Management, DPWES ("UFM").

The tree preservation plan shall consist of a tree survey that includes the location, species, size, crown spread and condition rating percentage of all trees 10 inches in diameter and greater, and 20 feet to either side of the limits of clearing and grading shown on the CDPA/FDPA for the entire site. The tree preservation plan shall provide for the preservation of those areas shown for tree preservation, those areas outside of (protected by) the limits of clearing and grading shown on the CDPA/FDPA, and those additional areas in which trees can be preserved as a result of final engineering. The condition analysis ratings shall be prepared using methods outlined in the latest edition of the Guide for Plant Appraisal published by the International Society of Arboriculture. Specific tree preservation activities that will maximize the survivability of trees identified to be preserved, such as: crown pruning, root pruning, mulching, fertilization, and others as necessary, shall be included in the plan.

All trees shown to be preserved on the tree preservation plan shall be protected by tree protection fence which shall be erected at the limits of clearing and grading. Tree

protection fence shall consist of 14-gauge welded wire fencing, a minimum of four (4) feet in height, attached to steel posts driven eighteen (18) inches into the ground and spaced no farther than ten (10) feet apart. Other tree protection measures shall be employed to protect trees during construction, subject to the approval of UFM.

The Applicant shall conform to the limits of clearing and grading as shown on the CDPA/FDPA, subject to the installation of utilities and/or trails as determined necessary by the Director of DPWES. If it is determined necessary to install utilities and/or trails outside of the limits of clearing and grading as shown on the CDPA/FDPA, they shall be located in the least disruptive manner necessary as determined by UFM. A replanting plan shall be developed and implemented, subject to approval by UFM, for any areas outside the limits of clearing and grading that must be disturbed.

During any clearing or tree/vegetation/structure removal or transplantation of vegetation on the Application Property, a representative of the Applicant shall be present to monitor the process and ensure that the activities are conducted as proffered and as approved by UFM.

At the time of site plan approval for the office building depicted on the CDPA/FDPA, the Applicant shall post a bond as part of the typical site improvement bond to ensure preservation and/or replacement of the trees, for which a tree value has been determined in accordance with the tree preservation plan described above (the "Bonded Trees"), that die or are dying due to unauthorized construction activities. The bond shall be equal to 100% of the replacement value of the Bonded Trees. At any time prior to final bond release for the office building depicted on the CDPA/FDPA, should any Bonded Trees die, be removed, or are determined to be dying by UFM due to unauthorized construction activities, the Applicant shall replace such trees at its expense. The replacement trees shall be of equivalent species and canopy cover as approved by UFM.

6. **Paragraph 14 shall be revised to read as follows:**

**Trails.** Trails and sidewalks shall be provided in the locations depicted on the CDPA/FDPA and shall be constructed to PFM standards, subject to the approval of DPWES. Trails located outside of the public right-of-way and those providing access to the public plaza depicted on the CDPA/FDPA shall be subject to public access easements.

7. **Paragraph 15 shall be revised to read as follows:**

**Transportation Demand Management.** The Applicant shall implement a Transportation Demand Management ("TDM") program to reduce office employee vehicle trips during peak periods. Office employees shall be advised of all TDM strategies by the TDM Coordinator, as described below. TDM coordination duties shall be carried-out by a designated agent/employer or transportation management coordinator(s) (collectively "TDM Coordinator"). The TDM Coordinator position may be a part of other duties assigned to the individual(s). This TDM Program shall only

apply to the 267,000 square foot office building depicted on the CDPA/FDPA whose approval is subject to PCA 82-P-069-15.

- A. Components of the TDM Program: The TDM Program shall include the following components:
1. TDM Goal: The TDM program shall be implemented to reduce by ten percent (10%) (the "TDM Goal") the A.M. and P.M. weekday peak hour vehicular trips associated with the proposed office use, defined as the peak hour of travel between 6:00 A.M.-9:00 A.M. and 4:00 P.M.-7:00 P.M. respectively, derived from trip generation rates and/or equations applicable to office uses as set forth in the Institute of Transportation Engineers, Trip Generation, 7th Edition (Land Use Code 710-General Office Building).
  2. TDM Program: In order to meet the TDM Goal set forth in this Proffer, the Applicant shall implement this TDM Program, which may be amended, subject to approval of FCDOT, without the necessity of a PCA. Strategies shall include, but not limited to, the following initiatives that shall be implemented by the Applicant as the building is complete:
    - a) Within three (3) months following issuance of the initial non-RUP for the office building depicted on the CDPA/FDPA, the Applicant shall designate an individual to act as the TDM Coordinator for the Property whose responsibility shall be to implement the TDM Strategies, with on-going coordination with FCDOT, the Fair Lakes League and the Owner's Association(s). Upon designation of a TDM Coordinator, the contact information of the TDM Coordinator shall be provided to FCDOT within 10 days of such designation and updated within 10 days after changes occur in said designation;
    - b) Participation in the Fairfax County Ride Share Program and other trip reduction programs sponsored by FCDOT;
    - c) Dissemination of materials regarding Metrorail, Metrobus, Fairfax Connector, ride-sharing, teleworking and other relevant transit options in sale/leasing packages;
    - d) Provision of information of potential carpool and vanpool options that may be available to office employees. Designated carpool and vanpool parking spaces shall be provided in preferred locations within the office building parking garage;
    - e) Provision of transit maps, schedules and other relevant transit option information to office employees through posting in the common-area of the office building, a newsletter or use of a community website;
    - f) The Fair Lakes community web site shall include information on the TDM program and on multi-modal transportation options;

- g) Coordination with the Fair Lakes League and the Owner's Association(s) regarding potential TDM programs that may be implemented for existing uses; and
  - h) Provision of conveniently located bicycle parking in the office building structured parking area. Accessible shower and locker room facilities for employee usage shall be conveniently located in the office building.
3. TDM Budget: Upon designation of the TDM Coordinator, the Applicant shall (i) establish a TDM Account for the purpose of funding the implementation of the TDM Strategies stated in this paragraph, and (ii) initiate the TDM fund with a \$10,000 contribution. The TDM Account shall be managed by the TDM Coordinator. A line item for further funding of the TDM Account shall be included in the Owner's documents, which shall provide that the TDM Account will not be eliminated and that TDM funds will not be utilized to pay the salary of the TDM Coordinator or for any other Non-TDM related purpose. The TDM Account shall be funded by the Owner with a minimum annual contribution of \$10,000 per year in addition to any TDM Remedy which may be contributed to the TDM Account pursuant to Paragraph 7(A)(5) below. The annual contribution may be provided to a larger, more inclusive Fair Lakes TDM Program, to further the goals set forth in this Paragraph, if such a TDM Program is created that includes the office building depicted on the CDPA/FDPA.
4. Monitoring: Twelve (12) months following issuance of the initial non-RUP for the office building depicted on the CDPA/FDPA, the effectiveness of the TDM program shall be evaluated using surveys and/or traffic counts prepared by the TDM Coordinator in cooperation with, and as approved by FCDOT. The TDM Coordinator shall submit an Annual Report to FCDOT based upon said surveys and/or traffic counts, in order to facilitate determination by FCDOT of what trip reduction has been achieved. The Applicant shall conduct such surveys and/or traffic counts for three (3) years following the initial survey. Following build-out of the proposed office building depicted on the CDPA/FDPA, the Applicant shall then conduct surveys and/or traffic counts annually until it is demonstrated through two (2) consecutive surveys and/or annual traffic counts that the TDM Goal has been achieved.
5. TDM Remedy: In the event that the TDM Goal has not been achieved pursuant to the aforesaid two consecutive surveys and/or traffic counts, then the Applicant shall meet with FCDOT to review the TDM Program for the purpose of identifying additional strategies and programs that may be implemented to assist in achieving the TDM Goal for the office building depicted on the CDPA/FDPA. Until the TDM Goal has been met for two consecutive surveys and/or annual traffic counts, the Applicant shall contribute annually to the TDM account \$0.05 per gross square feet of office use on the Property, which remedy amounts shall be utilized on additional TDM strategies, as approved by FCDOT.

8. **Fairfax Center Area Road Fund Contribution.** The Applicant shall contribute to the Fairfax Center Area Road Fund in accordance with the "Procedural Guidelines" adopted by the Board of Supervisors on November 22, 1982, as amended as of the time of each such payment, subject to credits for all creditable expenses, as determined by FCDOT and DPWES. ~~All funds contributed to the Fairfax Center Area Road Fund by the Applicant related to the construction of the office building depicted on the CDPA/FDPA shall be utilized by the Board of Supervisors on the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353. Should this interchange project be fully funded by the time of site plan approval for the office building depicted on the CDPA/FDPA, then these funds shall be used by the County for other projects within the Fairfax Center Area.~~
9. **Landscaping.** Landscaping shall be generally consistent with the quality, quantity and the locations shown, respectively, on the "Landscape Detail" included as Sheet 4 and 6 of the CDPA/FDPA. At the time of planting, the minimum caliper for trees shall be as follows: large deciduous trees shall be at least three (3) inch caliper, and large evergreen trees shall be at least eight (8) feet in height. Actual types and species of vegetation shall be determined pursuant to more detailed landscape plans submitted at the time of site plan, for review and approval by UFM. Preference shall be given by the Applicant to utilizing native species to the extent feasible. This shall not be construed, however, to preclude the use of non-native species. Such landscape plans shall provide tree coverage and species diversity consistent with the PFM criteria, as determined by UFM.

Trees planted in areas which are less than eight (8) feet in width and/or do not meet the minimum planting area required (before any approved modification) by the Public Facilities Manual ("PFM") may be counted towards satisfying the minimum tree cover requirement provided that structural soils or structural cells are incorporated as specified herein. The Applicant shall provide structural soils or structural cells with a minimum depth of 24 inches. The minimum width of areas of structural soils or structural cells shall be eight (8) feet, which may extend beneath any paved surface, so long as a minimum of 130 square feet is provided for Category IV trees and 90 square feet is provided for Category III trees, as such trees are identified in the PFM. Such planting areas shall be interconnected to the extent feasible, as determined by UFM. Geotextile fabric shall be provided between the structural soil or structural cells and the surrounding media as required by the specific application. The residual opening in the planting area may be mulched, landscaped or covered by a tree grate. At the time of site plan submission, the Applicant shall provide written documentation, including information about the composition of the structural soil or specifications regarding the structural cells to UFM indicating that a qualified and appropriately licensed "company" provided the structural soil or structural cells. The Applicant shall provide 72-hour notice to UFM prior to installation of the soil to allow verification of the composition of the structural soil or structural cells and verification that the structural soil or structural cell is the correct mix and is installed correctly. The Applicant shall provide written confirmation from a certified arborist and/or landscape architect demonstrating and verifying installation of structural soil or structural cells.

10. **Tree Transplantation.** The Applicant shall transplant the healthy American Chestnut tree located on the Property, should UFM determine that this tree is capable of survival once transplanted. The Applicant shall work with UFM to determine a suitable location for the transplantation of said American Chestnut tree within Fair Lakes. If said American Chestnut tree is determined to be unhealthy or diseased at the time of site plan submission, the Applicant shall not be required to transplant said American Chestnut tree. Upon written permission from the Applicant, following zoning approval and prior to site plan submission, UFM shall be permitted to enter the Property for the purpose of monitoring the condition of said American Chestnut tree and collection of any nuts that may be produced.
11. **Plaza Development.** Prior to the issuance of the initial Non-RUP for the office building, the Applicant shall improve the plaza area as detailed on Sheet 4 and Sheet 6 of the CDPA/FDPA. The Applicant shall construct either of the plaza designs depicted on Sheet 4 or Sheet 6 depending upon the lobby location pursuant to Paragraph 13 below. A public access easement shall be provided for the public plaza constructed by the Applicant.
12. **Building Heights.** The maximum building height of the proposed office building shall not exceed the building height indicated on the CDPA/FDPA. As indicated on the CDPA/FDPA, the Applicant is committed to a maximum building height and number of stories above grade, inclusive of parking. The Applicant reserves the right to construct one or two office buildings, but in no event shall the gross floor area of the office building exceed 267,000 square feet of gross floor area. Should the Applicant construct two office buildings, there shall not be a difference greater than four (4) floors of height between them. Regardless of the configuration of the office building, the footprint of the building shall be no greater than that depicted on the CDPA/FDPA. This height limit shall not be construed to include penthouses or mechanical equipment rooms covering less than 25% of the total roof area pursuant to Sect. 2-506 of the Zoning Ordinance. Air conditioner units and other mechanical equipment located on the roof shall be contained within the penthouse or shall be screened from view from Fair Lakes Circle and Fairfax County Parkway.
13. **Alternate Lobby Location.** As stated in Paragraph 11 above, the Applicant reserves the right to construct the office building as one unified building with a common lobby or as two separate towers with individual lobbies. If two separate towers are constructed, the building footprint, lobby entrances, garage access, loading spaces and landscaping shall be provided as depicted on Sheets 5 and 6 of the CDPA/FDPA.
14. **Landscaped Roof.** Should the parking structure located between the two office buildings depicted on the CDPA/FDPA be enclosed with a roof structure, the Applicant shall provide landscaping for a minimum of 1500 square feet of said roof structure. Landscaping proposed for this area shall be depicted on any landscape plan submitted to DPWES during site plan review subject to Paragraph 9 above.
15. **Parking.** Parking shall be provided in accordance with the requirements of Article 11 of the Zoning Ordinance. The Applicant reserves the right to provide more parking spaces

than required by the Zoning Ordinance, but in no event shall the number of surface parking spaces exceed that indicated on the CDPA/FDPA.

16. **Streetscape Improvements.** Streetscaping shall be provided as indicated on the CDPA/FDPA and shall be installed prior to the issuance of the initial non-RUP for the office building depicted on the CDPA/FDPA. Streetscape elements (lighting fixtures, benches, trash receptacles and similar site features) shall be unified conceptually throughout the Property and shall be in conformance with the Fair Lakes Design Guidelines.
17. **Transportation Improvements.** The following road improvements shall be provided by the Applicant, subject to and as approved by VDOT and DPWES. However, upon demonstration by the Applicant that, despite diligent efforts by the Applicant, provision of a respective improvement has been unreasonably delayed by others or by circumstances beyond the control of the Applicant, the Zoning Administrator may agree to a later date for the completion of each such improvement:
  - A. **Fair Lakes Circle/Fair Lakes Parkway/Fair Valley Drive Intersection Improvements**
    1. **Fair Lakes Circle Northbound Left Turn Lane.** The Applicant shall construct an additional northbound lane and re-stripe the northbound approach to provide dual left turn lanes, a single through lane, and an exclusive right-turn lane prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA
    2. **Fair Lakes Circle Northbound Free Flow Right Turn Lane.** If the construction of a free flow right turn lane on northbound Fair Lakes Circle to include an accepting lane on eastbound Fair Lakes Parkway is deemed to not be necessary by DPWES at the time of site plan approval, then the Applicant shall contribute the cost of such improvement to the Board of Supervisors for use in the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353. Should this interchange project be fully funded by the time of site plan approval **for the office building depicted on the CDPA/FDPA**, and if the free flow right turn lane on northbound Fair Lakes Circle is deemed to not be necessary, then ~~the Applicant shall be relieved of this proffer commitment~~ **any funds contributed pursuant to this proffer shall be used by the County for other Fairfax Center Road Fund projects.**
    3. **Fair Lakes Parkway Westbound Left Turn Lane.** The Applicant shall construct a second left turn lane from westbound Fair Lakes Parkway onto southbound Fair Lakes Circle prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.

B. Fair Lakes Circle/Fair Lakes Parkway/Fair Lakes Court Intersection Improvements

1. Fair Lakes Parkway Eastbound Free Flow Right Turn Lane. The Applicant shall construct a free flow right turn lane to include an accepting lane onto southbound Fair Lakes Circle, prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.
2. Fair Lakes Parkway Westbound Left Turn Lane. The Applicant shall construct a second left turn lane from westbound Fair Lakes Parkway onto southbound Fair Lakes Circle prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.
3. Fair Lakes Circle Northbound Left Turn Lane. The Applicant shall construct an additional northbound lane and re-stripe the northbound approach to provide dual left turn lanes, a single through lane, and an exclusive right-turn lane prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.
4. Fair Lakes Circle Northbound Free Flow Right Turn Lane. The Applicant shall construct a free flow right turn lane to include an accepting lane, from northbound Fair Lakes Circle onto eastbound Fair Lakes Parkway, prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.

