3. This Special Exception is subject to the provisions of Article 17, Site Plans, as may be determined by the Director, Department of Public Works and Environmental Services (DPWES). Any plan submitted pursuant to this special exception shall be in substantial conformance with the approved Plat entitled "7535 Little River Turnpike," consisting of 2 sheets (Sheet 1 prepared by Dewberry & Davis, LLC, and dated August 2004; and Sheet 2, prepared by GTM Architects, and dated August 12, 2004, and revised through August 27, 2004), and these conditions. Minor modifications to the approved special exception may be permitted pursuant to Par. 4 of Sect. 9-004 of the Zoning Ordinance.

In addition to the trees, 12 native shrubs (with species such as Northern Bayberry) shall be added in a row within the large parking lot island located on the southern side of the office building or within the large gaps on the western side of the parking lot. The above proposed conditions are staff recommendations and do not reflect the position of the Board unless and until adopted by the Board.

This approval, contingent on the above noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. The applicant shall be responsible for obtaining the required Non-RUP through established procedures, and this use shall not be established until this has been accomplished.

Pursuant to Section 9-015 of the Zoning Ordinance, this special exception shall automatically expire, without notice, 30 months after the date of approval unless, at a minimum, the use has been established or construction has commenced and been diligently prosecuted. The Board may grant additional time to establish the use or to commence construction if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special exception. The request must specify the amount of additional time requested, the basis for the amount of time requested, and an explanation of why additional time is required.
