

RICHARD B. ROSSE AND DEBORAH H. ROSSE, SP 2007-MA-073

1. These conditions shall be recorded by the applicant among the land records of Fairfax County for this lot prior to the issuance of a building permit. A certified copy of the recordation shall be provided to the Zoning Permit Review Branch, Department of Planning and Zoning.
2. This special permit is approved for the location and size (approximately 873 square feet) of the proposed additions as shown on the plat prepared by William E. Ramsey, Land Surveyor, dated October 25, 2006, and signed November 22, 2006 as submitted with this application and is not transferable to other land.
3. Pursuant to Provision 4 of Section 8-922 of the Zoning Ordinance, the resulting gross floor area of the existing principal structures may be up to 150 percent of the gross floor area of the dwelling (2,713 square feet) that existed at the time of the first expansion regardless of whether such addition complies with the minimum yard requirement or is the subject of a subsequent yard reduction special permit or variance. Notwithstanding the definition of gross floor area as set forth in the Ordinance, the gross floor area of a single family dwelling for the purpose of this paragraph shall be deemed to include the floor area of any attached garage. Subsequent additions that meet minimum yard requirements shall be permitted without an amendment to this special permit.
4. The addition shall be consistent with the architectural renderings included in Attachment 1 to these conditions.
5. Notwithstanding the addition as shown the special permit plat, a deck may be constructed as shown on the architectural renderings provided that the deck meets the provisions of Sections 2-412 and 10-103.3 of the Zoning Ordinance.

This approval, contingent upon the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards.

Pursuant to Sect. 8-015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless construction has commenced and has been diligently prosecuted. The Board of Zoning Appeals may grant additional time to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested and an explanation of why additional time is required.
