

## COUNTY OF FAIRFAX, VIRGINIA

### SPECIAL PERMIT RESOLUTION OF THE BOARD OF ZONING APPEALS

DAWN ROWLAND, SP 2010-SU-050 Appl. under Sect(s). 8-914 and 8-922 of the Zoning Ordinance to permit reduction to minimum yard requirements based on error in building location to permit accessory storage structure to remain 2.4 ft. from side lot line and 2.2 ft. from rear lot line and to permit reduction of certain yard requirements to permit construction of an accessory structure 5.0 ft. from side lot line and 7.0 ft. from rear lot line. Located at 14702 Crenshaw Dr. on approx. 8,740 sq. ft. of land zoned R-3 (Cluster) and WS. Sully District. Tax Map 44-3 ((2)) (27) 8. Mr. Byers moved that the Board of Zoning Appeals adopt the following resolution:

WHEREAS, the captioned application has been properly filed in accordance with the requirements of all applicable State and County Codes and with the by-laws of the Fairfax County Board of Zoning Appeals; and

WHEREAS, following proper notice to the public, a public hearing was held by the Board on October 27, 2010; and

WHEREAS, the Board has made the following findings of fact:

1. The applicant is the owner of the property.
2. Subsections A through F have been complied with.
3. The Board received six (6) letters in support of the application.
4. Staff recommends approval of the accessory structure, specifically the garage, and the Board adopts its rationale.

THAT the applicant has presented testimony indicating compliance with Sect. 8-006, General Standards for Special Permit Uses, and the additional standards for this use as contained in the Zoning Ordinance. Based on the standards for building in error, the Board has determined:

- A. That the error exceeds ten (10) percent of the measurement involved;
- B. The non-compliance was done in good faith, or through no fault of the property owner, or was the result of an error in the location of the building subsequent to the issuance of a Building Permit, if such was required;
- C. Such reduction will not impair the purpose and intent of this Ordinance;
- D. It will not be detrimental to the use and enjoyment of other property in the immediate vicinity;
- E. It will not create an unsafe condition with respect to both other property and public streets;
- F. To force compliance with the minimum yard requirements would cause unreasonable hardship upon the owner; and
- G. The reduction will not result in an increase in density or floor area ratio from that permitted by the applicable zoning district regulations.

AND, WHEREAS, the Board of Zoning Appeals has reached the following conclusions of law:

1. That the granting of this special permit will not impair the intent and purpose of the Zoning Ordinance, nor will it be detrimental to the use and enjoyment of other property in the immediate vicinity.
2. That the granting of this special permit will not create an unsafe condition with respect to both other properties and public streets and that to force compliance with setback requirements would cause unreasonable hardship upon the owner.

NOW, THEREFORE, BE IT RESOLVED that the subject application is **APPROVED**, with the following development conditions:

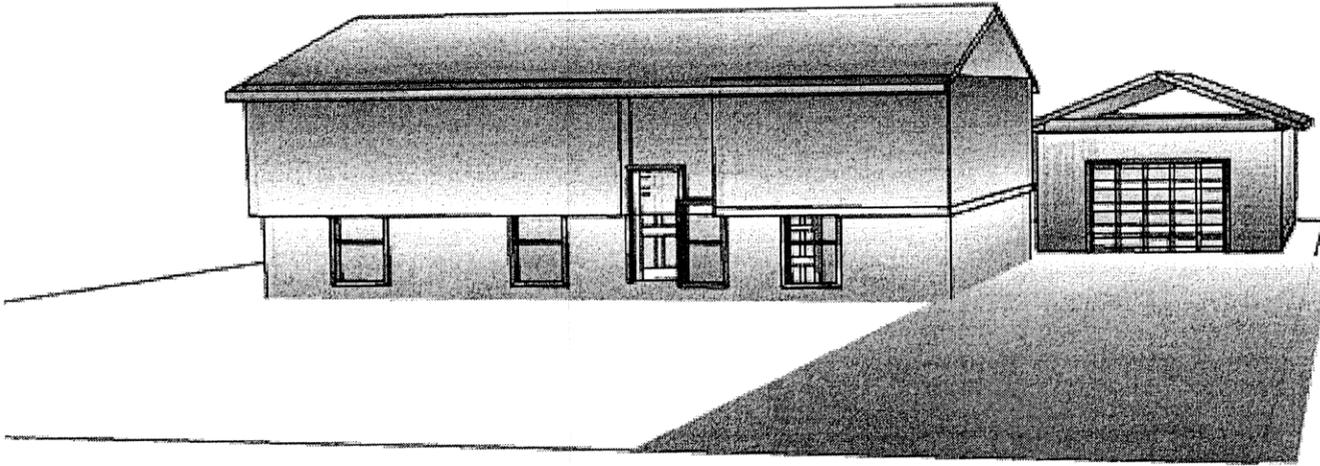

1. This special permit is approved for the locations and sizes of an accessory storage structure (wooden shed) and an accessory structure (detached garage) as shown on the plat prepared by B.W. Smith and Associates, Inc., dated June 3, 2010, as revised through July 26, 2010 submitted with this application and is not transferable to other land.
2. The accessory structure shall be consistent with the architectural renderings and materials included in Attachment 1 to these conditions.
3. A building permit shall be obtained prior to construction and approval of final inspections shall be obtained.

This approval, contingent upon the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards.

Pursuant to Sect. 8-015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless construction has commenced and has been diligently prosecuted. The Board of Zoning Appeals may grant additional time to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested, and an explanation of why additional time is required.

Mr. Hammack seconded the motion, which carried by a vote of 7-0.
