RE: Rezoning Application
Number RZ 1999-PR-017

Dear Ms. Yantis:

Enclosed you will find a copy of an Ordinance adopted by the Board of Supervisors at a regular meeting held on January 24, 2000, granting Rezoning Application Number RZ 1999-PR-017 in the name of Centex Homes, to rezone certain property in the Providence District from the R-8, R-1 Districts and Highway Corridor Overlay District to the R-8 District and Highway Corridor Overlay District, subject to the proffers dated December 28, 1999, on subject parcels 48-4 ((1)) 35; and 49-3 ((33)) A, 1-101, consisting of approximately 16.48 acres.

The Board also:

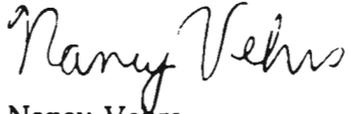

- **Modified the transitional screening and waived the barrier requirements to that shown on the Generalized Development Plan.**
- **Waived the service drive requirement.**

RZ 1999-PR-017
February 25, 2000

- 2 -

- **Waived the 600-foot maximum length of private streets.**

Sincerely,

Nancy Vehrs
Clerk to the Board of Supervisors

Thomas Dorman, Director, Facilities Mgmt. Div., DPW&ES

At a regular meeting of the Board of Supervisors of Fairfax County, Virginia, held in the Board Auditorium in the Government Center at Fairfax, Virginia, on the 24th day of January, 2000, the following ordinance was adopted:

AN ORDINANCE AMENDING THE ZONING ORDINANCE
PROPOSAL NUMBER RZ 1999-PR-017

WHEREAS, Centex Homes filed in the proper form an application requesting the zoning of a certain parcel of land herein after described, from the R-8, R-1 Districts and Highway Corridor Overlay District to the R-8 District and Highway Corridor Overlay District, and

WHEREAS, at a duly called public hearing the Planning Commission considered the application and the propriety of amending the Zoning Ordinance in accordance therewith, and thereafter did submit to this Board its recommendation, and

WHEREAS, this Board has today held a duly called public hearing and after due consideration of the reports, recommendation, testimony and facts pertinent to the proposed amendment, the Board is of the opinion that the Ordinance should be amended,

NOW, THEREFORE, BE IT ORDAINED, that that certain parcel of land situated in the Providence District, and more particularly described as follows (see attached legal description):

Be, and hereby is, zoned to the R-8 District and Highway Corridor Overlay District, and said property is subject to the use regulations of said R-8 District and Highway Corridor Overlay District, and further restricted by the conditions proffered and accepted pursuant to Va. Code Ann., §15.2-2303(a), which conditions are in addition to the Zoning Ordinance regulations applicable to said parcel, and

BE IT FURTHER ENACTED, that the boundaries of the Zoning Map heretofore adopted as a part of the Zoning Ordinance be, and they hereby are, amended in accordance with this enactment, and that said zoning map shall annotate and incorporate by reference the additional conditions governing said parcel.

GIVEN under my hand this 24th day of January, 2000.

Nancy Vehrs

Clerk to the Board of Supervisors

PROFFERS

CENTEX HOMES/CARRIAGE LAWN AT BARKLEY

RZ 1999-PR-017

December 28, 1999

Pursuant to Section 15.2-2303(A), Code of Virginia, 1950 as amended, the owners and Centex Homes (hereinafter referred to as the "Applicant"), for the owners, themselves, successors and assigns in RZ 1999-PR-017, filed for property identified on the Fairfax County Tax Map as 48-4 ((1)) 35 and 49-3 ((33)) 1-101, A (hereinafter referred to as the "Application Property"), agrees to the following proffers, provided that the Fairfax County Board of Supervisors (hereinafter referred to as the "Board") approves a rezoning of the Application Property from the R-1 and R-8 Zoning Districts to the R-8 Zoning District. In the event this application is approved, any previous proffers for the Application Property are hereby deemed null and void and hereinafter shall have no effect on the Application Property.

1. Generalized Development Plan.

- A. Subject to the provisions of Section 18-204 of the Fairfax County Zoning Ordinance (hereinafter referred to as "Zoning Ordinance"), development of the Application Property shall be in substantial conformance with the GDP, prepared by BC Consultants consisting of eight (8) sheets dated December 23, 1998, as revised through September 24, 1999.
- B. Pursuant to Section 18-204, minor modifications from the GDP may be permitted as determined by the Department of Public Works and Environmental Services (DPWES). Further, the Applicant may revise the width of townhouse units (exclusive of Affordable Dwelling Units (ADUs)) shown on the GDP without requiring approval of an amended GDP, provided that such changes are in conformance with the Zoning Ordinance and are in substantial conformance with the GDP and do not increase the number of units, decrease the amount of open space, landscaping or eliminate garage or driveway parking spaces.
- C. Any conversion of garages that will preclude the parking of vehicles within the garage is prohibited. A covenant setting forth this restriction shall be recorded among the land records of Fairfax County in a form approved by the County Attorney prior to the sale of any lots and shall run to the benefit of the Homeowner's Association, which shall be established, and the Board. Prospective purchasers shall be advised of the use restriction prior to entering into a contract of sale.

