PROPOSED DEVELOPMENT CONDITIONS

CSP 85-P-038

September 29, 2011

If it is the intent of the Planning Commission to approve CSP 85-P-038, located at Tax Maps 39-2((1)) 1A, to allow a Comprehensive Sign Plan (CSP) pursuant to Section 12-210 of the Fairfax County Zoning Ordinance, staff recommends that the Planning Commission condition the approval by requiring conformance with the following development conditions.

1. This Comprehensive Signage Plan is granted for and runs with the land indicated in this application and is not transferable to other land. Minor deviations in sign location, design and area may be permitted when the Zoning Administrator determines that such deviations are minor and are in substantial conformance with the Comprehensive Signage Plan.
2. This "1861 International Drive Office Building, Building-Mounted Signage" Comprehensive Sign Plan prepared by RTKL dated July 1, 2011 is approved only for those signs shown on the Comprehensive Signage Plan. In addition, signs allowed by Section 12-103 in the Zoning Ordinance may be permitted, as qualified by these development conditions.
3. Prior to the issuance of any sign permit following the date of approval of this CSP, a matrix shall be provided to the Zoning Administrator which includes the tenant name, address, sign type, sign height, sign area, and Non-Residential Use Permit number and/or any other pertinent information deemed necessary by the Zoning Administrator in order to allow efficient tracking of all signage to be provided on site. Each sign permit shall be accompanied by a letter from the property owner, manager and/or agent of the property stating that the requested sign has been reviewed for compliance with this approval.
4. Except for the first floor of the building, no more than three sign shall be located on any one level of the office building.
5. Any existing signs that are inconsistent with the Comprehensive Signage Plan shall be removed prior to the issuance of any sign permits for signs approved pursuant to this CSP.

The above-proposed conditions are staff recommendations and do not reflect the position of the Planning Commission unless and until adopted by that Commission.

This approval, contingent on the above noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. Sign permits must be obtained from Fairfax County for each and every sign erected pursuant to this Comprehensive Sign Plan. The applicant shall be himself responsible for obtaining the required Sign Permits through established procedures.