C. West Ox Road/Fair Lakes Parkway

1. Fair Lakes Parkway Westbound Left Turn Lane. The Applicant shall construct a second left turn lane from westbound Fair Lakes Parkway onto southbound West Ox Road prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA.
2. West Ox Road Southbound Right Turn Lane. If the construction of an exclusive right turn lane from southbound West Ox Road onto westbound Fair Lakes Parkway is deemed to not be necessary by DPWES at the time of site plan approval, then the Applicant shall contribute the cost of such improvement to the Board of Supervisors for use in the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353. Should this interchange project be fully funded by the time of site plan approval **for the office building depicted on the CDPA/FDPA**, and if the exclusive right turn lane on southbound West Ox Road is deemed to not be necessary, then ~~the Applicant shall be relieved of this proffer commitment~~ **any funds contributed pursuant to this proffer shall be used by the County for other Fairfax Center Road Fund projects.**

- D. Traffic Signal Warrant Study. Prior to approval of the initial site plan for the office building depicted on the CDPA/FDPA, the Applicant shall submit a traffic

signal warrant study to VDOT for the intersection of Fair Lakes Circle and the entrance to the CGI property (Tax Map Parcel 55-2 ((1)) 14A), **which shall include the office development proposed in the CDPA/FDPA and in PCA 82-P-069-16 (Land Bay V-B) and PCA 82-P-069-17 (Land Bay V-A--Residential)**. At the time of building permit approval for the office building depicted on the CDPA/FDPA, if VDOT has not made a determination that said signal is warranted or has deemed the warrants to have been met, then the Applicant shall post a bond in an amount, as determined by DPWES, necessary to cover the cost of the traffic signal, including pedestrian countdown crossing controls, subject to VDOT approval. If the warrants have not been met by the time of the issuance of building permits for all of the buildings depicted on the CDPA/FDPAs associated with this application (PCA 82-P-069-15), PCA 82-P-069-16 (Land Bay V-B), and PCA 82-P-069-17 (Land Bay V-A--Residential), then any obligation under this proffer shall expire and the bond for the traffic signal shall be released..

- E. **Off-Site Trail Improvements**. Prior to the issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA, the Applicant shall provide a trail improvement on the east side of Fair Lakes Circle from the easternmost Fair Lakes Circle intersection with Fair Lakes Parkway, westerly for approximately 1200 feet. This trail improvement shall consist of a five (5) foot wide sidewalk.
- F. **Off-Site Crosswalk Improvements**. Prior to issuance of the initial Non-RUP for the office building depicted on the CDPA/FDPA, the Applicant shall provide painted crosswalk improvements at the intersections of Fair Lakes Circle/Roger Stover Drive and at the intersection on Fair Lakes Circle west of its intersection with Roger Stover Drive. All crosswalk improvements located within the right-of-way of any road shall be performed subject to the approval of VDOT.
- G. **Bus Shelter**. The Applicant shall provide one (1) bus shelter with an all weather pedestrian access to the adjacent trail prior to the issuance of the initial Non-RUP for the proposed office building depicted on the CDPA/FDPA, with no requirement for a turnoff lane or additional road improvements, along Fair Lakes Circle in the vicinity of the proposed office building depicted on the CDPA/FDPA, whose final location shall be determined by the Applicant in cooperation with the Director of DPWES **and FCDOT Transit Services** at the time of building permit issuance for said office hotel building, only (i) if a bus shelter has not been constructed by that time by others, and (ii) if it is determined that scheduled public or private bus service shall utilize said shelter. If the shelter is provided, the Applicant shall assume maintenance of the bus shelter area, including trash removal, and the maintenance responsibility shall be provided for in the Owners Association documents.
- H. **Signal Modifications**. The Applicant shall modify traffic signals at the intersections improved by these proffers, as deemed necessary, and subject to the approval of VDOT.

- I. Fairfax County Parkway/Fair Lakes Parkway Interchange. At the time of site plan approval for the office building depicted on the CDPA/FDPA, or upon demand, whichever occurs first, the Applicant shall dedicate right-of-way, in fee simple, and provide drainage easements and temporary construction easements to the Board of Supervisors, as deemed necessary for use in the construction of the Fairfax County Parkway/Fair Lakes Parkway interchange improvement (VDOT project 7100-029-353). The right-of-way to be dedicated, and the drainage easements and temporary construction easements to be provided, shall be for those lands owned by any Peterson Company or Shorenstein Realty Investors Seven, L.P. affiliated entity and only for those respective areas and purposes designated on plans titled *Fairfax County Parkway (Rte. 7100) Proposed Interchange with Fair Lakes Parkway (Rte. 7700) Project: 7100-029-353, PE-101, Fairfax County* and subtitled *Right of Way Plans Provided to Fairfax County for Coordination with Proposed Development, July 24, 2007*. The provision of temporary construction easements shall be subject to the condition that, upon completion of construction activities, VDOT shall restore these areas, to the maximum extent feasible, to a natural wooded state as in existence prior to the commencement of construction activities.
- J. Fairfax County Parkway/Fair Lakes Parkway Interchange Contribution. In addition to those funds contributed to the Fairfax Center Area Road Fund in accordance with Paragraph 8 above, the Applicant shall contribute an additional one dollar (\$1) per square foot to the Board of Supervisors to be utilized on the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353. This additional contribution shall be made to the Board of Supervisors at the same time and in the same proportion as said Fairfax Center Area Road Fund contribution. **Should this interchange project be fully funded by the time of site plan approval for the office building depicted on the CDPA/FDPA, then these funds shall be used by the County for other Fairfax Center Road Fund projects.**
- K. Transportation Improvements by Others. To the extent any of the above-mentioned transportation improvements are constructed or bonded for construction by others prior to the approval of a site plan for the office building depicted on the CDPA/FDPA, then the Applicant shall be relieved of the commitment to construct each such constructed or bonded transportation improvement.
18. **Signage**. Signage shall be provided in accordance with Article 12 of the Zoning Ordinance and in conformance with the Fair Lakes Comprehensive Sign Plan, as may be amended.
19. **Density Credit**. All intensity of use attributable to land areas dedicated and/or permanent easements conveyed to the Board of Supervisors at the Applicant's expense pursuant to these proffers (including, without limitation, the dedications referenced above) shall be subject to the provisions of Paragraph 4 of Section 2-308 of the Zoning Ordinance and is hereby reserved to the residue of the subject Property.

20. **Successors and Assigns.** Each reference to "Applicant" in this Proffer Statement shall include within its meaning, and shall be binding upon, Applicant's successor(s) in interest and/or developer(s) of the site or any portion of the site.
21. **Counterparts.** To facilitate execution, this Proffer Statement may be executed in as many counterparts as may be required. It shall not be necessary that the signature on behalf of all the parties to the Proffer Statement appear on each counterpart of this Proffer Statement. All counterparts of this Proffer Statement shall collectively constitute a single instrument.

## APPENDIX 2

### PROPOSED FINAL DEVELOPMENT PLAN AMENDMENT CONDITIONS

**FDPA 82-P-069-01-14**

**September 20, 2007**

If it is the intent of the Planning Commission to approve an office development located at Tax Map 55-2 ((1)) 6B & 8A1, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions, which supersede all previously approved conditions as they pertain to this site.

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment entitle "Fair Lakes Land Bay V-A Office" prepared by Dewberry & Davis LLC and Davis Carter Scott consisting of twelve sheets dated March 26, 2007 as revised through August 1, 2007.
2. LID measures shall be incorporated into the final site design, including surface parking areas, as determined feasible by the applicant and DPWES at the time of site plan review.
3. The limits of clearing and grading as depicted on the CDPA/FDPA shall remain as permanently undisturbed vegetation.
4. The use of cellar space shall be limited to storage, mechanical and/or accessory uses as defined by Article 10 of the Zoning Ordinance. All uses including cellar space shall be parked as required in Article 11 of the Zoning Ordinance.

The proposed conditions are staff recommendations and do not reflect the position of the Planning Commission unless and until adopted by that Commission.

**PROPOSED FINAL DEVELOPMENT PLAN AMENDMENT CONDITIONS**

**FDPA 82-P-069-10-4**

**September 20, 2007**

If it is the intent of the Planning Commission to approve an office development located at Tax Map 55-2 ((1)) 11A1 & 11B1, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions, which supersede all previously approved conditions as they pertain to this site.

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment entitle "Fair Lakes Land Bay V-A Office" prepared by Dewberry & Davis LLC and Davis Carter Scott consisting of twelve sheets dated March 26, 2007 as revised through August 1, 2007.
2. LID measures shall be incorporated into the final site design, including surface parking areas, as determined feasible by the applicant and DPWES at the time of site plan review.
3. The limits of clearing and grading as depicted on the CDPA/FDPA shall remain as permanently undisturbed vegetation.
4. The use of cellar space shall be limited to storage, mechanical and/or accessory uses as defined by Article 10 of the Zoning Ordinance. All uses including cellar space shall be parked as required in Article 11 of the Zoning Ordinance.

**REZONING AFFIDAVIT**

DATE: August 27, 2007  
 (enter date affidavit is notarized)

I, Jeffrey H. Saxe, do hereby state that I am an  
 (enter name of applicant or authorized agent)

(check one)       applicant  
                           applicant's authorized agent listed in Par. 1(a) below      95445a

in Application No.(s): PCA 82-P-069-15; CDPA 82-P-069-03-01  
 (enter County-assigned application number(s), e.g. RZ 88-V-001)

and that, to the best of my knowledge and belief, the following information is true:

1(a). The following constitutes a listing of the names and addresses of all **APPLICANTS, TITLE OWNERS, CONTRACT PURCHASERS, and LESSEES** of the land described in the application,\* and, if any of the foregoing is a **TRUSTEE,\*\*** each **BENEFICIARY** of such trust, and all **ATTORNEYS** and **REAL ESTATE BROKERS**, and all **AGENTS** who have acted on behalf of any of the foregoing with respect to the application:

(NOTE: All relationships to the application listed above in **BOLD** print must be disclosed. Multiple relationships may be listed together, e.g., **Attorney/Agent, Contract Purchaser/Lessee, Applicant/Title Owner**, etc. For a multiparcel application, list the Tax Map Number(s) of the parcel(s) for each owner(s) in the Relationship column.)

REZONING AFFIDAVIT

DATE: August 27, 2007
(enter date affidavit is notarized)

95445a

for Application No. (s): PCA 82-P-069-15; CDPA 82-P-069-03-01
(enter County-assigned application number(s))

3. That within the twelve-month period prior to the public hearing of this application, no member of the Fairfax County Board of Supervisors, Planning Commission, or any member of his or her immediate household, either directly or by way of partnership in which any of them is a partner, employee, agent, or attorney, or through a partner of any of them, or through a corporation in which any of them is an officer, director, employee, agent, or attorney or holds 10% or more of the outstanding bonds or shares of stock of a particular class, has, or has had any business or financial relationship, other than any ordinary depositor or customer relationship with or by a retail establishment, public utility, or bank, including any gift or donation having a value of more than \$100, singularly or in the aggregate, with any of those listed in Par. 1 above.

EXCEPT AS FOLLOWS: (NOTE: If answer is none, enter "NONE" on line below.)

Milton V. Peterson has contributed in excess of \$100.00 to Supervisor Connolly.
Jon M. Peterson has contributed in excess of \$100.00 to Supervisor Connolly, Supervisor Frey and Supervisor Bulova.
Jeffrey H. Saxe has contributed in excess of \$100.00 to Supervisor Connolly.
James W. Todd has contributed in excess of \$100.00 on behalf of TFP Investments L.P. to Supervisor Connolly and Supervisor DuBois; however, TFP Investments L.P. is not associated with this application.
Francis A. McDermott has contributed in excess of \$100.00 to Supervisor DuBois.

(NOTE: Business or financial relationships of the type described in this paragraph that arise after the filing of this application and before each public hearing must be disclosed prior to the public hearings. See Par. 4 below.)

(check if applicable) [ ] There are more disclosures to be listed and Par. 3 is continued on a "Rezoning Attachment to Par. 3" form.

4. That the information contained in this affidavit is complete, that all partnerships, corporations, and trusts owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land have been listed and broken down, and that prior to each and every public hearing on this matter, I will reexamine this affidavit and provide any changed or supplemental information, including business or financial relationships of the type described in Paragraph 3 above, that arise on or after the date of this application.

WITNESS the following signature:

(check one)

[ ] Applicant

[x] Applicant's Authorized Agent

Jeffrey H. Saxe, Agent for Applicant

(type or print first name, middle initial, last name, and title of signee)

Subscribed and sworn to before me this 27th day of August 2007, in the State/Comm. of Virginia, County/City of Fairfax.

Cheryl G. Martelli
Notary Public

My commission expires:

(enter date affidavit is notarized)

95422a

for Application No. (s): FDPA 82-P-069-1-14
(enter County-assigned application number(s))

1(b). The following constitutes a listing\*\*\* of the SHAREHOLDERS of all corporations disclosed in this affidavit who own 10% or more of any class of stock issued by said corporation, and where such corporation has 10 or less shareholders, a listing of all of the shareholders, and if the corporation is an owner of the subject land, all of the OFFICERS and DIRECTORS of such corporation:

(NOTE: Include SOLE PROPRIETORSHIPS, LIMITED LIABILITY COMPANIES, and REAL ESTATE INVESTMENT TRUSTS herein.)

CORPORATION INFORMATION

NAME & ADDRESS OF CORPORATION: (enter complete name, number, street, city, state, and zip code)

(2)Fair Lakes Retail Center, Inc.
12500 Fair Lakes Circle, Suite 400
Fairfax, VA 22033

DESCRIPTION OF CORPORATION: (check one statement)

- [x] There are 10 or less shareholders, and all of the shareholders are listed below.
[ ] There are more than 10 shareholders, and all of the shareholders owning 10% or more of any class of stock issued by said corporation are listed below.
[ ] There are more than 10 shareholders, but no shareholder owns 10% or more of any class of stock issued by said corporation, and no shareholders are listed below.

NAMES OF SHAREHOLDERS: (enter first name, middle initial, and last name)

Milton V. Peterson

NAMES OF OFFICERS & DIRECTORS: (enter first name, middle initial, last name & title, e.g. President, Vice President, Secretary, Treasurer, etc.)

Milton V. Peterson, President/Director James J. Vecchiarelli, Treasurer
William E. Peterson, Vice President/Director Nancy Z. McGrath, Secretary
Steven B. Peterson, Vice President/Director
Otis D. Coston, Jr., Independent Director

(check if applicable) [x] There is more corporation information and Par. 1(b) is continued on a "Rezoning Attachment 1(b)" form.

\*\*\* All listings which include partnerships, corporations, or trusts, to include the names of beneficiaries, must be broken down successively until: (a) only individual persons are listed or (b) the listing for a corporation having more than 10 shareholders has no shareholder owning 10% or more of any class of stock. In the case of an APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land that is a partnership, corporation, or trust, such successive breakdown must include a listing and further breakdown of all of its partners, of its shareholders as required above, and of beneficiaries of any trusts. Such successive breakdown must also include breakdowns of any partnership, corporation, or trust owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land. Limited liability companies and real estate investment trusts and their equivalents are treated as corporations, with members being deemed the equivalent of shareholders; managing members shall also be listed. Use footnote numbers to designate partnerships or corporations, which have further listings on an attachment page, and reference the same footnote numbers on the attachment page.

REZONING AFFIDAVIT

DATE: August 27, 2007
(enter date affidavit is notarized)

95422a

for Application No. (s): FDPA 82-P-069-1-14
(enter County-assigned application number(s))

1(c). The following constitutes a listing\*\*\* of all of the PARTNERS, both GENERAL and LIMITED, in any partnership disclosed in this affidavit:

PARTNERSHIP INFORMATION

PARTNERSHIP NAME & ADDRESS: (enter complete name, number, street, city, state and zip code)

(1)Fair Lakes Center Associates L.P.
12500 Fair Lakes Circle, Suite 400
Fairfax, VA 22033

(check if applicable) [ ] The above-listed partnership has no limited partners.

NAMES AND TITLE OF THE PARTNERS (enter first name, middle initial, last name, and title, e.g. General Partner, Limited Partner, or General and Limited Partner)

GENERAL PARTNER:

Fair Lakes Retail Center, Inc.(2)

LIMITED PARTNERS:

Fair Lakes Retail L.C.(3)
York Investments L.P.(6)
Lauren P. Fellows
William E. Peterson
Jon M. Peterson
Steven B. Peterson
MVP Master Limited Partnership(4)

(check if applicable) [x] There is more partnership information and Par. 1(c) is continued on a "Rezoning Attachment to Par. 1(c)" form.

