## **DEVELOPMENT CONDITIONS**

**CSP 81-S-058**

**October 20, 2010**

If it is the intent of the Planning Commission to approve CSP 81-S-058, located at Tax Map Parcels 65-1 ((1)) 3C and 3D to allow a Comprehensive Sign Plan (CSP) pursuant to Section 12-210 of the Fairfax County Zoning Ordinance, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions.

1. This Comprehensive Sign Plan is granted for and runs with the land indicated in this application and is not transferrable to other land. Minor deviations in sign location, design, and area may be permitted when the Zoning Administrator determines that such deviations are minor and are in substantial conformance with the Comprehensive Sign Plan.
2. This "Lakeside Apartments: Sign Plan and Design Package," prepared by GableSigns & Graphics and dated January 27, 2009, as revised through August 23, 2010, is approved only for those signs shown on the Comprehensive Signage Plan. In addition, signs allowed by Section 12-103 of the Zoning Ordinance may be permitted, as qualified by these development conditions.
3. A matrix for signage shall be provided to the Zoning Administrator prior to the issuance of the first sign permit and all subsequent sign permits, for those signs which require them. The matrix shall include the development name, address, sign type, sign height, sign area, Non-Residential Use Permit number, and/or any other pertinent information deemed necessary by the Zoning Administrator in order to allow sufficient tracking of all signage to be provided on site.
4. Traffic regulatory signage shall meet the Manual of Uniform Traffic Control Devices (MUTCD) and Virginia Department of Transportation (VDOT) standards.
5. All freestanding permanent signs shall maintain a minimum five-foot setback from any curb line, walkway, street right-of-way or other pedestrian or vehicular travel way.
6. Pursuant to Section 2-505 of the Zoning Ordinance, all freestanding signs shall be located so as not to restrict sight distance for drivers entering or exiting travel intersections, aisles, or driveways.

7. Illumination of signs shall be in conformance with the performance standards for glare as set forth in Part 9 of Article 14 of the Zoning Ordinance.
8. All signs shall be consistent with the color palette, typography, and the use of logos as indicated in the CSP.
9. All landscaping located near any sign shall be maintained regularly to prevent overgrowth from obstructing the visibility of the sign.
10. No signage of any type, including banners, shall be placed on the silo.

The above-proposed conditions are staff recommendations and do not reflect the position of the Planning Commission unless and until adopted by that Commission.

This approval, contingent upon the above noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. Sign permits must be obtained from Fairfax County for signs erected pursuant to this Comprehensive Sign Plan. The applicant shall be himself responsible for obtaining the required Sign Permits through established procedures.
