PLAN AMENDMENT CONDITIONS**

FDPA 2006-SU-007-02

September 15, 2015

With the Planning Commission approval of Final Development Plan Amendment FDPA 2006-SU-007-02 for residential development located at Tax Maps 24-4 ((1)) 6B4 (part), the Planning Commission conditions the approval by requiring conformance with the following development conditions which supersede all previous conditions (those conditions carried forward from previous approval that apply to the subject property are marked with an asterisk*):

1. Development of the property shall be in substantial conformance with the Final Development Plan Amendment titled "Timber Ridge at Discovery Square II," prepared by Vika Virginia, LLC and consisting of 35 sheets dated April 17, 2015, as revised through September 8, 2015.
2. All signage shall be architecturally compatible with the buildings in terms of style, color and materials. The location of all signs shall comply with the provisions of Article 12 of the Zoning Ordinance, irrespective of that shown on the FDP.*
3. As the site contains a Fairfax Water easement, the site plan shall be reviewed and approved by Fairfax Water. As requested by Fairfax Water, the recordation of an amendment to the existing easement agreement shall also be required prior to site plan approval.*
4. If approved by DPWES, stormwater management and Best Management Practices (BMPs) may be accomplished through the expansion of the existing stormwater detention and BMP pond located at Tax Map 24-4 ((1)) Parcel 6B in accordance with the requirements of the Fairfax County Public Facilities Manual (PFM) unless waived or modified by DPWES. If such facility is expanded, in order to restore a natural appearance to the existing stormwater management facility, a landscape plan shall be submitted as part of the first submission of the site plan. This landscaping plan shall show landscaping in all possible planting areas of the pond, in keeping with the planting policy of Fairfax County. This landscape plan shall also show a variety of tree species, of various sizes, to be planted throughout. No RUP's shall be issued until the facility is planted.*

The proposed conditions are staff recommendations and do not reflect the position of the Planning Commission unless and until adopted by that Commission.