\*\*\* All listings which include partnerships, corporations, or trusts, to include the names of beneficiaries, must be broken down successively until: (a) only individual persons are listed or (b) the listing for a corporation having more than 10 shareholders has no shareholder owning 10% or more of any class of stock. In the case of an APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land that is a partnership, corporation, or trust, such successive breakdown must include a listing and further breakdown of all of its partners, of its shareholders as required above, and of beneficiaries of any trusts. Such successive breakdown must also include breakdowns of any partnership, corporation, or trust owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER or LESSEE\* of the land. Limited liability companies and real estate investment trusts and their equivalents are treated as corporations, with members being deemed the equivalent of shareholders; managing members shall also be listed. Use footnote numbers to designate partnerships or corporations, which have further listings on an attachment page, and reference the same footnote numbers on the attachment page.

**Rezoning Attachment to Par. 1(c)**

REZONING AFFIDAVIT

DATE: August 27, 2007  
(enter date affidavit is notarized)

95422a

for Application No. (s): FDPA 82-P-069-1-14  
(enter County-assigned application number(s))

1(d). One of the following boxes **must** be checked:

In addition to the names listed in Paragraphs 1(a), 1(b), and 1(c) above, the following is a listing of any and all other individuals who own in the aggregate (directly and as a shareholder, partner, and beneficiary of a trust) 10% or more of the **APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\*** of the land:

Other than the names listed in Paragraphs 1(a), 1(b), and 1(c) above, no individual owns in the aggregate (directly and as a shareholder, partner, and beneficiary of a trust) 10% or more of the **APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\*** of the land.

2. That no member of the Fairfax County Board of Supervisors, Planning Commission, or any member of his or her immediate household owns or has any financial interest in the subject land either individually, by ownership of stock in a corporation owning such land, or through an interest in a partnership owning such land.

**EXCEPT AS FOLLOWS:** (NOTE: If answer is none, enter "NONE" on the line below.)

NONE

(check if applicable)  There are more interests to be listed and Par. 2 is continued on a "Rezoning Attachment to Par. 2" form.

REZONING AFFIDAVIT

DATE: August 27, 2007
(enter date affidavit is notarized)

95422a

for Application No. (s): FDPA 82-P-069-1-14
(enter County-assigned application number(s))

3. That within the twelve-month period prior to the public hearing of this application, no member of the Fairfax County Board of Supervisors, Planning Commission, or any member of his or her immediate household, either directly or by way of partnership in which any of them is a partner, employee, agent, or attorney, or through a partner of any of them, or through a corporation in which any of them is an officer, director, employee, agent, or attorney or holds 10% or more of the outstanding bonds or shares of stock of a particular class, has, or has had any business or financial relationship, other than any ordinary depositor or customer relationship with or by a retail establishment, public utility, or bank, including any gift or donation having a value of more than \$100, singularly or in the aggregate, with any of those listed in Par. 1 above.

EXCEPT AS FOLLOWS: (NOTE: If answer is none, enter "NONE" on line below.)

Milton V. Peterson has contributed in excess of \$100.00 to Supervisor Connolly.
Jon M. Peterson has contributed in excess of \$100.00 to Supervisor Connolly, Supervisor Frey and Supervisor Bulova.
Jeffrey H. Saxe has contributed in excess of \$100.00 to Supervisor Connolly.
James W. Todd has contributed in excess of \$100.00 on behalf of TFP Investments L.P. to Supervisor Connolly and Supervisor DuBois; however, TFP Investments L.P. is not associated with this application.
Francis A. McDermott has contributed in excess of \$100.00 to Supervisor DuBois.

(NOTE: Business or financial relationships of the type described in this paragraph that arise after the filing of this application and before each public hearing must be disclosed prior to the public hearings. See Par. 4 below.)

(check if applicable) [ ] There are more disclosures to be listed and Par. 3 is continued on a "Rezoning Attachment to Par. 3" form.

4. That the information contained in this affidavit is complete, that all partnerships, corporations, and trusts owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land have been listed and broken down, and that prior to each and every public hearing on this matter, I will reexamine this affidavit and provide any changed or supplemental information, including business or financial relationships of the type described in Paragraph 3 above, that arise on or after the date of this application.

WITNESS the following signature:

(check if applicable) [✓] There is more partnership information and Par. 1(c) is continued on a "Rezoning Attachment to Par. 1(c)" form.

\*\*\* All listings which include partnerships, corporations, or trusts, to include the names of beneficiaries, must be broken down successively until: (a) only individual persons are listed or (b) the listing for a corporation having more than 10 shareholders has no shareholder owning 10% or more of any class of stock. In the case of an APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land that is a partnership, corporation, or trust, such successive breakdown must include a listing and further breakdown of all of its partners, of its shareholders as required above, and of beneficiaries of any trusts. Such successive breakdown must also include breakdowns of any partnership, corporation, or trust owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER or LESSEE\* of the land. Limited liability companies and real estate investment trusts and their equivalents are treated as corporations, with members being deemed the equivalent of shareholders; managing members shall also be listed. Use footnote numbers to designate partnerships or corporations, which have further listings on an attachment page, and reference the same footnote numbers on the attachment page.

(enter date affidavit is notarized)

95421a

for Application No. (s): FDPA 82-P-069-10-4  
(enter County-assigned application number(s))

1(d). One of the following boxes **must** be checked:

In addition to the names listed in Paragraphs 1(a), 1(b), and 1(c) above, the following is a listing of any and all other individuals who own in the aggregate (directly and as a shareholder, partner, and beneficiary of a trust) 10% or more of the **APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\*** of the land:

Other than the names listed in Paragraphs 1(a), 1(b), and 1(c) above, no individual owns in the aggregate (directly and as a shareholder, partner, and beneficiary of a trust) 10% or more of the **APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\*** of the land.

2. That no member of the Fairfax County Board of Supervisors, Planning Commission, or any member of his or her immediate household owns or has any financial interest in the subject land either individually, by ownership of stock in a corporation owning such land, or through an interest in a partnership owning such land.

**EXCEPT AS FOLLOWS:** (NOTE: If answer is none, enter "NONE" on the line below.)

NONE

(check if applicable)  There are more interests to be listed and Par. 2 is continued on a "Rezoning Attachment to Par. 2" form.

REZONING AFFIDAVIT

(enter date affidavit is notarized)

95421a

for Application No. (s): FDPA 82-P-069-10-4
(enter County-assigned application number(s))

3. That within the twelve-month period prior to the public hearing of this application, no member of the Fairfax County Board of Supervisors, Planning Commission, or any member of his or her immediate household, either directly or by way of partnership in which any of them is a partner, employee, agent, or attorney, or through a partner of any of them, or through a corporation in which any of them is an officer, director, employee, agent, or attorney or holds 10% or more of the outstanding bonds or shares of stock of a particular class, has, or has had any business or financial relationship, other than any ordinary depositor or customer relationship with or by a retail establishment, public utility, or bank, including any gift or donation having a value of more than \$100, singularly or in the aggregate, with any of those listed in Par. 1 above.

EXCEPT AS FOLLOWS: (NOTE: If answer is none, enter "NONE" on line below.)

Milton V. Peterson has contributed in excess of \$100.00 to Supervisor Connolly.
Jon M. Peterson has contributed in excess of \$100.00 to Supervisor Connolly, Supervisor Frey and Supervisor Bulova.
Jeffrey H. Saxe has contributed in excess of \$100.00 to Supervisor Connolly.
James W. Todd has contributed in excess of \$100.00 on behalf of TFP Investments L.P. to Supervisor Connolly and Supervisor DuBois; however, TFP Investments L.P. is not associated with this application.
Francis A. McDermott has contributed in excess of \$100.00 to Supervisor DuBois.

(NOTE: Business or financial relationships of the type described in this paragraph that arise after the filing of this application and before each public hearing must be disclosed prior to the public hearings. See Par. 4 below.)

(check if applicable) [ ] There are more disclosures to be listed and Par. 3 is continued on a "Rezoning Attachment to Par. 3" form.

4. That the information contained in this affidavit is complete, that all partnerships, corporations, and trusts owning 10% or more of the APPLICANT, TITLE OWNER, CONTRACT PURCHASER, or LESSEE\* of the land have been listed and broken down, and that prior to each and every public hearing on this matter, I will reexamine this affidavit and provide any changed or supplemental information, including business or financial relationships of the type described in Paragraph 3 above, that arise on or after the date of this application.

## STATEMENT OF JUSTIFICATION

## LAND BAY V-A

PCA 82-P-069-  
CDPA 82-P-069  
FDPA 82-P-069-1-14  
FDPA 82-P-069-10-4

These concurrent Proffered Condition Amendment/Conceptual Development Plan Amendment/Final Development Plan Amendment ("PCA/CDPA/FDPA") applications are filed on behalf of Fair Lakes Center Associates, L.P. (the "Applicant") on 27.43 acres of Land Bay V-A identified as Tax Map Parcels 55-2 ((1)) 6B, 8A1 pt., 11A and 11B1. The applications that currently govern the subject application area, FDPA 82-P-069-1-13, FDPA 82-P-069-10-1 and FDPA 82-P-069-10-3, were approved by the Planning Commission with conditions on June 2, 2005, July 26, 1989 and July 26, 2001 respectively to permit the construction of office development and to reallocate approved, but not yet constructed, office space. This portion of Land Bay V-A is occupied by three office buildings (Fair Lakes 1, 3 and 4) and their associated surface parking spaces. The CDPA application proposes to increase the permitted amount of office space through a new office structure, structured parking, and a significant plaza feature. Proffers will be submitted with the PCA application to address the proposed development.

The Comprehensive Plan was recently amended to recommend that an additional 267,000 square feet of office development would be appropriate for the subject portions of Land Bay V-A, provided that the following conditions be met:

- Pedestrian connections are provided to the surrounding uses;
- Appropriate buffering and screening should be provided and impacts to existing buffer areas should be minimized. Any new development should minimize the loss of mature trees located in existing buffer areas along public roads;
- Development is well integrated with existing uses through pedestrian connections, landscaping, and amenities;
- High quality site and architectural design for buildings and parking structures is provided, including compatibility with adjacent buildings; and
- Provision of a centrally located, publicly accessible urban park or plaza with extensive landscaping.

The Applicant proposes to provide a 267,000 square foot office structure that will be configured in a L-shape. A one-story lobby will connect the two main components of five stories of office use above six stories of parking. The office building will be designed to integrate the parking and office uses into an attractive structure that will blend into its office park environment. The building will be located southwest of Fair Lakes 1, in an area that is primarily occupied by surface parking and parking lot landscaping. All of the surface parking spaces that will be

displaced to accommodate construction of the new office building will be contained within the new parking structure.

This PCA/CDPA/FDPA proposal is in strict conformance with the recommendations of the Comprehensive Plan. A linear plaza will be constructed north of the proposed office building. Extensive landscaping will be installed in the plaza, as well as surrounding the new building. Pedestrian connections will be provided to the proposed plaza and to connect to other walkways within Land Bay V-A. Most importantly, the building has been designed and situated in a manner that will allow it to harmoniously blend into its surroundings without detracting from the other office uses within this portion of Fair Lakes.

The Applicant respectfully requests a waiver of the stormwater management/Best Management Practices (SWM/BMP) submission requirements of Paragraph 1Q of Article 16-502 of the Zoning Ordinance. SWM/BMP requirements have been provided for the subject site through existing facilities that have been constructed subject to previous site plan approvals. The Applicant requests a modification of the loading space requirement of Article 11-203 of the Zoning Ordinance, which requires the Applicant to provide five loading spaces to support the proposed office building. The Applicant proposes to provide two loading spaces for the new office building, which the Applicant believes is sufficient to support the proposed use.

Respectfully submitted,

---

Francis A. McDermott

RE: Proffered Condition Amendment Number PCA 82-P-069-14  
(Concurrent with CDPA 82-P-069-07)  
(Revised-attachments only)

Dear Mr. McDermott:

Enclosed you will find a copy of an Ordinance adopted by the Board of Supervisors at a regular meeting held on July 25, 2005, approving Proffered Condition Amendment PCA 82-P-069-14 in the name of The Peterson Companies, LC, to amend the proffers for **RZ 82-P-069** previously approved for mixed use development to permit an increase in the maximum percentage of residential in a PDC district and decrease in office use, located generally in the northeast, southeast, and southwest quadrants of the intersection of Fair Lakes Parkway and Fairfax County Parkway (Tax Map 45-4 ((1)) 25E, 45-4 ((11)) A2, 55-2 ((1)) 6, 6A, 8, 9A, 11A1, 11B1, 11C1, 11D, and 18), subject to the proffers dated April 14, 2005, consisting of approximately 81.21 acres located in Springfield District.

The Board also modified the use limitation in the PDC District to permit the gross floor area of residential uses to exceed 50 percent of the principal uses in order to allow 150,000 square feet of residential use associated with Conceptual Development Plan Amendment Application CDPA 82-P-069-07 exclusive of affordable dwelling units and related bonus units if provided.

In addition to PCA 82-P-069-14 and CDPA 82-P-069-07, the following concurrent applications were previously approved by the Planning Commission:

## PROFFER STATEMENT

## FAIR LAKES LAND BAYS V-A, V-B, VI-A AND VII-A

February 22, 2005

March 11, 2005

March 24, 2005

April 13, 2005

April 14, 2005

Pursuant to Section 15.2-2303A of the Code of Virginia, as amended, and subject to the Board of Supervisors approval of PCA 82-P-069-14, The Peterson Companies, L.C. (the "Applicant") and the undersigned owners, for themselves and their successors and assigns, hereby reaffirm the previous proffers, accepted by the Board of Supervisors (the "Previous Proffers") for Fairfax County Tax Map Parcels 45-4-((1))-25E; 45-4-((1))-A2; 55-2((1))-6, 6A, 8, 9A, 11A1, 11B1, 11C1, 11D and 18, containing approximately 81.21 acres (the "Property"), except as amended below. In the event this application is denied, these revised proffers shall immediately be null and void and the Previous Proffers shall remain in full force and effect. In the event this application is approved, all of the Previous Proffers remain in full force and effect except as hereby amended.

1. **Substantial Conformity with Conceptual Development Plan Amendments.** The subject 81.21-acre PCA Application Property shall be developed in substantial conformance with the Conceptual Development Plan Amendments approved by the Board of Supervisors for the respective land bays, as further modified by all relevant Proffered Conditions for Fair Lakes, as follows: (i) CDPA 82-P-069-1 for Land Bay VI-A consisting of one sheet prepared by Dewberry & Davis as revised through July 12, 1984 and approved by the Board of Supervisors on September 24, 1984; (ii) CDPA 82-P-069-3 for Land Bays V-A and VII-A consisting of one sheet prepared by Dewberry & Davis, as revised through June 26, 1987 and approved by the Board of Supervisors on July 20, 1987; and (iii) pending CDPA 82-P-069-7 for a portion of Land Bay V-B consisting of four sheets of the combined CDPA/FDPA plan prepared by Dewberry & Davis and dated September 21, 2004, as revised through April 13, 2005.

2. **Allocation of Land Uses.** Paragraph 2 of the Previous Proffers under "Land Use" shall be revised to read as follows: Allocation of land uses as provided in the text accompanying the Conceptual Development Plan Amendment is affirmed as follows:

No more than 7,182,823 square feet of principal and secondary uses shall be constructed on subject property. Non-residential uses shall not exceed 5,364,820 square feet. However, up to 945,877 square feet in Land Bay II may be converted from non-residential to residential uses exclusive of ADUs and up to 14,200 square feet may be converted to eating establishments/fast food restaurant/personal service establishment uses in Land Bay II. Residential units shall not be fewer than 1,464.

The specific uses to be provided in the first phase of development are depicted in FDPs submitted for Land Bays I-A, I-B, V-A, VI-A and VI-B. Land Bay II shall be approximately 120

acres, and shall be developed in 1,463,616 square feet of employment, residential and eating establishment/fast food restaurant uses specified in the CDPA for Land Bays II-A and II-B. The residential square footage in Land Bay II shall not exceed 945,877 square feet which shall be exclusive of the square footage for affordable dwelling units. In addition, the residential square footage in Land Bay II shall not be counted towards, i.e., shall be deemed in its entirety to be in excess of, the fifty (50) percent limitation for residential use in the Fair Lakes PDC District as specified in Par. 5 of Sect. 6-206 of the Zoning Ordinance as well as the 2:1 ratio of primary to residential uses recommended for office-mixed use areas in the Fairfax Center Area. Residential square footage located in the remainder of Fair Lakes may be developed in excess of the fifty (50) percent (based upon the principal, non-residential uses in all of Fair Lakes) limitation set forth in Paragraph 5 of Section 6-206 of the Zoning Ordinance, as modified by the Board of Supervisors in the subject PCA application.