- D. Privacy yards shall be enclosed on three (3) sides by a wooden fence, except for the four units in the northeastern corner adjacent to the masonry wall, which shall be enclosed on two (2) sides only.

2. Transportation.

- A. The Applicant shall dedicate and convey in fee simple to the Board, right-of-way along the Application Property's frontage of Lee Highway, as shown on the GDP. Dedication shall be made at time of site plan approval or upon demand from Fairfax County, whichever shall first occur. Ancillary easements shall be granted by the Applicant at time of site plan approval or upon demand if full frontage improvements are not provided by the Applicant.
- B. The Applicant shall construct road improvements along the Application Property's frontage and the Fire Station's (Parcel 2A) frontage consistent with VDOT Project Number 0029-029-119, RW202, as shown on Sheet 7 of the GDP. The improvements shall be constructed in phases corresponding to the site plan approved with each phase of development, subject to VDOT and DPWES approval.
- C. Subject to VDOT warrants and approval, the Applicant shall install a traffic signal which includes a pedestrian activated phase at the Lee Highway/Cedarest Road intersection and provide interconnection, if required, to the existing emergency signal at the fire station. The Applicant shall also provide a crosswalk at the intersection subject to VDOT approval.
- D. Prior to entering into a contract of sale, prospective purchasers of townhouses shall be notified in writing of the maintenance responsibility of the private streets and service drive, if required, by the Homeowners' Association and shall acknowledge receipt of this information in writing. The Applicant shall record a covenant setting forth the maintenance responsibility of the private streets and service drive, if required, by the Homeowner's Association among the land records of Fairfax County in a form approved by the County Attorney. Each deed of conveyance shall expressly contain this disclosure.
- E. All of the private streets and service drive shall be constructed to pavement thickness standards of public streets as set forth in the Public Facilities Manual, subject to DPWES approval.
- F. The portion of the service drive located outside of the right-of-way shall be located within a public access easement. In the event the service drive is not accepted for maintenance by VDOT, the Applicant shall accept maintenance responsibility for the service drive. On or before the bond release for the final section of the Application

Property, and as a condition thereto, the Applicant shall deposit into an escrow account, owned and controlled by the Homeowners Association established for the proposed development, the amount of Seven Thousand Two Hundred Dollars (\$7,200.00). This escrow shall be utilized by the Homeowners Association for future maintenance of the service drive. The service drive shall be maintained in a state of good repair by the Homeowners Association such that the service drive is clear of debris, snow, etc.

3. Recreation.

- A. The Applicant shall construct an adult recreation area, consisting of three exercise stations and a bench, a volleyball court and tot lot as shown on the GDP, as approved by DPWES. Improvements shall be constructed concurrent with the corresponding phase of the development of the Application Property.
- B. At the time of subdivision plat approval for Tax Map 48-4 ((1)) 35 ("Parcel 35"), the Applicant shall contribute the amount of Twenty-Five Thousand Dollars (\$25,000.00) to the Fairfax County Park Authority for improvements to Villa Lee Park and Accotink Stream Valley Park.

4. Landscaping and Open Space.

- A. Street trees and peripheral landscaping shall be provided by the Applicant as shown on the GDP. The exact location of the proposed plantings may be modified as necessary for the installation of utilities in coordination with the Urban Forester, but there shall be no decrease in the amount of landscaping or number of trees. The deciduous trees shown on individual lots on the GDP may be compact deciduous trees, as approved by the Urban Forester. All end units where a tree is shown shall have a large deciduous tree.
- B. The Applicant shall preserve those trees designated on the GDP as "to be saved." If these trees are not able to be saved during the development process as determined and approved by the Fairfax County Urban Forester ("Urban Forester"), the Applicant shall provide replacement trees of a comparable species and number with a minimum 3 inch caliper in coordination with the Fairfax County Urban Forester.
- C. The Applicant shall substantially conform to the limits of clearing and grading shown on the GDP, as approved by DPWES. The Applicant shall retain a certified arborist to prepare a tree preservation plan for the areas identified within the following areas of the Application Property: (i) within 20 feet of the western property line; and (ii) in the southwest corner of the Application Property (south of the proposed units and west of the proposed dry pond) to be reviewed by the Urban Forestry Branch as part

