

## COUNTY OF FAIRFAX, VIRGINIA

### SPECIAL PERMIT RESOLUTION OF THE BOARD OF ZONING APPEALS

ENES ALIC, SP 2011-LE-074 Appl. under Sect(s). 8-922 of the Zoning Ordinance to permit reduction of certain yard requirements to permit construction of addition 15.9 ft. from rear lot line. Located at 7130 Cold Spring Ct., Alexandria, 22306, on approx. 2,280 sq. ft. of land zoned R-5 (Cluster) and HD. Lee District. Tax Map 92-4 ((6)) 152. Mr. Hart moved that the Board of Zoning Appeals adopt the following resolution:

WHEREAS, the captioned application has been properly filed in accordance with the requirements of all applicable State and County Codes and with the by-laws of the Fairfax County Board of Zoning Appeals; and

WHEREAS, following proper notice to the public, a public hearing was held by the Board on November 16, 2011; and

WHEREAS, the Board has made the following findings of fact:

1. The applicant is the owner of the property.
2. The Board has a staff report recommending approval, and the Board adopts the rationale in the staff report.
3. The sunroom addition is largely screened from view by the existing fence and the location of the backyard.
4. The addition is not really visible from the street.
5. The sunroom is located in the logical place for it on the yard.
6. It is a minimal extension beyond the 20-foot minimum rear yard.
7. The Board has a letter from Linda Cornish Blank, the Historic Preservation Planner, advising the Board that the Architectural Review Board has approved the application with the development conditions that are incorporating the architectural drawings.
8. It is actually a very attractive structure.
9. Any potential impacts have been mitigated.
10. It is unusual that there are townhouses like this in a Historic District, but this modification will not be doing any harm to the character of the Historic District.

AND WHEREAS, the Board of Zoning Appeals has reached the following conclusions of law:

THAT the applicant has presented testimony indicating compliance with the general standards for Special Permit Uses as set forth in Sect. 8-006 and the additional standards for this use as contained in the Zoning Ordinance.

NOW, THEREFORE, BE IT RESOLVED that the subject application is **APPROVED** with the following limitations:

1. These conditions shall be recorded by the applicant among the land records of Fairfax County for this lot prior to the issuance of a building permit. A certified copy of the recorded conditions shall be provided to the Zoning Permit Review Branch, Department of Planning and Zoning.
2. This special permit is approved for the location and size of the enclosed sunroom addition (215 square feet), as shown on the plat prepared by Dominion Surveyors Inc., dated June 3, 2011, as submitted with this application and is not transferable to other land.

3. Pursuant to Paragraph 4 of Section 8-922 of the Zoning Ordinance, the resulting gross floor area of an addition to the existing principal structure may be up to 150 percent of the gross floor area of the dwelling that existed at the time of the first expansion [1,282 square feet existing + 1,923 square feet (150%) = 3,205 square feet maximum permitted on lot] regardless of whether such addition complies with the minimum yard requirement or is the subject of a subsequent yard reduction special permit. Notwithstanding the definition of gross floor area as set forth in the Ordinance, the gross floor area of a single family dwelling for the purpose of this paragraph shall be deemed to include the floor area of any attached garage. Subsequent additions that meet minimum yard requirements shall be permitted without an amendment to this special permit.
4. The addition shall be generally consistent with the architectural renderings and materials as shown on Attachment 1 to these conditions.
5. The proposal shall be reviewed by the Fairfax County Architectural Review Board prior to the issuance of a building permit.

This approval, contingent upon the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards.

Pursuant to Sect.8-015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless the construction has commenced and been diligently pursued. The Board of Zoning Appeals may grant additional time to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested and an explanation of why additional time is required.

Mr. Byers seconded the motion, which carried by a vote of 6-0. Mr. Beard was absent from the meeting.