A mix of principal and secondary uses shall be distributed over the remainder of the site, with other retail, hotel and other residential uses to be located in Land Bays III, IV and V. The aggregate non-residential square footage shall not exceed 5,364,820 square feet, of which 200,000 to 750,000 square feet shall be allocated to hotel use, 200,000 to 1,150,000 square feet, exclusive of any eating establishment/fast food restaurant/personal service establishment uses in Land Bay II, to uses such as retail uses, accessory service uses, retail sales establishments, child care centers, eating establishments, financial institutions, health clubs, theaters, service stations, car washes and other principal and secondary PDC uses that are neither residential, hotel nor office/research in character, and 2,250,000 to 4,964,820 square feet to office, research and other non-retail uses. Specific uses shall be designated at the time the FDPs are submitted. For purposes of this proffer, the designation of a building as office or other employment use shall be construed to permit inclusion of fast food (e.g., delicatessen), financial institution, and other such accessory and personal service uses on the ground and/or first floor level of such building, it being understood that the details of any drive-through and/or child care uses must be the subject of final development plan or special exception approval.

3. **Final Development Plan Amendments.** Notwithstanding that CDPA 82-P-069-7 appears on the same development plan with FDPA 82-P-069-6-8/FDPA 82-P-069-11-3, consisting of four sheets and described in Proffer Number 1 above, it shall be understood that (i) said CDPA plan shall consist of the entire plan relative solely to points of access, general location of the proposed buildings, on-site vehicular circulation and common open space areas; and (ii) the Applicant has the option to request Final Development Plan Amendment ("FDPA") approvals from the Planning Commission in accordance with Section 16-402 of the Zoning Ordinance with respect to the remaining elements. The Applicant further retains the option to file partial Conceptual Development Plan Amendment(s) in the future.

4. **Minor Modifications.** Pursuant to Paragraph 4 of Section 16-403 of the Zoning Ordinance, minor modifications from the approved CDPA/FDPAs described above encompassing the application Property may be permitted, as determined by the Zoning Administrator. The Applicant shall have the flexibility to modify the layout shown on the CDPA/FDPA, provided such changes are in substantial conformance with the CDPA/FDPA and proffers, and do not increase the total square footage, decrease the minimum amount of open space or the peripheral setbacks shown to be provided.

5. **Maximum Residential Square Footage.** In accordance with the Board of Supervisors' approval of the modification of Paragraph 5 of Section 6-206 of the Zoning Ordinance to permit an increase in the gross floor area devoted to dwellings as a secondary use in excess of fifty (50) percent of all principal uses in the development, up to 150,000 gross square feet of residential use shall be permitted within Land Bay V-B, not including any ADUs which may be provided pursuant to Paragraph 7 below. The Applicant reserves the right to develop fewer square feet than the maximum gross square footage of residential uses referenced in this paragraph without the need for a PCA.

6. **Architectural Design.** The architectural design of the multi-family and office building shall be consistent with the general character of the elevations shown on Sheets 4-6 of the FDPA. The Applicant reserves the right to revise the elevations as a result of final architectural design, so long as the character and quality of design remains consistent with those shown. Building materials for the office building shall be compatible with the existing office building. Building materials for the residential building shall consist of masonry, brick, stone, pre-cast concrete, ground and/or split face CMU. In addition to the preceding materials, EFIS that is visually compatible with the masonry materials may be utilized on the upper floors. The design of the office and residential plazas shall be in substantial conformance with the CDP/FDP.

7. **ADU Contribution.** Applicant shall choose to either a) provide 5% of the total units in the multi-family building as ADU's, or b) donate ½% of the projected sales prices of each unit in the multi-family building to the Housing Trust Fund prior to issuance of the building permit for the multi-family building. In the event that the multi-family units are available for rent, the Applicant's ½% contribution would be based on the total development cost of the multi-family building as determined by the Applicant in consultation with the staff of the Fairfax County Department of Housing and Community Development and the Department of Public Works and Environmental Services ("DPWES").

8. **Public Schools Contribution.** At the time of issuance of the building permit for the multi-family residential building located within the CDPA 82-P-069-7 portion of the Application Property, the Applicant shall provide to the Fairfax County Board of Supervisors a contribution of \$780 per non-ADU dwelling unit. Such contributions shall be available for use in any of the public schools in Fairfax County.

9. **Recreational Facilities.** Pursuant to Section 6-209 of the Zoning Ordinance the Applicant shall provide the recreational facilities to serve residential units located within that portion of the Application Property subject to CDPA 82-P-069-7. At the time of building permit approval for the residential building, the Applicant shall demonstrate that the value of any proposed recreational amenities within the respective site plan area is equivalent to a minimum of \$955.00 per market-rate residential unit on such site plan, as required by Article 6 of the Zoning Ordinance. To the extent the Applicant's expenditure for on-site recreational facilities totals less than \$955 per market-rate residential unit on such site plan, the Applicant shall, at the time of building permit approval, contribute an amount equal to the difference in total recreational funds expended (as compared to \$955 per market-rate unit for that site) for on-site amenities to FCPA for use for athletic facilities and fields at the Popes Head Assemblage.

A swimming pool with bathroom facilities shall be provided within or on the top level of the multi-family building. An exercise room shall be provided within the multi-family structure.

10. **Additional Park Contribution.** In addition to any recreational contribution made pursuant to Proffer #8, Applicant shall contribute \$484 per non-ADU dwelling unit at time of building permit approval to the Fairfax County Park Authority ("FCPA") for use for athletic facilities and fields at the Popes Head Assemblage.

11. **Limits of Clearing and Grading/Tree Preservation.** The Applicant shall submit a tree preservation plan as part of the first and all subsequent site plan submissions. The preservation plan shall be prepared by a professional with experience in the preparation of tree preservation plans, such as a certified arborist or landscape architect, and shall be subject to the review and approval of the Urban Forest Management, DPWES.

The tree preservation plan shall consist of a tree survey that includes the location, species, size, crown spread and condition rating percentage of all trees 10 inches in diameter and greater, and 20 feet to either side of the limits of clearing and grading shown on the CDP/FDP for the entire site. The tree preservation plan shall provide for the preservation of those areas shown for tree preservation, those areas outside of the limits of clearing and grading shown on the CDP/FDP, and those additional areas in which trees can be preserved as a result of final engineering. The condition analysis ratings shall be prepared using methods outlined in the latest edition of the Guide for Plant Appraisal published by the International Society of Arboriculture. Specific tree preservation activities that will maximize the survivability of trees identified to be preserved, such as: crown pruning, root pruning, mulching, fertilization, and others as necessary, shall be included in the plan.

All trees shown to be preserved on the tree preservation plan shall be protected by tree protection fence. Tree protection fencing shall be four foot high, 14 gauge welded wire attached to 6 foot steel posts driven 18 inches into the ground and placed no further than 10 feet apart and erected at the limits of clearing and grading as shown on the demolition, and phase I & II erosion and sediment control sheets.

The installation of all tree protection fence types shall be performed under the supervision of a certified arborist, and accomplished in a manner that does not harm existing vegetation that is to be preserved.

The Applicant shall conform to the limits of clearing and grading as shown on the CDP/FDP, subject to the installation of utilities and/or trails as determined necessary by the Director of DPWES. If it is determined necessary to install utilities and/or trails outside of the limits of clearing and grading as shown on the CDP/FDP, they shall be located in the least disruptive manner necessary as determined by Urban Forest Management, DPWES. A replanting plan shall be developed and implemented, subject to approval by Urban Forest Management, DPWES, for any areas outside the limits of clearing and grading that must be disturbed.

During any clearing or tree/vegetation/structure removal or transplantation of vegetation on the Application Property, a representative of the Applicant shall be present to monitor the process and ensure that the activities are conducted as proffered and as approved by Urban Forest

Management, DPWES. The Applicant shall retain the services of a certified arborist or landscape architect to monitor all construction work and tree preservation efforts in order to ensure conformance with all tree preservation proffers/conditions, and Urban Forest Management, DPWES approvals. The monitoring schedule shall be described and detailed in the landscaping plan, and reviewed and approved by Urban Forest Management, DPWES.

12. **Traffic Signal.** The Applicant shall submit a traffic signal warrant analysis of the Land Bay V-B entrance onto Fair Lakes Circle most proximate to Tax Map Parcel 55-2-((1))-18, subject to review and approval by VDOT, two years from the date of issuance of the first occupancy permit for the new multi-family residential building to be constructed in Land Bay V-B, but not later than the time of final bond release for the residential building. Only if deemed warranted based upon the above analysis, the Applicant shall design and install a traffic signal at said intersection. If, based on said analysis, VDOT determines that a traffic signal is not warranted, then the Applicant shall be released from this proffer obligation and escrowed funds, if any have been posted by the Applicant towards said signal, shall be returned to the Applicant.

13. **Bus Shelter.** The Applicant shall provide one (1) bus shelter, with no requirement for a turnoff lane or additional road improvements, along Fair Lakes Circle, in the vicinity of the multi-family building, as determined by the Director of DPWES at the time of building permit issuance for that building, only (i) if a bus shelter has not been constructed by that time by others, and (ii) if it is determined that scheduled public or private bus service shall utilize said shelter. If the shelter is provided, the Applicant shall maintain the shelter and said maintenance obligation shall be provided for in Condominium Owners Association documents.

14. **Trails.** The Applicant shall provide a four-foot wide, concrete sidewalk along Fair Lakes Circle starting at the multi-family entrance and extending up to the second median break to the east (approximately 1,000 feet) and up to the next median break to the west (approximately 1,000 feet), as depicted on the FDPA, prior to issuance of the 60<sup>th</sup> RUP.

15. **Office Transportation Demand Management.** The new office owner shall provide:  
(i) dissemination of Transportation Demand Management materials discussing available transit information, car/van pooling formation, and the Metrocheck program to lessees/purchasers;  
(ii) convenient parking in preferred locations of office parking structures for car pool/van pool use; (iii) broadband, high capacity data/network connections to the office building; and  
(iv) bicycle storage facilities in the office building or in the adjacent office building on Tax Map 55-2-((1))-9A.

16. **Residential Transportation Demand Management.** To encourage car and vanpooling, at the time of the initial sale of each residential unit, or if the building is a rental building, then at the time of entering into each respective initial lease, the Applicant shall provide to the initial purchaser, or to the initial lessee if a rental building, information about the County's ridesharing program. In addition, the Applicant shall: (i) make available Metro maps, schedules and forms, ridesharing and other relevant transit options in the respective initial residential sale/lease packages; (ii) make said information available to owners/tenants in a common area of the building; (iii) provide amenities for bicycle storage; and (iv) provide a sidewalk system designed to encourage/facilitate pedestrian circulation as shown on the FDPA.

17. **Fair Lakes Shuttle.** The multi-family community shall participate in the Fair Lakes Shuttle program as long as it is operated by the Fair Lakes League or similar Owners Association.

18. **Noise Attenuation.** Wyle has prepared a Traffic Noise Analysis of the Property dated January 7, 2005. This report provides an analysis of noise impacts associated with Route 66. The Applicant shall submit the report to DPWES with submission of the site plan. Based on the findings of that report, the Applicant shall provide the following noise attenuation measures:

- (i) In order to reduce interior noise to a level of approximately 45 dBA Ldn, units in the residential building which is projected to be impacted by highway noise from Route 66 having levels projected to be above 65 dBA Ldn, shall be constructed with the following acoustical measures:

Exterior walls shall have a laboratory sound transmission class (STC) rating of at least 39. Doors and glazing shall have a laboratory STC rating of at least 28 unless glazing constitutes more than 20% of any façade exposed to noise levels above Ldn 65 dBA. If glazing constitutes more than 20% of an exposed façade, then the glazing shall have an STC rating of at least 39. All surfaces should be sealed and caulked in accordance with methods approved by the American Society for Testing and Materials (ASTM) to minimize sound transmission. Any units requiring mitigation shall be identified on the site plan.

- (ii) Prior to the issuance of building permits, alternative interior noise attenuation measures may be provided subject to the implementation of a refined noise study as reviewed and approved by DPWES after consultation with the Department of Planning and Zoning.
- (iii) Noise impacts shall be attenuated on the pool deck facility to reduce the highway noise levels to 65 dBA.

19. **Lighting.** All outdoor lighting fixtures shall be in accordance with the Performance Standards contained in Part 9 (Outdoor Lighting Standards) of Article 14 of the Zoning Ordinance. Fixtures used to illuminate streets, parking areas and walkways shall not exceed forty (40) feet in height, shall be of low intensity design and shall utilize full cut-off fixtures which shall focus directly on the Property. All upper level parking deck lighting fixtures shall not exceed a height of twenty (20) feet.

20. **Energy Efficiency.** All residential units shall meet the thermal standards of the CABO Model Energy Program for energy efficient homes, or its equivalent, as determined by DPWES.

21. **Private Street Design.** Both the streets and sidewalks shall be constructed in conformance with Public Facilities Manual TS 5A Standards with regard to design, depth of pavement and materials consistent with public streets and sidewalk standards. The Applicant shall be responsible for the maintenance of all private streets and sidewalks.

22. **Temporary Signs.** No temporary signs (including "Popsicle" style paper or cardboard signs) which are prohibited by Article 12 of the Zoning Ordinance, and no signs which are prohibited by Chapter 7 of Title 33.1 or Chapter 8 of Title 46.2 of the Code of Virginia shall be placed on- or off-site by the Applicant or at the Applicant's direction to assist in the initial sale or rental of residential units on the Property. Furthermore, the Applicant shall direct its agents and employees involved in marketing and sale and/or rental of residential units on the Property to adhere to this proffer.

23. **Successors and Assigns.** Each reference to "Applicant" in this Proffer Statement shall include within its meaning, and shall be binding upon, Applicant's successor(s) in interest and/or developer(s) of the site or any portion of the site.

24. **Counterparts.** To facilitate execution, this Proffer Statement may be executed in as many counterparts as may be required. It shall not be necessary that the signature on behalf of all the parties to the Proffer Statement appear on each counterpart of this Proffer Statement. All counterparts of this Proffer Statement shall collectively constitute a single instrument.

**FINAL DEVELOPMENT PLAN AMENDMENT CONDITIONS**

FDPA 82-P-069-01-13

**April 27, 2005**

If it is the intent of the Planning Commission to approve an office development located at Tax Map 55-2 ((1)) 6, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions, which supersede all previously approved conditions as they pertain to this site. An asterisk denotes conditions carried forward from FDPA 82-P-069-01-10.

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment entitle "Fair Lakes Land Bay V-A" prepared by Dewberry & Davis LLC consisting of three sheets dated August 9, 2004, as revised through January 27, 2005.
2. The existing trail located south of the site, along Fair Lakes Circle, shall be extended into the site as determined by DPWES.
3. All secondary uses proposed on the Final Development Plan shall be located within the office structure and designed to serve only the tenants of the Fair Lakes development. In addition, free standing fast food restaurants, drive-thru facilities, and child care centers shall not be permitted without the approval of a Final Development Plan Amendment.\*
4. Signage shall be in conformance with the Fair Lakes Comprehensive Sign Plan, as may be amended.\*
5. Upon request by VDOT, easements shall be provided at no cost for the improvements to the interchange for Fair Lakes Parkway and Fairfax County Parkway.

## FINAL DEVELOPMENT PLAN AMENDMENT CONDITIONS

FDPA 82-P-069-08-4

April 27, 2005

If it is the intent of the Planning Commission to approve an office development located at Tax Map 55-2 ((1)) 6A and 8, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions, which supersede all previously approved conditions as they pertain to this site. An asterisk denotes conditions carried forward from FDPA 82-P-069-08-3.

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment entitle "Fair Lakes Land Bay V-A" prepared by Dewberry & Davis LLC consisting of three sheets dated August 9, 2004, as revised through January 27, 2005.
2. The existing trail located south of the site, along Fair Lakes Circle, shall be extended into the site as determined by DPWES.
3. All secondary uses proposed on the Final Development Plan shall be located within the office structure and designed to serve only the tenants of the Fair Lakes development. In addition, free standing fast food restaurants, drive-thru facilities, and child care centers shall not be permitted without the approval of a Final Development Plan Amendment.\*
4. Signage shall be in conformance with the Fair Lakes Comprehensive Sign Plan, as may be amended.\*
5. Upon request by VDOT, easements shall be provided at no cost for the improvements to the interchange for Fair Lakes Parkway and Fairfax County Parkway.

