Hello again Sharon:

Our neighbors at 6886 Saint Albans Road constructed a fence along their patio. I believe this will render moot our submission for a special permit. Of course, we still need to proceed with our application for a variance to retain the accessory storage shed on Lot 7.

Thanks so much

Jared Garth

Okay I gotcha. Well how about this, once they flesh out what they are planning to do give me a heads up. And if your neighbor's fence precludes the need for your proposed fence then we can talk about initiating a withdrawal for the Special Permit.

That is a good question. So far, nothing has happened, but our neighbors did represent to us that they may construct a fence along the same portion of the property line for which I submitted a Special Permit.

Jared,

Just so I understand, are your neighbors putting up a fence in lieu of the proposed fence that is associated with your Special Permit??

Great. My neighbor, John and Shannon Munn, have agree to a fence along their patio. I am not sure if that will render our application for a Special Pernit moot.