of the first site plan submission for Parcel 35. The tree preservation plan shall include the tree survey submitted with the GDP and condition analysis prepared using methods outlined in the eighth edition of The Guide for Plant Appraisal. This plan shall provide for the preservation of specific quality trees and/or stands of trees within the designated open space areas, to the maximum extent feasible without precluding the development of a typical unit on each of the lots, as shown on the GDP. Preserved vegetation will be applied toward the satisfaction of transitional screening requirements and supplemented where appropriate, as determined by the Urban Forester. If during the process of site plan review it is determined by the Urban Forester to be necessary to remove any trees previously designated to be preserved in order to locate utility lines, trails, ponds, etc., replacement trees shall be provided by the Applicant as determined by the Urban Forester in accordance with the Public Facilities Manual (PFM). Supplemental plantings, where determined necessary by the Urban Forester, shall be provided and shall consist of a combination of shade and evergreen trees in accordance with the PFM.

Specific tree preservation activities designed to maximize the survivability of trees designated for preservation shall be provided. Activities may include, but are not limited to, crown pruning, root pruning, mulching and fertilizing.

All trees shown to be preserved on the tree preservation plan shall be protected by a tree protection fence. Tree protection fencing consisting of six (6) foot high chain link fence shall be erected at the limits of clearing and grading as shown on the Phase I & II erosion and sediment control sheets in all areas.

The tree protection fencing shall be made clearly visible to all construction personnel. The fencing shall be installed prior to any clearing and grading activities on the site, including the demolition of any existing structures. The installation of tree protection fence shall be performed under the supervision of a certified arborist. Prior to the commencement of any clearing, grading, or demolition activities, the project's certified arborist shall verify in writing that the tree protection fence has been properly installed.

5. Noise.

- A. The Applicant shall utilize building materials with characteristics in order to reduce the maximum interior noise to a level of approximately 45 dBA Ldn.
 - i. All units located between the 65-70 dBA Ldn highway noise impact contours located within 425 feet of the Lee Highway centerline shall have the following acoustical attributes:

- (a) Exterior walls shall have a laboratory STC rating of at least 39.
- (b) Doors and windows shall have a laboratory STC rating of at least 28. If windows constitute more than twenty percent (20%) of any facade, they should have the same laboratory STC as the walls.
- (c) Measures to seal and caulk between exterior wall surfaces shall follow methods approved by the American Society for Testing and Materials to minimize sound transmission.

B. In order to achieve a maximum exterior noise level of 65 dBA Ldn, the Applicant shall construct a 6 foot high earthen berm in that general location as shown on the GDP, as approved by DPWES.

C. As an alternative, the Applicant may, at its sole discretion, have a refined acoustical analysis performed in coordination with County Staff to determine if any buildings or portion thereof may have sufficient shielding to permit a reduction in the mitigation measures prescribed above, subject to approval by DPWES.

6. Storm Water Management.

The Applicant shall provide storm water management in accordance with the requirements of DPWES at time of site plan approval. Storm water management shall be satisfied with the construction of a dry pond designed to Best Management Practices in a location as generally shown on the GDP.

7. Affordable Dwelling Units (ADUs).

The Applicant shall provide 17 affordable dwelling units as shown on the GDP.

8. Platform on Demand (POD).

All prospective purchasers of units shall be notified in writing prior to sale of units of the location of the POD facility and the County's intention to construct the facility.

9. Bus Shelter.

The Applicant shall provide one (1) bus shelter as generally shown on the GDP along Lee Highway, if requested by Fairfax County. The final location for the bus shelter shall be determined by the Fairfax County Department of Transportation and shall not require individual bus turn-outs or special lanes.

10. Debris Removal.

The Applicant shall remove the trash and debris currently located on the portion of the Application Property identified on Tax Map 48-4 ((1)) Parcel 35 prior to site plan approval for Parcel 35.

11. Lighting.

All lighting shall be fully shielded and directed downward to minimize off-site glare to adjacent residential properties. Lighting for any signage shall be front-lit so as to minimize any off-site glare.

12. Density Credit.

Advanced density credit shall be reserved as may be permitted by the provisions of Paragraph 4 of Sect. 2-308 of the Fairfax County Zoning Ordinance for all eligible dedications described herein or as may be reasonably required by Fairfax County and/or VDOT at time of site plan approval.

13. Fairhill Elementary School.

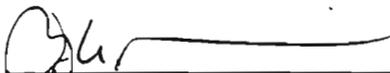

The Applicant shall provide documentation to DPWES that the Applicant has donated two (2) color laser printers and one (1) work station computer with zip drive to the Fairhill Elementary School prior to the issuance of the 102nd building permit for the Application Property.