# FINAL DEVELOPMENT PLAN AMENDMENT CONDITIONS

FDPA 82-P-069-06-8 and FDPA 82-P-069-11-3

May 31, 2005

If it is the intent of the Planning Commission to approve FDPA 82-P-069-06-8 and FDPA 82-P-069-11-3 for a mixed-use development located at Tax Maps 55-2 ((1)) 9A and 18, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions, which supersede all previously approved conditions as they pertain to this site.

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment entitled "Fair Lakes Land Bay V-B" prepared by Dewberry & Davis LLC consisting of seven sheets dated September 21, 2004, as revised through April 13, 2005.
2. All secondary uses proposed on the Final Development Plan shall be located within the office structure and designed to serve only the tenants of the Fair Lakes development. In addition, free standing fast food restaurants, drive-thru facilities, and child care centers shall not be permitted without the approval of a Final Development Plan Amendment.
3. Signage shall be in conformance with the Fair Lakes Comprehensive Sign Plan as may be amended.
4. The distances depicted on the FDP between the parking garage and Interstate-66 right-of-way shall be considered minimum distances.
5. The top level of the parking deck shall have a minimum of five percent interior landscaping and planters or hanging planters along the parapet walls. The planters shall not run continuously but shall be designed to break up the top edge of the parking deck. The façade of the parking decks shall be treated with colored spandrels with architectural treatment. Such treatment shall consist of colors and building materials that match those of the adjacent office, as determined by DPWES.
6. Showers and lockers shall be provided within the proposed office building.
7. If provided, penthouses shall be for mechanical equipment and shall not exceed twenty-five feet and be in accordance with the limitations of Sect. 2-506 of the Zoning Ordinance.
8. As depicted on "Hyatt Plaza Landscape Exhibit" prepared by Lewis, Scully, Gionet and dated May 24, 2005 (Attachment 1), an amenity area with benches, tables and grilles, shall be provided within the tree save area at the north end of

the multi-family building; and benches and significant additional landscaping shall be provided at the major building entry to the multi-family building (eastern side).

9. Three crosswalks shall be provided between the multi-family building and the hotel, generally as shown on Attachment 1.

JULY 2004

FAIR LAKES, VA  
DEERBERRY  
JULY 2004

**APPROVED DEVELOPMENT CONDITIONS****FDPA 82-P-069-10-3****July 23, 2001**

If it is the intent of the Planning Commission to approve FDPA 82-P-069-10-3 for Landbay VA, located at Tax Map 55-2 ((1)) 11B and 11C to add a 6-story office building, 4-story parking garage and related surface parking, Staff recommends that the approval be subject to the following development conditions. These conditions shall supercede those conditions previously approved pursuant to FDPA 82-P-069-10-2 for that portion of the property subject to this FDPA.

1. Development of the subject property shall be in conformance with the FDPA plat entitled "Fair Lakes Landbay VA, (Part)," prepared by Dewberry & Davis (Sheets 1 – 6), dated January 30, 2001 and revised to June 21, 2001.
2. The proposed architecture of the buildings shall be in general conformance with the conceptual rendering depicted on Sheets 3 of 6 and 5 of 6 of the FDPA plat. Architectural treatment of all facades of the parking structure shall be compatible with the proposed office building.
3. All on-site parking lot and parking structure lighting shall be directed downward and inward to prevent light spilling onto adjacent properties. In order to provide maximum security, energy efficiency and quality ambient lighting, full cut-off light fixtures shall be used for all parking lot and parking deck lighting, including the "wall-pack" security lighting typically found at the rear, sides, and alleyways of buildings and for pedestrian lighting. Lighting for landscaping shall not utilize "up-lighting", but rather downward-focused lighting that does not present glare or provide an overly lit environment that hinders night time vision, as determined by DPWES.
4. All dumpsters shall be fully screened from view through the use of solid, opaque enclosures.
5. A nonresidential use permit shall not be issued for any use unless parking and loading is provided in accordance with Article 11 of the Zoning Ordinance as determined by DPWES.
6. Signage shall be in conformance with the approved Comprehensive Sign Program for the Fair Lakes development, as it may be amended.

7. Prior to site plan approval, a landscape plan shall be submitted for review and approval by the Urban Forestry Division, DPWES. Landscaping shall be consistent with the quality, quantity and locations depicted on Sheet 4 of the FDPA plat, as determined by the Urban Forestry Division of DPWES. Deciduous trees shall have a minimum planting size of 2.5 inch caliper, and evergreen trees shall have a minimum planting height of 5 - 6 feet. The landscape plan shall include planters for landscaping on the top level of the north face (facing Fairfax County Parkway) of the parking garage, and shall include provisions for the maintenance of all landscaping approved pursuant to the plan, including provision for an irrigation system for the parking garage planters.
  
8. For purposes of maximizing the preservation of trees in tree save areas, the applicant shall prepare a tree preservation plan. The plan, to be prepared by a certified arborist, shall be submitted to the Urban Forestry Branch of DPWES for review and approval as part of site plan submission. The plan shall include a tree survey which identifies the species, size, and condition of all trees with a condition rating of 50 or greater and 12 inches and greater in diameter located within 20 feet of either side of the limits of clearing and grading in designated tree save areas, as well as individual trees designated for preservation on the FDPA plat. Any trees large enough to be surveyed that are dead or dying shall be identified as such, without a condition rating. The condition analysis shall be prepared using methods outlined in the latest edition of *The Guide for Plant Appraisal*. Specific tree preservation activities designed to maximize the survivability of trees designated for preservation shall be incorporated into the tree preservation plan. Activities may include, but are not limited to, crown pruning, root pruning, mulching and fertilization. The plan shall include provisions for maintenance and replacement of existing trees to be preserved as well as proposed landscaping.

All trees shown to be preserved on the tree preservation plan shall be protected by four foot high tree protection fencing which shall be made clearly visible to all construction personnel. The tree protection fencing shall be installed prior to the performance of any clearing and grading activities on the site.

The County Urban Forester may require modifications of such plans to the extent these modifications do not alter the location of proposed buildings, or require the installation of retaining walls greater than 2 feet in height. Clearing, grading and construction shall conform to the limits of clearing and grading as shown on the FDPA plat, subject to the installation of necessary utility lines, trails and other required site improvements, as approved by DPWES. The Applicant shall have the limits of clearing and grading marked with a continuous line of flagging prior to commencement of clearing and grading activities on the site.

9. At time of site plan approval, or upon request by the County, whichever occurs first, a 35-foot temporary construction easement, coinciding with the location depicted on the FDPA plat, and meeting the approval of the County Attorney, DPWES and the VA Department of Transportation (VDOT), shall be executed and granted at no cost to facilitate planned improvements for that portion of the Fairfax County Parkway fronting on the subject properties. Upon request by the County, easements shall also be provided at no cost for the permanent placement of storm sewers, manholes, inlet structures, the four foot trail referenced in Condition 11 below, and appurtenant facilities associated with the Parkway widening.
10. At time of execution of the above easement, the existing easement (DB 6305, PG 1889) shall be vacated, subject to VDOT approval.
11. A four foot wide asphalt trail shall be installed and maintained within the temporary easement as referenced in Condition 9 above, parallel to and in between the Fairfax County Parkway right-of-way and the existing Fair Lakes 5 office building, the proposed office building, and the parking garage, as depicted on the FDPA plat.
12. As determined by DPWES, stormwater management facilities and/or best management practices (BMPs) shall be provided in accordance with the requirements of the Fairfax County Public Facilities Manual, and County plan approval 5727-PI-10, unless waived or modified by DPWES.
13. In lieu of installing proposed landscaping within the 35 foot temporary construction easement as depicted on the FDPA plat, the Applicant shall contribute a cash escrow to be utilized by the County or at the County's option, to be utilized by the Applicant for the installation of said landscaping subsequent to completion of planned Fairfax County Parkway improvements within the easement area. The amount of this cash escrow shall be determined by DPWES at the time of site plan approval, and shall be based upon standard Fairfax County Comprehensive Unit Price Schedules.
14. All secondary uses proposed on the FDPA plat shall be located within the office structures and designed to serve primarily the tenants, residents and patrons of the Fair Lakes development. In addition, free standing fast food restaurants, drive-through facilities, or child care centers shall not be permitted without the approval of a Final Development Plan Amendment.
15. The applicant shall provide bicycle racks in the vicinity of the office building.

# County of Fairfax, Virginia

## MEMORANDUM

DATE: August 16, 2007

TO: Regina Coyle, Director  
Zoning Evaluation Division, DPZ

FROM: Pamela G. Nee, Chief *pgn*  
Environment and Development Review Branch, DPZ

SUBJECT: Comprehensive Plan Land Use and Environmental Analysis:

PCA 82-P-069-15  
FDPA 82-P-069-01-14  
FDPA 82-P-069-10-04  
CDPA 82-P-069-03-01

Fair Lakes – Land Bay V-A - Office

This memorandum, prepared by John R. Bell, includes citations from the Comprehensive Plan that provide guidance for the evaluation of the above referenced Conceptual Development Plan/Final Development Plan Amendment (FDPA) dated March 26, 2007, as revised through August 1, 2007 and proffers dated June 7, 2007, as revised through August 2, 2007. The extent to which the proposed use, intensity and development plans are consistent with the guidance contained in the Comprehensive Plan, is noted.

### DESCRIPTION OF THE APPLICATION

The development proposal is for the construction of two office buildings and structured parking up to nine stories with a height not to exceed 125-feet. The proposed floor area is noted as approximately 267,000 square feet. The office buildings are planned as two (2) separate towers with integrated structured parking. Each building may be up to nine stories in height. However, it should be noted that one building may be as much as 4-stories shorter than the other. Sub-Units H1 and H2 were the subject of a Plan Amendment to provide an option for office and residential uses in this portion of the existing Fair Lakes development subject to certain conditions noted in the Comprehensive Plan. The site is currently zoned PDC, which will not be changed. The applicants are seeking an FAR of approximately 0.43. Parking requirements for the office uses are noted as 1,453 spaces with 1,749 spaces provided in a mix of 667 surface parking spaces and 1,082 structured parking spaces.

## **LOCATION AND CHARACTER OF THE AREA**

The subject property is located in Sub-Unit H1 and H2 of the Fairfax Center Area. The site is located between the Fairfax County Parkway, Fair Lakes Parkway and Fair Lakes Circle. The proposed development will have access from Fair Lakes Circle. Much of this land unit has been developed with office uses. An adjoining land area is currently under consideration for multi-family residential with a proposed height of 14-stories. The subject property and all surrounding properties are zoned PDC.

## **COMPREHENSIVE PLAN**

Fairfax County Comprehensive Plan, 2007 Edition, Area III, Fairfax Center Area, as amended through September 25, 2006, Land Unit Recommendations, Sub-Units H1 and H2, pages 65-67:

“These sub-units are planned for office mixed-use. Office development that incorporates architectural excellence, preservation and enhancement of natural features, uniform signing, lighting and landscaping systems and quality roadway entry treatments are development elements that must be achieved to justify the overlay level.

The following options exist for development above the planned and approved .25 FAR overlay level. Densities and uses specified in these options are only appropriate for the sites described. These uses and densities are not to be transferred to other locations within the Fairfax Center Area.

As an option at the overlay level, Tax Map Parcels 55-2((1))6, 11A1 and 11B1 may be appropriate for up to 267,000 SF of office use, provided that the following conditions are met:

- Pedestrian connections are provided to the surrounding uses;
- Appropriate buffering and screening should be provided and impacts to existing buffer areas should be minimized. Any new development should minimize the loss of mature trees located in existing buffer areas along public roads;
- Development is well integrated with existing uses through pedestrian connections, landscaping, and amenities;
- High quality site and architectural design for buildings and parking structures is provided, including compatibility with adjacent buildings; and
- Provision of a centrally located, publicly accessible urban park or plaza with extensive landscaping.”

### Transportation

Transportation improvements should be provided to mitigate the impact associated with development above the .25 FAR overlay level. The intersection of the Fairfax County

Parkway and the Fair Lakes Parkway is above capacity, and a grade-separated interchange is planned and under design. Additional mitigation measures to facilitate construction of this interchange should be provided with new development above the .25 FAR overlay level. Any development should be coordinated with the Fairfax County HOV Design Study.

Improved bus service may be needed to serve additional development. A safe and efficient pedestrian system should link the key areas in Fair Lakes to provide appropriate connections between office, retail, hotel and residential uses.”

**Comprehensive Plan Map:** Fairfax Center Area.

Fairfax County Comprehensive Plan, Policy Plan, 2003 Edition, Environment section as amended through November 15, 2004, on page 5 through 7, the Plan states:

**“Objective 2: Prevent and reduce pollution of surface and groundwater resources. Protect and restore the ecological integrity of streams in Fairfax County.**

Policy k. For new development and redevelopment, apply better site design and low impact development techniques such as those described below, and pursue commitments to reduce stormwater runoff volumes and peak flows, to increase groundwater recharge, and to increase preservation of undisturbed areas. In order to minimize the impacts that new development and redevelopment projects may have on the County's streams, some or all of the following practices should be considered where not in conflict with land use compatibility objectives:

- Minimize the amount of impervious surface created.
- Site buildings to minimize impervious cover associated with driveways and parking areas and to encourage tree preservation. . . .

Development proposals should implement best management practices to reduce runoff pollution and other impacts. Preferred practices include: those which recharge groundwater when such recharge will not degrade groundwater quality; those which preserve as much undisturbed open space as possible; and, those which contribute to ecological diversity by the creation of wetlands or other habitat enhancing BMPs, consistent with State guidelines and regulations.

Proposals that include the use or storage of hazardous materials should provide adequate containment facilities, monitoring, and spill prevention strategies to protect surface and groundwater resources consistent with State regulations. . . .”

In the Fairfax County Comprehensive Plan, Policy Plan, 2007 Edition, Environment section as amended through November 15, 2004, on page 14, the Plan states:

**“Objective 10: Conserve and restore tree cover on developed and developing sites. Provide tree cover on sites where it is absent prior to development.**

Policy a: Protect or restore the maximum amount of tree cover on developed and developing sites consistent with planned land use and good silvicultural practices.

Policy b: Require new tree plantings on developing sites which were not forested prior to development and on public rights of way.”

## **ANALYSIS**

### **Intensity and Use**

The subject property encompasses a portion of Sub-units H1 and H2 of the Fairfax Center Area. As an option at the overlay level, the subject area is planned for up to 267,000 square feet of office use provided that site-specific conditions are met. The applicants are seeking to develop the maximum recommended 267,000 square feet of office use under this Plan option. The proposed development will be supported by a total of 667 surface parking spaces and 1,082 structured parking spaces. The overall intensity of the proposed office development is identified as 0.27 FAR by the applicants. The application generally conforms to the Comprehensive Plan guidance for basic use and intensity at this location.

### **Site-Specific Plan Conditions**

The Plan option for office use up to 267,000 square feet at this location may be considered appropriate only if site-specific Plan conditions are met. Specifically, the Plan recommends that pedestrian connections be provided to the surrounding uses, buffering and screening be provided with limited impacts to existing tree cover, high quality design and architecture be provided which is compatible with surrounding structures and a publicly accessible park or plaza with extensive landscaping be provided. The applicants are proposing to construct up to the maximum recommended amount of office space at 267,000 square feet configured in two office towers with a common lobby area. Each office tower has a maximum height limit of 9-stories with no more than a 4-story difference between the two towers. As recommended by the Plan, the applicants will provide a publicly accessible plaza area with extensive landscaping. Pedestrian connections to the existing surrounding uses will be provided as recommended by the Plan as well as adequate screening to the Fairfax County Parkway. The applicants have also provided conceptual drawing for the proposed architecture and elevations of the proposed office use at this location. Staff finds that the proposed development is generally consistent with the site-specific Comprehensive Plan conditions regarding pedestrian connections, buffering and screening, integration of the development, site and architectural design, and plaza.

### **Transportation**

This application is part of a grouping of six applications for a combined total of up to 1.5 million additional square feet of office, retail, hotel and residential uses within the larger Fair Lakes development. These applications have been filed following the recent adoption of Comprehensive Plan amendments for this area. The addition of these uses to the existing development will clearly result in impacts to the surrounding transportation infrastructure. Given those impacts, staff feels that it may be appropriate to seek funding from the applicants to support major future infrastructure improvements, such as the Fairfax County Parkway and Fair Lakes Parkway interchange, as well as the Fairfax Center Road Fund. More specific

guidance regarding transportation improvements and contributions will be subject to review, commentary and recommendations from the Fairfax County Department of Transportation.

