AND WHEREAS, the Board of Zoning Appeals has reached the following conclusions of law:

NOW, THEREFORE, BE IT RESOLVED that the subject application is **APPROVED** with the following limitations:

1. These conditions shall be recorded by the applicant among the land records of Fairfax County for this lot prior to the issuance of a building permit. A certified copy of the recorded conditions shall be provided to the Zoning Permit Review Branch, Department of Planning and Zoning.
2. This special permit is approved for the location and size of a screened porch addition (approximately 303 square feet), as shown on the plat prepared by DRS Architecture, dated September 13, 2010, as submitted with this application and is not transferable to other land.
3. Pursuant to Paragraph 4 of Section 8-922 of the Zoning Ordinance, the resulting gross floor area of an addition to the existing principal structure may be up to 150 percent of the gross floor area of the dwelling that existed at the time of the first expansion (5,660 square feet existing + 8,490 square feet (150%) = 14,150 square feet maximum permitted on lot)

This approval, contingent upon the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards.

Pursuant to Sect. 8-015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless construction has commenced and has been diligently prosecuted. The Board of Zoning Appeals may grant additional time to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested and an explanation of why additional time is required.