## **Environment**

### **Water Quality**

#### **Issue:**

Stormwater management and best management practices (BMP's) for the subject property are currently provided by an existing wet pond located on a portion of the property. While the applicants have noted that all required water quality improvement measures already exist at this location, staff had requested that the applicants strongly consider providing additional water quality measures for the proposed new development. Additional Low Impact Development (LID) measures could provide additional water quality improvement for the proposed development.

#### **Resolution:**

Staff feels that there are additional opportunities to improve water quality with the proposed development. The applicants have not noted any additional water quality improvement measures beyond the existing facilities for this site. Provisions for filterstrips, porous pavement, green roof areas, rain gardens or other LID measures are strongly encouraged and should be incorporated into the proposed new development. Any final determination regarding stormwater management and best management practice (BMPs) for the proposed development will be made by staff in the Department of Public Works and Environmental Services (DPWES).

### **Tree Cover**

#### **Issue:**

Staff feels that the applicants have made a reasonably good effort to preserve existing tree cover for the proposed development, while also expanding landscaped areas to this portion of the proposed development. Staff had asked the applicants to provide commitments to preserve an American chestnut noted on a portion of the site.

*Regina Coyle*  
*PCA 82-P-069-15*  
*FDPA 82-P-069-01-14*  
*FDPA 82-P-069-10-04*  
*CDPA 82-P-069-03-01*  
*Page 7*

**Resolution:**

The applicants have provided proffered commitments to make all reasonable efforts to preserve the American Chestnut noted on the site. These efforts will be coordinated with staff from the Urban Forestry Branch in the Department of Public Works and Environmental Management.

## MEMORANDUM

**DATE:** August 15, 2007

**TO:** Regina Coyle, Director  
Zoning Evaluation Division  
Department of Planning and Zoning

**FROM:** Angela Kadar Rodeheaver, Chief  
Site Analysis Section  
Department of Transportation 

**SUBJECT:** Transportation Impact

**FILE:** 3-4 (RZ 87-S-039)

**REFERENCE:** PCA 82-P-069-15, CDPA 82-P-069-3-1, FDPA82-P-069-10-4,  
FDPA82-P-069-1-14; Fair Lakes Center Assoc. L.P.  
Traffic Zone: 1683  
Land Identification: 55-2 ((1)) 6B, 11A1, 11B1, and part of 8A1

The following comments reflect the position of the Department of Transportation and are based on the development plan revised to August 1, 2007, draft proffers last dated August 2, 2007, and a traffic impact analysis dated May 2, 2007. The applicant is seeking rezoning approval in order to construct a 267,000gsf office building.

*Transportation Overview.* This building is part of an overall expansion of the Fair Lakes Development by approximately 1,375,000gsf. The 1.375 million square feet of additional development is located throughout Fair Lakes, and will have a cumulative impact on traffic in the area. The applicant's traffic study indicates the these additional uses will generate over 12,900 new trips per day and this is after a 10% office/residential reduction for synergy/transit and a 15% reduction for retail pass-by trips.

*Fair Lakes Parkway/Fairfax Parkway Intersection.* The study indicates that 78% of the office, 66% of the retail and 82% of the residential trips generated with the proposed development will access the site via the Fairfax Parkway/Fair Lakes Parkway intersection. Based on the applicant's traffic counts, the new development would increase the existing weekday p.m. peak hour intersection traffic by approximately 13.8%.

An interchange is presently under design, with plans completed to the 70% level. Construction funding is being identified, but a total cost for the interchange has not yet been determined. Based on plans engineered to date, the latest cost estimate is 75 Million Dollars. Some additional right-of-way and easements will be needed, primarily to facilitate construction of sound walls, storm water detention, and trails.

In addition to these current applications, right-of-way and/or easements will be needed from various parcels previously rezoned with RZ 82-P-069. No density value remains with these parcels. As such, it would be desirable for the applicant to provide dedication and easements as needed from all parcels associated with RZ 82-P-069, but at a minimum, from all properties now submitted for additional development.

*Comprehensive Plan Concerns.* The adopted Comprehensive Plan states that:

“The intersection of Fairfax County Parkway and the Fair lakes Parkway is above capacity, and a grade-separated interchange is planned and under design. Additional mitigation measures to facilitate construction of this interchange should be provided with new development above the .25 FAR overlay level”.

In order to address the above Plan language, the applicant should commit to a monetary contribution to aid in construction of the interchange.

*Specific Transportation Concerns.* The following issues are related to this specific application.

1. Commitment to provide all easements and right-of-way needed for construction of the Fair Lakes Parkway/Fairfax County Parkway interchange project, VDOT project 7100-029-353. The interchange plans engineered to date identify the need for right-of-way/easements from this site.
2. Provision of a per square footage contribution towards construction of the Fair Lakes Parkway/Fairfax County Parkway interchange, VDOT project 7100-029-353.
3. Enhancement of the Transportation Demand Management commitments. The draft proffers include a TDM program, with a reduction of 10% in office and residential vehicle trips. A 10% reduction in trip generation was already assumed by the applicant for synergy between uses. Other suburban locations have committed to at least 20 percent. Given the size of the proposed development and increase in traffic to adjoining roadways, a greater reduction commitment is appropriate.
4. Modification of the draft Proffer 17.D. The commitment for signal installation is for the signal to be installed prior to Non-RUP for the office building. It may be appropriate for installation of the signal to occur at a later point in time. The commitment time-frame should

Regina Coyle, Director  
August 15, 2007  
Page 3 of 3  
(PCA 015)

be modified to allow for installation at any point to build-out of the three applications with which the signal is proffered.

5. Construction of a travel aisle connecting this site with the site immediately west of this proposed building. In order ease internal travel and encourage trip reductions, the parking lot immediately north of the proposed building should be connected to the parking lot immediately south of the existing office building [Fair Lakes building 7]. As proposed, direct vehicular connections between the two parking lots will be precluded by a narrow landscaped area.

6. Limitation of Cellar Space square footage. The applicant has not identified any cellar space usage, and no usage was included in the transportation analyses completed for Fair Lakes. It is not unusual for theaters, retail space such as health clubs, and some office space to be located below street level. As such the applicant should commit that cellar space usage for retail or office space will not exceed ten percent total ground floor square footage for the development.

7. Provision of an exhibit of proposed transportation improvements. A functional level exhibit of the proposed transportation improvements should be provided for clarification.

## MEMORANDUM

**DATE:** April 19, 2007

**TO:** Barbara Byron, Director  
Zoning Evaluation Division  
Office of Comprehensive Planning

**FROM:** Ralph Dulaney (246-3868)  
Information Technology Section  
Fire and Rescue Department

**SUBJECT:** Fire and Rescue Department Preliminary Analysis of Proffered condition amendment PCA 82-P-069-15, Conceptual Development Plan amendment CDPA 82-P-069-03-01, Final Development Plan Amendment 82-P-069-10-4 and Final Development Plan Amendment 82-P-069-1-14

The following information is submitted in response to your request for a preliminary Fire and Rescue Department analysis for the subject:

1. The application property is serviced by the Fairfax County Fire and Rescue Department Station #421, **Fair Oaks**
2. After construction programmed \_\_\_\_\_ this property will be serviced by the fire station \_\_\_\_\_
3. In summary, the Fire and Rescue Department considers that the subject rezoning application property:
  - a. currently meets fire protection guidelines.
  - b. will meet fire protection guidelines when a proposed fire station becomes fully operational.
  - c. does not meet current fire protection guidelines without an additional facility; however, a future station is projected for this area.
  - d. does not meet current fire protection guidelines without an additional facility. The application property is \_\_\_\_\_ of a mile outside the fire protection guidelines. No new facility is currently planned for this area.

Proudly Protecting and  
Serving Our Community

FDPA 82-P-069-10-04  
FDPA 82-P-069-01-14  
Fair Lakes Landbay V-A Office

Dear Ms. Byron:

The following information is submitted in response to your request for a water service analysis for the above application:

1. The property is served by Fairfax Water.
2. Adequate domestic water service is available at the site from existing 8-inch, 12-inch and 16-inch water mains located at the property. See the enclosed water system map. The Generalized Development Plan has been forwarded to Plan Control for distribution to the Engineering Firm, with comments pertaining to the proposed water system layout.
3. Depending upon the configuration of the on-site water mains, additional water main extensions may be necessary to satisfy fire flow requirements and accommodate water quality concerns.
4. Due to the limited detail of these plans, Fairfax Water will provide comprehensive comments regarding water facilities design upon submittal of final site plan.

If you have any questions regarding this information please contact Samantha Kearney at (703) 289-6313.

Sincerely,

Traci K. Goldberg, P.E.  
Manager, Planning

MEMORANDUM

TO: Staff Coordinator DATE: August 29, 2007  
 Zoning Evaluation Division, OCP

FROM: Gilbert Osei-Kwadwo (Tel: 324-5025)  
 System Engineering & Monitoring Division  
 Office of Waste Management, DPW

SUBJECT: Sanitary Sewer Analysis Report

REFERENCE: Application No. PCA 82-P-069-15  
 Tax Map No. 055-2-((01))-6B, 8A1(pt), 11A1, 11B1

The following information is submitted in response to your request for a sanitary sewer analysis for above referenced application:

1. The application property is located in the CUB RUN (T4) Watershed. It would be sewerred into the UOSA Treatment Plant.
2. Based upon current and committed flow, excess capacity is available in the Upper Occoquan Sewer Authority Treatment Plant at this time. For purposes of this report, committed flow shall be deemed as for which fees have been previously paid, building permits have been issued, or priority reservations have been established by the Board of Supervisors. No commitment can be made, however, as to the availability of treatment capacity for the development of the subject property. Availability of treatment capacity will depend upon the current rate of construction and the timing for development of this site.
3. An existing 8 inch line located in AN EASEMENT and ON the property is adequate for the proposed use at this time.
4. The following table indicates the condition of all related sewer facilities and the total effect of this application.

<u>Sewer Network</u>	<u>Existing Use + Application</u>		<u>Existing Use + Application + Previous Rezoning</u>		<u>Existing Use + Application + Comp. Plan</u>

APPENDIX 20

**TO:** Regina M. Coyle, Director  
Zoning Evaluation Division  
Department of Planning and Zoning

**FROM:** Sandy Stallman, Manager  
Park Planning Branch 

**DATE:** July 24, 2007

**SUBJECT:** PCA 82-P-069-15, CDPA 82-P-069-03-01, FDPA 82-P-069-10-4, FDPA 82-P-069-1-14  
(Fair Lakes Land Bay V-A) - ADDENDUM

The Park Authority staff has reviewed the Conceptual/Final Development Plan dated July 6, 2007 and the accompanying Proffer Statement dated July 12, 2007, for the above referenced application. Comments provided here are addenda to comments provided in earlier memos dated May 18, 2007 and June 20, 2007.

This application proposes to add 267,000 square feet of office use. The recommended contribution of \$0.27 per square foot should result in a proffer of \$ 72,090 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan for this Land Bay recommends "Provision of a centrally located, publicly accessible urban park or plaza with extensive landscaping" as a condition for approval of the requested 267,000 additional square feet of office use. The Development Plan shows an approximately 28,000 square foot rectangular plaza area in the midst of a surface parking area. The Plan does not specify whether the plaza will be hardscape, softscape, landscaped or otherwise developed with amenities and features. The Park Authority would like to see details and information on how this space will be designed and programmed to meet the open space and recreational needs of residents and employees in this portion of the Fair Lakes Area. In addition, the Plan should show how this plaza area relates to other nearby open spaces through safe and accessible pedestrian connections. Finally, the Park Authority recommends that the applicant place a public access easement on the plaza and its pedestrian connections.

Park Planning Branch

**DATE:** June 20, 2007

**SUBJECT:** PCA 82-P-069-15, Fair Lakes Land Bay V-A (office)  
Tax Map: 55-2 ((1)) 6B, 8A1 (pt), 11A1, 11B1

The Fairfax County Park Authority (FCPA) staff has reviewed the draft proffers dated June 7, 2007, for the above referenced application. Based on this submission, the Park Authority has the following comments:

In order to ensure that all residents and visitors to the Fair Lakes area will be able to enjoy the plaza amenity provided by this application, the applicant should place a public access easement on the plaza area. Therefore, the proffer statement should be amended to read as follows:

**“8. Plaza Development.** Prior to the issuance of the initial Non-RUP for the office building(s), the Applicant shall improve the plaza area detailed on Sheet 8 of the CDPA/FDPA. In addition, the applicant will place a public access easement on the plaza area and the trails leading to it from other public rights of way.”

(Fair Lakes Land Bay VI-A)

## **BACKGROUND**

The Park Authority staff has reviewed the proposed Development Plans dated February 27, 2007, for the above referenced applications. The subject properties for these applications are located in the same general area of the Fairfax Center Area, therefore, they will be addressed in one memorandum, with specific comments for each Land Bay under separate headings. The subject applications propose infill development on several surface parking lot areas within the Fair Lakes development area. This includes two new residential buildings with a total of 497 multi-family dwelling units, an additional 487,000 square feet of office space, 145,000 square feet of new retail space and a 105,000 square feet of hotel use (150 rooms). Based on the average multi-family household size of 1.82 in the Bull Run Planning District, the development could add 904 new residents to the Springfield Supervisory District.

## **COMPREHENSIVE PLAN CITATIONS**

### **1. Park Services and New Development (The Policy Plan, Parks and Recreation Objective 6, p. 8)**

**“Objective 6: Ensure the mitigation of adverse impacts to park and recreation facilities and service levels caused by growth and land development through the provision of proffers, conditions, contributions, commitments, and land dedication.”**

“Policy a: Offset residential development impacts to parks and recreation resources, facilities and service levels based on the adopted facility service level standards (Appendix 2). The provision of suitable new park and recreational lands and facilities will be considered in the review of land development proposals in accordance with Residential Development Criteria - Appendix 9 of the Land Use element of the Countywide Policy Plan.”

“Policy b: To implement Policy a. above, residential land development should include provisions for contributions, or dedication, to the Park Authority of usable parkland and facilities, public trails, development of recreational facilities on private open space, and/or provision of improvements at existing nearby park facilities.”

“Policy c: Non-residential development should offset significant impacts of work force growth on the parks and recreation system.”

### **2. Urban Park Development (The Policy Plan, Parks and Recreation, Park Classification System, Local Parks, p. 10-11, adopted June 20, 2005)**

“In urban areas, urban-scale local parks are appropriate. These publicly accessible urban parks should include facilities that are pedestrian-oriented and provide visual enhancement, a sense of identity, opportunities for social interactions, enjoyment of outdoor open space and performing and visual arts. Urban parks are generally integrated into mixed use developments or major employment centers in areas of the County that are planned or developed at an urban scale. Areas in the County that are generally appropriate for urban parks include Tysons Corner Urban Center, Transit Station Areas, Suburban Centers, Community Business Centers and identified “Town Centers” or mixed-use activity centers. Urban parks can be administered by private land owners, Fairfax County Park Authority, or through joint public and private sector agreements for public benefit.

Primary elements of urban-scale local parks are ease of non-motorized access and a location that complements, or is integrated with, surrounding uses. Features may include urban style plazas, mini-parks, water features and trail connections, oriented to pedestrian and/or bicycle use by employees and residents. Park architectural characteristics reflect the built environment. Short-term, informal activities and programmed events during lunch hours and after-work hours are intended to foster social interactions among users, provide leisure

opportunities, and create a visual identity to strengthen sense of place and orientation. In urban areas, park size is typically less than five acres and often under ½ acre. Service area is generally within a 5-10 minute walking distance from nearby offices, retail and residences. Well-conceived and executed design is critical to the viability of this type of park. To be successful urban parks need high visibility, easy access, lots of pedestrian traffic, immediacy of casual food service, access to basic utilities, landscaped vegetated areas, ample seating, high quality materials, a focal point or identity, regular custodial maintenance, and an inviting and safe atmosphere.”

**3. Park and Recreation Needs (Comprehensive Plan, Area III, Fairfax Center Area, Area Wide Recommendations, Parks and Recreation, p. 41)**

“The Fairfax Center Area represents both an opportunity and a challenge to create a new model for the provision of park and recreation facilities in an urban environment. The opportunity is to enhance the quality of life by locating these facilities in those (sic) proximity to the workplace as well as residences within a Suburban Center. The challenge is to institute cooperative public and private sector efforts to protect significant ecological and heritage resources and to provide a full range of facilities to accommodate the active and passive recreational needs of the community. Planning for places to play should therefore be a major priority in the development of the Fairfax Center Area.”

....

“On-site Neighborhood Park facilities should be provided as part of all planned residential development. In addition to the linear park along Monument Drive, other urban parks in the form of plazas at major road intersections and other locations are recommended as integral features of the Fairfax Center Area to be developed primarily by the private sector. Planning and program support should be provided by public agencies.”

**4. Park and Recreation Needs (Comprehensive Plan, Area III, Fairfax Center Area, Land Unit G, Recommendations, Land Use, p. 63) *applies to Fair Lakes Land Bay IV-A***

“As an option at the overlay level, development of the northeastern portion of the Fair Lakes Shopping Center, which is generally bounded by Fair Lakes Parkway, Fair Lakes Circle and the Fairfax County Parkway, (specifically Tax Map Parcels 55-2((4))12, 19, and 26A), may be appropriate for up to 140,000 SF of retail use and up to 120,000 SF of office use if the following conditions are met:

....

- Outdoor seating, urban parks or plazas, and extensive landscaping should be provided in any new development;”

**5. Park and Recreation Needs (Comprehensive Plan, Area III, Fairfax Center Area, Land Unit H, Sub-units H1 & H2, Recommendations, Land Use, p. 63) *applies to Fair Lakes Land Bay V-A***

“As an option at the overlay level, the redevelopment of the surface parking lot associated with Tax Map 55-2((1))9A may be appropriate for up to 100,000 SF of hotel or office uses provided that the following conditions are met:

- Amenities such as the inclusion of a restaurant or an indoor recreation facility should be provided if a hotel is constructed. If an office building or hotel is constructed, major or minor plazas, gathering spaces or other urban park features should be provided within or adjacent to the hotel or office use to promote activity between the existing office, hotel and residential uses;”

....

“As an option at the overlay level, Tax Map Parcels 55-2((1))6, 11A1 and 11B1 may be appropriate for up to 267,000 SF of office use, provided that the following conditions are met:

....

- Provision of a centrally located, publicly accessible urban park or plaza with extensive landscaping.”

....

“As an option at the overlay level, the redevelopment of the surface parking lot associated with Tax Map 55-2((1))8 may be appropriate for up to 350,000 SF of residential development if the following conditions are met:

....

- A publicly accessible urban park or park features should be included on the site, such as major or minor plazas, gathering spaces, athletic courts, tot lots, special landscaping, street furniture and pedestrian amenities. Impacts on Park Authority resources should be offset through the provision of or contribution to active recreation facilities in the service area of the development;

**6. Park and Recreation Needs (Comprehensive Plan, Area III, Fairfax Center Area, Land Unit I3, Recommendations, Land Use, p. 70) *applies to Fair Lakes Land Bay VI-A***

“As an option at the overlay level, the redevelopment of the surface parking lot associated with Tax Map 45-4((1))25E may be appropriate for up to 350,000 SF of residential uses if the following conditions are met:

....

- A publicly accessible urban park or park features should be included on the site, such as major or minor plazas, gathering spaces, athletic courts, tot lots, special landscaping, street furniture and pedestrian amenities. Impacts on Park Authority resources should be offset through the provision of or contribution to active recreation facilities in the service area of the development;”

**ANALYSIS AND RECOMMENDATIONS**

**Recreational Impact:**

The Park Authority’s primary concern is the lack of park and recreational facilities for the proposed commercial and residential uses. The 497 new dwelling units proposed for the Fair

Lakes development area would add approximately 904 residents to the current population of the Springfield Supervisory District. Pursuant to the recreational facility standards in the Park Authority's adopted Needs Assessment, the development of nearly 1,000 new residents generates the need for five acres of Local parkland and thirteen acres of District parkland. The new residents created by the proposed development will generate a need for 4.5 acres of Local and 11.75 acres of District parkland. Recognizing the limited opportunities for parkland dedication onsite, the Park Authority recommends offsetting the impact of this development through a combination of development of private, smaller, onsite plazas and recreational facilities and a contribution for larger offsite recreational facilities at public parkland.

Currently, there is a shortage of public parkland in the Fairfax Center Area. Existing nearby parks (Arrowhead, Greenbriar and Poplar Tree Parks) meet only a portion of the demand for parkland generated by development in the Fairfax Center Area. In addition to parkland, the recreational facilities in greatest need in this area include rectangular athletic fields, youth baseball and softball fields, multi-use courts, playgrounds, picnic areas, a neighborhood skate park and trails. A lack of developable parkland in the Fairfax Center Area has limited the Park Authority's ability to provide these types of facilities. As the population and employment of the area increases, the need for all types of parkland and recreational facilities will become more significant.

**Monetary Contribution to Offset the Impacts of Residential Development:**

The residents of this development will need access to outdoor recreational facilities. The Fairfax County Zoning Ordinance requires provision of open space and recreational features within Planned Development Districts (see Zoning Ordinance Sections 6-110 and 16-404). The minimum expenditure for park and recreational facilities within these districts is set at \$955 per non-ADU residential unit for outdoor recreational facilities to serve the development population. (This amount was recently updated by a Zoning Ordinance Amendment to \$1500 per unit. Cases accepted for review prior to May 8, 2007, however, and approved prior to December 31, 2007 are grandfathered from the amendment and are only required to expend \$955 per unit.)

Whenever possible, the facilities should be located within the residential development site. With 497 non-ADUs proposed, the Ordinance-required amount to be spent onsite is \$474,635. Any portion of this amount not spent onsite should be dedicated to the Park Authority for recreational facility construction at one or more park sites in the service area of the development.

The \$955 per unit funds required by Ordinance offset only a portion of the impact to provide recreational facilities for the new residents generated by this development. Typically, a large portion if not all of the Ordinance-required funds are used for outdoor recreational amenities onsite (such as an outdoor pool, tennis courts, and tot lots). As a result, the Park Authority is not compensated for the increased demands caused by residential development for other recreational facilities that the Park Authority must provide (such as picnic areas, ballfields, skate parks and trails).

With the Countywide Comprehensive Policy Plan as a guide (Appendix 9, #6 of the Land Use section on page 28, as well as Objective 6, Policy a, b and c of the Parks and Recreation section on page 8), the Park Authority typically asks for a fair share contribution of \$265 per new

resident with any residential rezoning application to offset impacts to park and recreation service levels. This fair share amount allows new residents to contribute towards building additional facilities needed as the population increases. To offset the additional impact caused by the proposed development, the applicant should provide an additional \$239,560 to the Park Authority for recreational facility development at one or more of our sites located within the service area of this development.

**Monetary Contribution from Commercial Development:**

In addition to the residential development impact on recreational services and facilities, there is also an impact by the proposed commercial development. The Comprehensive Plan for the Fairfax Center area calls for a combination of private and public funding to contribute toward new facilities to serve both residents and workers. Recent monetary contributions to offset the impacts of commercial development in Suburban Centers have averaged \$0.27 per square foot. Applying this rate to the proposed 737,000 square feet of new commercial uses proposed on this site, the suggested commercial contribution for the proposed developments is \$198,990. Adding this amount to the suggested contribution to offset impacts of residential development, **the applicant should contribute a total of \$438,550 to the Park Authority for recreational facility development at one or more park sites located within the service area of the proposed developments.** (Separate contribution amounts for each application are provided in the discussion sections below.)

**Onsite Facilities:**

The Fairfax Center Area Design Guidelines and the Park and Recreation element of the Policy Plan support the concept of integrating urban-scale public open spaces into proposed mixed-use developments. The Land Use Recommendations found in the Fairfax Center Area section of the Comprehensive Plan condition five of the six proposed developments to provide some type of publicly-accessible urban park, plaza or park features in order to achieve the requested density and/or intensity. Features such as plazas, gathering places, amphitheater/performance spaces, special landscaping, fountains, sculpture and street furniture are appropriate to be integrated into these sites and surrounding areas. Recreation uses such as tennis courts, multi-use courts, volleyball courts, bocce courts, tot lots, water play features and skateboarding facilities may be incorporated into a mixed-use setting to provide residents and employees on-site recreation opportunities. The Park Authority recommends that these plazas/parks be owned and maintained by the communities within the developments but should allow for public access during daylight hours. Park Authority staff is available to consult with the applicant regarding appropriate design for these recreational and public space areas.

**Following are individualized comments on each of the development plans:**

***PCA 82-P-069-15, CDPA 82-P-069-03-01, FDPA 82-P-069-10-4, FDPA 82-P-069-1-14  
(Fair Lakes Land Bay V-A)***

This application proposes to add 267,000 square feet of office use. The recommended contribution of \$0.27 per square foot should result in a proffer of \$ 72,090 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan for this Land Bay recommends "Provision of a centrally located, publicly accessible urban park or

plaza with extensive landscaping” as a condition for approval of the requested 267,000 additional square feet of office use. The Development Plan shows an approximately 28,000 square foot rectangular plaza area in the midst of a surface parking area. The Plan does not specify whether the plaza will be hardscape, softscape, landscaped or otherwise developed with amenities and features. The Park Authority would like to see details and information on how this space will be designed and programmed to meet the open space and recreational needs of residents and employees in this portion of the Fair Lakes Area. In addition, the Plan should show how this plaza area relates to other nearby open spaces through safe and accessible pedestrian connections. Finally, the Park Authority recommends that the applicant place a public access easement on the plaza and its pedestrian connections.

***PCA 82-P-069-16, CDDPA 82-P-069-07-1, FDPA 82-P-069-11, FDPA 82-P-069-11-5  
(Fair Lakes Land Bay V-B)***

This application proposes to add 100,000 square feet of office use. The recommended contribution of \$0.27 per square foot should result in a proffer of \$27,000 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan states “If an office building or hotel is constructed, major or minor plazas, gathering spaces or other urban park features should be provided within or adjacent to the hotel or office use...” The Development Plan shows an approximately 9,375 square foot rectangular plaza area next to surface parking and a drop-off driveway at the entrance to the proposed office building. The Plan does not specify whether the plaza will be hardscape, softscape, landscaped or otherwise developed with amenities and features. The Park Authority would like to see details and information on how this space will be designed and programmed to meet the open space and recreational needs of residents and employees in this portion of the Fair Lakes Area. In addition, the Plan should show how this plaza area relates to other nearby open spaces through safe and accessible pedestrian connections. Finally, the Park Authority recommends that the applicant place a public access easement on the plaza and its pedestrian connections.

***PCA 82-P-069-17, FDPA 82-P-069-08-05, CDDPA 82-P-069-03-03  
(Fair Lakes Land Bay V-A)***

This application proposes to add 265 multi-family dwelling units. At \$955 per unit, the applicant is required to spend \$253,075 on the development of onsite recreational amenities. Any of these funds not spent onsite should be designated to the Park Authority to be spent on recreational facility development in the service area. In addition, the recommended contribution of \$265 per dwelling unit should result in a proffer of \$127,809 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan states “A publicly accessible urban park or park features should be included on the site, such as major or minor plazas, gathering spaces, athletic courts, tot lots, special landscaping, street furniture and pedestrian amenities.” The Development Plan shows an approximately 9,000 square foot square plaza area immediately adjacent to the proposed residential building. It is not clear from the drawing whether this plaza is at grade or situated at some height above grade. If at grade, it appears that the square may be surrounded by surface parking spaces. If above grade, it is not clear how the plaza is to be accessed. Is it only accessible from within the building, or are there safe pedestrian connections from the plaza to the surrounding area? The Plan does not specify whether the plaza will be hardscape, softscape, landscaped or otherwise developed with

amenities and features. The Park Authority would like to see details and information on how this space will be designed and programmed to meet the open space and recreational needs of residents and employees in this portion of the Fair Lakes Area. In addition, the Plan should show how this plaza area relates to other nearby open spaces through safe and accessible pedestrian connections. Finally, the Park Authority recommends that the applicant place a public access easement on the plaza and its pedestrian connections.

***PCA 82-P-069-18, CDPA 82-P-069-05-01, FDPA 82-P-069-13-10  
(Fair Lakes Land Bay IV-A)***

This application proposes to add 120,000 square feet of office use and 140,000 square feet of retail use. The recommended contribution of \$0.27 per square foot should result in a proffer of \$70,200 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan states, "Outdoor seating, urban parks or plazas, and extensive landscaping should be provided in any new development." No public park or plaza is shown on the Development Plan, however. Moreover, the proposed commercial and retail development in this Land Bay would remove the only existing landscaped open space at the Fair Lakes Shopping Center. The proposed development should not be approved unless it is redesigned so that the public park/plaza condition is met.

***PCA 82-P-069-19, CDPA 82-P-069-3-2, FDPA 82-P-069-9-8  
(Fair Lakes Land Bay VII-B)***

This application proposes to add 105,000 square feet of hotel use (150 rooms). The recommended contribution of \$0.27 per square foot should result in a proffer of \$28,350 to the Park Authority to be spent on recreational facility development in the service area. No public park or plaza is shown, nor does the Comprehensive Plan require one for this Land Bay.

***PCA 82-P-069-20, CDPA 82-P-069-1-1, FDPA 82-P-069-1-15  
(Fair Lakes Land Bay VI-A)***

This application proposes to add 232 multi-family dwelling units. At \$955 per unit, the applicant is required to spend \$221,560 on the development of onsite recreational amenities. Any of these funds not spent onsite should be designated to the Park Authority to be spent on recreational facility development in the service area. In addition, the recommended contribution of \$265 per dwelling unit should result in a proffer of \$110,664 to the Park Authority to be spent on recreational facility development in the service area. The Comprehensive Plan states "A publicly accessible urban park or park features should be included on the site, such as major or minor plazas, gathering spaces, athletic courts, tot lots, special landscaping, street furniture and pedestrian amenities." The Development Plan shows an approximately 25,000 square foot elevated plaza area immediately adjacent to the proposed residential building and above garage parking for the building. It is not clear how the plaza is to be accessed. If it is only accessible from within the building, it does not meet the "publicly accessible" condition. The Plan shows a swimming pool as a recreational feature of the plaza, but does not specify whether the plaza will be hardscape, softscape, or otherwise landscaped or developed with other features. The Park Authority would like to see details and information on how this space will be designed and programmed to meet the open space and recreational needs of residents and employees in this portion of the Fair Lakes Area. In addition, the Plan should show how this plaza area relates to

other nearby open spaces through safe and accessible pedestrian connections. Finally, the Park Authority recommends that the applicant place a public access easement on the plaza and its pedestrian connections.

## ARTICLE 16

### DEVELOPMENT PLANS

#### **PART 1    16-100   STANDARDS FOR ALL PLANNED DEVELOPMENTS**

##### **16-101    General Standards**

A rezoning application or development plan amendment application may only be approved for a planned development under the provisions of Article 6 if the planned development satisfies the following general standards:

1.    The planned development shall substantially conform to the adopted comprehensive plan with respect to type, character, intensity of use and public facilities. Planned developments shall not exceed the density or intensity permitted by the adopted comprehensive plan, except as expressly permitted under the applicable density or intensity bonus provisions.
2.    The planned development shall be of such design that it will result in a development achieving the stated purpose and intent of the planned development district more than would development under a conventional zoning district.
3.    The planned development shall efficiently utilize the available land, and shall protect and preserve to the extent possible all scenic assets and natural features such as trees, streams and topographic features.
4.    The planned development shall be designed to prevent substantial injury to the use and value of existing surrounding development, and shall not hinder, deter or impede development of surrounding undeveloped properties in accordance with the adopted comprehensive plan.
5.    The planned development shall be located in an area in which transportation, police and fire protection, other public facilities and public utilities, including sewerage, are or will be available and adequate for the uses proposed; provided, however, that the applicant may make provision for such facilities or utilities which are not presently available.
6.    The planned development shall provide coordinated linkages among internal facilities and services as well as connections to major external facilities and services at a scale appropriate to the development.

##### **16-102    Design Standards**

Whereas it is the intent to allow flexibility in the design of all planned developments, it is deemed necessary to establish design standards by which to review rezoning applications, development plans, conceptual development plans, final development plans, PRC plans, site plans and subdivision plats. Therefore, the following design standards shall apply:

1.    In order to complement development on adjacent properties, at all peripheral boundaries of the planned development district, the bulk regulations and landscaping and screening

## FAIRFAX COUNTY ZONING ORDINANCE

provisions shall generally conform to the provisions of that conventional zoning district which most closely characterizes the particular type of development under consideration.

2. Other than those regulations specifically set forth in Article 6 for a particular P district, the open space, off-street parking, loading, sign and all other similar regulations set forth in this Ordinance shall have general application in all planned developments.
3. Streets and driveways shall be designed to generally conform to the provisions set forth in this Ordinance and all other County ordinances and regulations controlling same, and where applicable, street systems shall be designed to afford convenient access to mass transportation facilities. In addition, a network of trails and sidewalks shall be coordinated to provide access to recreational amenities, open space, public facilities, vehicular access routes, and mass transportation facilities.

## GLOSSARY

This Glossary is provided to assist the public in understanding the staff evaluation and analysis of development proposals. It should not be construed as representing legal definitions. Refer to the Fairfax County Zoning Ordinance, Comprehensive Plan or Public Facilities Manual for additional information.

**ABANDONMENT:** Refers to road or street abandonment, an action taken by the Board of Supervisors, usually through the public hearing process, to abolish the public's right-of-passage over a road or road right-of way. Upon abandonment, the right-of-way automatically reverts to the underlying fee owners. If the fee to the owner is unknown, Virginia law presumes that fee to the roadbed rests with the adjacent property owners if there is no evidence to the contrary.

**ACCESSORY DWELLING UNIT (OR APARTMENT):** A secondary dwelling unit established in conjunction with and clearly subordinate to a single family detached dwelling unit. An accessory dwelling unit may be allowed if a special permit is granted by the Board of Zoning Appeals (BZA). Refer to Sect. 8-918 of the Zoning Ordinance.

**AFFORDABLE DWELLING UNIT (ADU) DEVELOPMENT:** Residential development to assist in the provision of affordable housing for persons of low and moderate income in accordance with the affordable dwelling unit program and in accordance with Zoning Ordinance regulations. Residential development which provides affordable dwelling units may result in a density bonus (see below) permitting the construction of additional housing units. See Part 8 of Article 2 of the Zoning Ordinance.

**AGRICULTURAL AND FORESTAL DISTRICTS:** A land use classification created under Chapter 114 or 115 of the Fairfax County Code for the purpose of qualifying landowners who wish to retain their property for agricultural or forestal use for use/value taxation pursuant to Chapter 58 of the Fairfax County Code.

**BARRIER:** A wall, fence, earthen berm, or plant materials which may be used to provide a physical separation between land uses. Refer to Article 13 of the Zoning Ordinance for specific barrier requirements.

**BEST MANAGEMENT PRACTICES (BMPs):** Stormwater management techniques or land use practices that are determined to be the most effective, practicable means of preventing and/or reducing the amount of pollution generated by nonpoint sources in order to improve water quality.

**BUFFER:** Graduated mix of land uses, building heights or intensities designed to mitigate potential conflicts between different types or intensities of land uses; may also provide for a transition between uses. A landscaped buffer may be an area of open, undeveloped land and may include a combination of fences, walls, berms, open space and/or landscape plantings. A buffer is not necessarily coincident with transitional screening.

**CHESAPEAKE BAY PRESERVATION ORDINANCE:** Regulations which the State has mandated must be adopted to protect the Chesapeake Bay and its tributaries. These regulations must be incorporated into the comprehensive plans, zoning ordinances and subdivision ordinances of the affected localities. Refer to Chesapeake Bay Preservation Act, Va. Code Section 10.1-2100 et seq and VR 173-02-01, Chesapeake Bay Preservation Area Designation and Management Regulations.

**CLUSTER DEVELOPMENT:** Residential development in which the lots are clustered on a portion of a site so that significant environmental/historical/cultural resources may be preserved or recreational amenities provided. While smaller lot sizes are permitted in a cluster subdivision to preserve open space, the overall density cannot exceed that permitted by the applicable zoning district. See Sect. 2-421 and Sect. 9-615 of the Zoning Ordinance.

**COUNTY 2232 REVIEW PROCESS:** A public hearing process pursuant to Sect. 15.2-2232 (Formerly Sect. 15.1-456) of the Virginia Code which is used to determine if a proposed public facility not shown on the adopted Comprehensive Plan is in substantial accord with the plan. Specifically, this process is used to determine if the general or approximate location, character and extent of a proposed facility is in substantial accord with the Plan.

**dBA:** The momentary magnitude of sound weighted to approximate the sensitivity of the human ear to certain frequencies; the dBA value describes a sound at a given instant, a maximum sound level or a steady state value. See also Ldn.

**DENSITY:** Number of dwelling units (du) divided by the gross acreage (ac) of a site being developed in residential use; or, the number of dwelling units per acre (du/ac) except in the PRC District when density refers to the number of persons per acre.

**DENSITY BONUS:** An increase in the density otherwise allowed in a given zoning district which may be granted under specific provisions of the Zoning Ordinance when a developer provides excess open space, recreation facilities, or affordable dwelling units (ADUs), etc.

**DEVELOPMENT CONDITIONS:** Terms or conditions imposed on a development by the Board of Supervisors (BOS) or the Board of Zoning Appeals (BZA) in connection with approval of a special exception, special permit or variance application or rezoning application in a "P" district. Conditions may be imposed to mitigate adverse impacts associated with a development as well as secure compliance with the Zoning Ordinance and/or conformance with the Comprehensive Plan. For example, development conditions may regulate hours of operation, number of employees, height of buildings, and intensity of development.

**DEVELOPMENT PLAN:** A graphic representation which depicts the nature and character of the development proposed for a specific land area: information such as topography, location and size of proposed structures, location of streets trails, utilities, and storm drainage are generally included on a development plan. A development plan is a submission requirement for rezoning to the PRC District. A **GENERALIZED DEVELOPMENT PLAN (GDP)** is a submission requirement for a rezoning application for all conventional zoning districts other than a P District. A development plan submitted in connection with a special exception (SE) or special permit (SP) is generally referred to as an SE or SP plat. A **CONCEPTUAL DEVELOPMENT PLAN (CDP)** is a submission requirement when filing a rezoning application for a P District other than the PRC District; a CDP characterizes in a general way the planned development of the site. A **FINAL DEVELOPMENT PLAN (FDP)** is a submission requirement following the approval of a conceptual development plan and rezoning application for a P District other than the PRC District; an FDP further details the planned development of the site. See Article 16 of the Zoning Ordinance.

**EASEMENT:** A right to or interest in property owned by another for a specific and limited purpose. Examples: access easement, utility easement, construction easement, etc. Easements may be for public or private purposes.

**ENVIRONMENTAL QUALITY CORRIDORS (EQCs):** An open space system designed to link and preserve natural resource areas, provide passive recreation and protect wildlife habitat. The system includes stream valleys, steep slopes and wetlands. For a complete definition of EQCs, refer to the Environmental section of the Policy Plan for Fairfax County contained in Vol. 1 of the Comprehensive Plan.

**ERODIBLE SOILS:** Soils that wash away easily, especially under conditions where stormwater runoff is inadequately controlled. Silt and sediment are washed into nearby streams, thereby degrading water quality.

**FLOODPLAIN:** Those land areas in and adjacent to streams and watercourses subject to periodic flooding; usually associated with environmental quality corridors. The 100 year floodplain drains 70 acres or more of land and has a one percent chance of flood occurrence in any given year.

**FLOOR AREA RATIO (FAR):** An expression of the amount of development intensity (typically, non-residential uses) on a specific parcel of land. FAR is determined by dividing the total square footage of gross floor area of buildings on a site by the total square footage of the site itself.

**FUNCTIONAL CLASSIFICATION:** A system for classifying roads in terms of the character of service that individual facilities are providing or are intended to provide, ranging from travel mobility to land access. Roadway system functional classification elements include Freeways or Expressways which are limited access highways, Other Principal (or Major) Arterials, Minor Arterials, Collector Streets, and Local Streets. Principal arterials are designed to accommodate travel; access to adjacent properties is discouraged. Minor arterials are designed to serve both through traffic and local trips. Collector roads and streets link local streets and properties with the arterial network. Local streets provide access to adjacent properties.

**GEOTECHNICAL REVIEW:** An engineering study of the geology and soils of a site which is submitted to determine the suitability of a site for development and recommends construction techniques designed to overcome development on problem soils, e.g., marine clay soils.

**HYDROCARBON RUNOFF:** Petroleum products, such as motor oil, gasoline or transmission fluid deposited by motor vehicles which are carried into the local storm sewer system with the stormwater runoff, and ultimately, into receiving streams; a major source of non-point source pollution. An oil-grit separator is a common hydrocarbon runoff reduction method.

**IMPERVIOUS SURFACE:** Any land area covered by buildings or paved with a hard surface such that water cannot seep through the surface into the ground.

**INFILL:** Development on vacant or underutilized sites within an area which is already mostly developed in an established development pattern or neighborhood.

**INTENSITY:** The magnitude of development usually measured in such terms as density, floor area ratio, building height, percentage of impervious surface, traffic generation, etc. Intensity is also based on a comparison of the development proposal against environmental constraints or other conditions which determine the carrying capacity of a specific land area to accommodate development without adverse impacts.

**Ldn:** Day night average sound level. It is the twenty-four hour average sound level expressed in A-weighted decibels; the measurement assigns a "penalty" to night time noise to account for night time sensitivity. Ldn represents the total noise environment which varies over time and correlates with the effects of noise on the public health, safety and welfare.

**LEVEL OF SERVICE (LOS):** An estimate of the effectiveness of a roadway to carry traffic, usually under anticipated peak traffic conditions. Level of Service efficiency is generally characterized by the letters A through F, with LOS-A describing free flow traffic conditions and LOS-F describing jammed or grid-lock conditions.

**MARINE CLAY SOILS:** Soils that occur in widespread areas of the County generally east of Interstate 95. Because of the abundance of shrink-swell clays in these soils, they tend to be highly unstable. Many areas of slope failure are evident on natural slopes. Construction on these soils may initiate or accelerate slope movement or slope failure. The shrink-swell soils can cause movement in structures, even in areas of flat topography, from dry to wet seasons resulting in cracked foundations, etc. Also known as slippage soils.

**OPEN SPACE:** That portion of a site which generally is not covered by buildings, streets, or parking areas. Open space is intended to provide light and air; open space may function as a buffer between land uses or for scenic, environmental, or recreational purposes.

**OPEN SPACE EASEMENT:** An easement usually granted to the Board of Supervisors which preserves a tract of land in open space for some public benefit in perpetuity or for a specified period of time. Open space easements may be accepted by the Board of Supervisors, upon request of the land owner, after evaluation under criteria established by the Board. See Open Space Land Act, Code of Virginia, Sections 10.1-1700, et seq.

**P DISTRICT:** A "P" district refers to land that is planned and/or developed as a Planned Development Housing (PDH) District, a Planned Development Commercial (PDC) District or a Planned Residential Community (PRC) District. The PDH, PDC and PRC Zoning Districts are established to encourage innovative and creative design for land development; to provide ample and efficient use of open space; to promote a balance in the mix of land uses, housing types, and intensity of development; and to allow maximum flexibility in order to achieve excellence in physical, social and economic planning and development of a site. Refer to Articles 6 and 16 of the Zoning Ordinance.

**PROFFER:** A written condition, which, when offered voluntarily by a property owner and accepted by the Board of Supervisors in a rezoning action, becomes a legally binding condition which is in addition to the zoning district regulations applicable to a specific property. Proffers are submitted and signed by an owner prior to the Board of Supervisors public hearing on a rezoning application and run with the land. Once accepted by the Board, proffers may be modified only by a proffered condition amendment (PCA) application or other zoning action of the Board and the hearing process required for a rezoning application applies. See Sect. 15.2-2303 (formerly 15.1-491) of the Code of Virginia.

**PUBLIC FACILITIES MANUAL (PFM):** A technical text approved by the Board of Supervisors containing guidelines and standards which govern the design and construction of site improvements incorporating applicable Federal, State and County Codes, specific standards of the Virginia Department of Transportation and the County's Department of Public Works and Environmental Services.

**RESOURCE MANAGEMENT AREA (RMA):** That component of the Chesapeake Bay Preservation Area comprised of lands that, if improperly used or developed, have a potential for causing significant water quality degradation or for diminishing the functional value of the Resource Protection Area. See Fairfax County Code, Ch. 118, Chesapeake Bay Preservation Ordinance.

**RESOURCE PROTECTION AREA (RPA):** That component of the Chesapeake Bay Preservation Area comprised of lands at or near the shoreline or water's edge that have an intrinsic water quality value due to the ecological and biological processes they perform or are sensitive to impacts which may result in significant degradation of the quality of state waters. In their natural condition, these lands provide for the removal, reduction or assimilation of sediments from runoff entering the Bay and its tributaries, and minimize the adverse effects of human activities on state waters and aquatic resources. New development is generally discouraged in an RPA. See Fairfax County Code, Ch. 118, Chesapeake Bay Preservation Ordinance.

**SITE PLAN:** A detailed engineering plan, to scale, depicting the development of a parcel of land and containing all information required by Article 17 of the Zoning Ordinance. Generally, submission of a site plan to DPWES for review and approval is required for all residential, commercial and industrial development except for development of single family detached dwellings. The site plan is required to assure that development complies with the Zoning Ordinance.

**SPECIAL EXCEPTION (SE) / SPECIAL PERMIT (SP):** Uses, which by their nature, can have an undue impact upon or can be incompatible with other land uses and therefore need a site specific review. After review, such uses may be allowed to locate within given designated zoning districts if appropriate and only under special controls, limitations, and regulations. A special exception is subject to public hearings by the Planning Commission and Board of Supervisors with approval by the Board of Supervisors; a special permit requires a public hearing and approval by the Board of Zoning Appeals. Unlike proffers which are voluntary, the Board of Supervisors or BZA may impose reasonable conditions to assure, for example, compatibility and safety. See Article 8, Special Permits and Article 9, Special Exceptions, of the Zoning Ordinance.

**STORMWATER MANAGEMENT:** Engineering practices that are incorporated into the design of a development in order to mitigate or abate adverse water quantity and water quality impacts resulting from development. Stormwater management systems are designed to slow down or retain runoff to re-create, as nearly as possible, the pre-development flow conditions.

**SUBDIVISION PLAT:** The engineering plan for a subdivision of land submitted to DPWES for review and approved pursuant to Chapter 101 of the County Code.

**TRANSPORTATION DEMAND MANAGEMENT (TDM):** Actions taken to reduce single occupant vehicle automobile trips or actions taken to manage or reduce overall transportation demand in a particular area.

**TRANSPORTATION SYSTEM MANAGEMENT (TSM) PROGRAMS:** This term is used to describe a full spectrum of actions that may be applied to improve the overall efficiency of the transportation network. TSM programs usually consist of low-cost alternatives to major capital expenditures, and may include parking management measures, ridesharing programs, flexible or staggered work hours, transit promotion or operational improvements to the existing roadway system. TSM includes Transportation Demand Management (TDM) measures as well as H.O.V. use and other strategies associated with the operation of the street and transit systems.

**URBAN DESIGN:** An aspect of urban or suburban planning that focuses on creating a desirable environment in which to live, work and play. A well-designed urban or suburban environment demonstrates the four generally accepted principles of design: clearly identifiable function for the area; easily understood order; distinctive identity; and visual appeal.

**VACATION:** Refers to vacation of street or road as an action taken by the Board of Supervisors in order to abolish the public's right-of-passage over a road or road right-of-way dedicated by a plat of subdivision. Upon vacation, title to the road right-of-way transfers by operation of law to the owner(s) of the adjacent properties within the subdivision from whence the road/road right-of-way originated.

**VARIANCE:** An application to the Board of Zoning Appeals which seeks relief from a specific zoning regulation such as lot width, building height, or minimum yard requirements, among others. A variance may only be granted by the Board of Zoning Appeals through the public hearing process and upon a finding by the BZA that the variance application meets the required Standards for a Variance set forth in Sect. 18-404 of the Zoning Ordinance.

**WETLANDS:** Land characterized by wetness for a portion of the growing season. Wetlands are generally delineated on the basis of physical characteristics such as soil properties indicative of wetness, the presence of vegetation with an affinity for water, and the presence or evidence of surface wetness or soil saturation. Wetland environments provide water quality improvement benefits and are ecologically valuable. Development activity in wetlands is subject to permitting processes administered by the U.S. Army Corps of Engineers

**TIDAL WETLANDS:** Vegetated and nonvegetated wetlands as defined in Chapter 116 Wetlands Ordinance of the Fairfax County Code; includes tidal shores and tidally influenced embayments, creeks, and tributaries to the Occoquan and Potomac Rivers. Development activity in tidal wetlands may require approval from the Fairfax County Wetlands Board.
